Museum

Heisey Collectors of America, Inc., a non-profit corporation (tax-exempt status), owns and operates The National Heisey Glass Museum in Veterans Park, 6th and Church Streets, Newark, Ohio. Open year round, Tuesday through Saturday 10:00 a.m. – 4:00 p.m., Sunday 1:00 – 4:00 p.m., closed holidays. Other hours by appointment. Members admitted free.

Identification

HCA will attempt to identify unknown glass items. Send a color photograph, measurements, and a self-addressed, stamped envelope to the attention of the Curator. Other arrangements should be made in advance with the Museum staff. Please keep in mind that the Museum cannot appraise items. Identification is free to members, non-members \$5.00 per item.

Membership

To join Heisey Collectors of America or to renew your membership, contact the HCA Administrative Office Monday through Friday 8:00 a.m. - 4:30 p.m. Eastern Time. Associate dues are \$30.00 plus \$5.00 for each additional household member. Voting members pay an additional one-time fee of \$25.00. Please consider supporting the Endowment Fund by joining at one of the levels listed on the back page.

Museum Gift Shop

There is always someone in the Gift Shop during the Museum's hours of operation to help answer questions or take orders. When ordering by phone, please have a credit card ready. When ordering by mail, please be sure to include appropriate charges such as shipping and sales tax. Please note that the HCA member discount does not apply to original Heisey or special project items.

Shipping and Receiving

Delivery is made much easier when we have a complete street address, not a PO Box. We prefer to use UPS. If you have not received a package, please call the Administrative Office to confirm it was sent. We will assist you in tracing it. If your package arrives damaged, please contact your local UPS representative. We insure everything.

Donations and Loans to the Museum

If you would like to make a donation to the Museum or have questions regarding items on loan, contact the Curator. HCA reserves the right to accept or refuse items based on current holdings.

MESSAGE FROM THE PRESIDENT DICK SMITH

The holiday season is upon us and by the time you receive this Newsletter Thanksgiving will be over. I hope everyone had a peaceful day with family and friends with a nice Thanksgiving dinner to top it off.

Christmas is just a few days away. Do not forget the HCA Gift Shop when making your purchase for a Christmas present. This helps support your Museum. Also patronize those who advertise in the Newsletter.

Sleight Auction #1 is over and did very well. Any items that did not receive a bid will be put in the Gift Shop for sale. Auction #2 will be over on November 28 and the same procedure will be followed. The last auction is in this Newsletter on page 16. This was a very nice donation from the Sleight Estate. Mr. Sleight supported HCA by purchasing these items thru the years and again when they were donated back to us.

A few years ago HCA had Eva Zeisel (a noted Heisey designer) for a convention speaker. I was fortunate enough to attend this banquet and hear her speak and meet this sensational individual. Eva celebrated her 99th birthday on November 13 and is still going strong. HCA wants to wish her a happy birthday.

HCA's budget crisis is still ongoing. Where HCA's income has fallen short the past three or four years is through a drop in our wholesale project sales, souvenirs sales, and Gift Shop sales. HCA relies in that income to help support your Museum. If you have any suggestions or ideas, please contact an Executive Committee member for consideration.

Now is the time to send in your glass for the 2006 Benefit Auction. Remember that the Benefit Auction historically brings better prices than any other auction. Please send quality undamaged glass. This is another way you can support the Museum and sell some of your extra Heisey. Pages 18-20 of this Newsletter have the form and details.

The Heisey Collectors Club of Michigan has issued a challenge concerning the Benefit Auction. You can

read their challenge on page 23 of this Newsletter. I hope we can meet the challenge for the benefit of HCA. Remember this is your Museum and we are raising these funds for our Museum.

Please note that due to increased costs of printing and mailing the Newsletter, the Board of Directors voted to raise the HCA dues by \$5 effective with all memberships due on or after January 1, 2006. Thank you in advance for your understanding.

For all you snow birds, remember that it is your responsibility to notify the Museum EVERY time you want your address changed.

Our sympathies go to the family of Bryan Baker on the loss of his mother, Vivian, and the family of Dorothy Oliver who recently passed away.

Until Next Month

DICK ♥

Curator's Report Walter Ludwig

'Tis the season, as they say, and by the time you read this the Museum will be decked out in all of its holiday finery. This is truly a special time of year for all of us in the Museum. When we come to work and see the Museum all dressed up it gives us a chance to realize what a truly special place it is. Our Holiday Open House will be Saturday, December 10 and we hope that many of you can join us to celebrate the season. Our craft project this year is making ornaments out of punch cups so that they can be hung in your tree. The sample ones that we made up have already created quite a stir, so we are looking forward to many kids (and maybe some adults) here in the Museum to make them.

I have been able to install two new displays in the multipurpose room of the Museum. One case now holds the Bill and Isabelle Gibbs Punch Cup Collection. The other case has been filled with items taken from storage that have not been on display for a while. These items either are odd balls that do not fall into a specific category that we have on display or were squeezed out of their display position because of space limitations. The headlight lenses, Far East Square pattern, odd floral bowls, some

lighting items, and many other pieces are now available for visitors to see.

I have also installed a new display at the Midland, the restored downtown theater here in Newark. This display features the 1201 Fandango pattern. As Heisey's first pattern, it set the standard for all of the other Heisey patterns over the years. Its success guaranteed that A. H. Heisey's little glassworks here in Newark would be a major force in the glass industry in America for the next 60 years.

In response to Joe Lokay's October article on the 23 Horseshoe tumbler we have heard from three members who report they have that tumbler. Joe's November article on jelly jars brought a report from one member that he has a marked 10 ounce screw top jar. It is marked on the inside bottom.

I hope everyone gets that special piece of Heisey they were looking for under the tree. I also hope that you are sharing your joy of Heisey by giving a

piece to someone you hold dear -- it truly is a gift that will be treasured and enjoyed for years to come.

Happy Hunting. ♥

QUALITY THAT ONLY HEISEY CAN PRODUCE

HAND MADE

1506 Whirlpool

Walter Ludwig, Curator

This month, instead on a single pamphlet on our cover, we have two. Both are for 1506 Whirlpool. This pattern originated in 1938 and was heavily promoted at the time. The first pamphlet dates from the introduction of the pattern and says on the cover "No 1506 Whirl-pool [sic] a new Heisey creation." This pamphlet was a dual fold so there are actually three panels on each side. The interior of the pamphlet pictures 43 different items with reference to three other pieces. This display is surmounted with the words, "Quality that only Heisey can produce." The panel which folds over the interior states, "Whirlpool. As surely as the clear, cool rippling mountain streams, eddies and whirlpools draw us to them irresistibly – so Heisey's new sparkling WHIRLPOOL pattern calls enticingly.

"WHIRLPOOL design has caught the spirit of yesteryear and offers special appeal to those who do not only love to surround themselves with the atmosphere of the early pioneers, but who insist on

that touch of practicability so essential in this modern world of ours.

"Pieces in the WHIRLPOOL line are offered at prices as attractive as the design itself; serving to make this new creation in glass available to every home in which genuine beauty is appreciated."

WHIRLPOOL

As surely as the clear, cool rippling mountain streams, eddies and whirlpools draw us to them irresistibly – so Heisey's new sparkling WHIRLPOOL pattern calls enticingly.

WHIRLPOOL design has caught the spirit of yesteryear and offers special appeal to those who do not only love to surround themselves with the atmosphere of the early pioneers but who insist on that touch of practicability so essential in this modern world of ours.

Pieces in the WHIRLPOOL line are offered at prices as attractive as the design itself, serving to make this new creation in glass available to every home in which genuine beauty is appreciated.

This copywriter was not going to miss a trick: beauty of design, practicality, modernism, traditionalism, economy, snob appeal – this was a pattern that had it all. This pamphlet is accented with a mint green background on both sides. The front cover pictures a nymphet sitting by a mountain stream with a Whirlpool bowl hovering over the water with its patterns reflected in the eddy below. The back cover features a floral arrangement made with the help of a Heisey floral frog sitting in a Whirlpool floral bowl and accompanied by a three light candlestick.

The second pamphlet was produced later, possibly after the war had ended. This pamphlet used a bright yellow as its background color. It is only a single sheet front and back. The front pictures a goblet with the slogan “Whirlpool hand-cast crystal” over it. “Heisey hand wrought crystal” is in a box covering part of the foot of the goblet. The back

pictures a torte plate, goblet, sherbet, and 8" salad plate, as well as the footed iced tea and footed tumbler. The ad copy reads, “Whirlpool was especially styled for you whose heart is warmed by the comfortable practicality of Early American atmosphere. The rhythmic eddy of WHIRLPOOL'S diminishing circles makes this one of Heisey's most beautiful and most popular hand-cast patterns ... created in stemware, plates, bowls, and candlesticks to add a cheery welcome to your table.”

In the early 1950s, Whirlpool was renamed Provincial to further emphasize its appeal as a traditional pattern. Some say that the fact that T. Clarence Heisey, president of the company, referred to the pattern as “cesspool” also was a contributing factor in its renaming. When Zircon was brought back in 1956 the Provincial pattern was one of the patterns made in that color. Given the water allusions of the earlier name, Whirlpool, it only seems fitting. ♥

447 EMPRESS ETCH

Walter Ludwig

These catalog pages were taken from Catalog 14B. The pages probably date from 1930 given that it says the pattern was made in Sahara but does not mention Marigold. Empress etching does appear extensively on Marigold having been introduced in 1928 just before that color was introduced in 1929. The etching continued to be made until 1937.

The etching features a beautiful chrysanthemum in a stylized border. It appears on the 3380 Old Dominion line of stemware as well as many accessory pieces taken from 1184 Yeoman, 1229 Octagon, 1231 Ribbed Octagon, as well as several other individual pieces.

It shows off well on all colors it was produced in including crystal. A truly inspired Heisey creation! ♥

Figure 1 Proposed designs for Lariat one light and two light candlesticks

LARIAT – WHAT MIGHT HAVE BEEN (PART 2)

Walter Ludwig, Curator

Last month we started to look at some design drawings that I came across in the Louise Ream Library. Carl Cobel did these in 1941 when the 1540 Lariat pattern was being developed. None of these designs ever reached even the feasibility stage of production. We talked about the drawings of one light candlesticks last month; this month we will go on to the two light candlestick designs.

The first drawing actually shows two different candlesticks designed with the same thematic features. It includes one more design for a one light candlestick as well as a design for a two light candlestick. Both candlesticks feature a saucer like plate in which a solid column is centered. The plate is cupped and rimmed with the Lariat loops evenly spaced around the edge. The one light has a round column and saucer while the two light has an oval

Figure 2 – Proposed design 2 for two light

column and saucer. Given that the columns would be solid glass except for candle sockets, they would be very heavy pieces.

The second design is an oval bowl with a solid bottom section. Two candle sockets are sunk into this base. The bowl has the Lariat Loops around the edge. Both a side view and a partial overhead view

of this two light candlestick is included in the drawing.

Figure 3 Proposed design 3 for 2 light candlestick

The final two light design is a very elegant one. It consists of a solid oval column to which a foot has been added. The solid column is separated from the foot by a short oval stem portion. The column tapers at the bottom to meet the foot. About three fourths of the way up the column there is a collar that is edged with the lariat loops. The column is very slender in profile only half again as wide as a candle. In the drawing, you see both a side view and an end view of this candlestick. This is the only drawing that Carl Cobel included lines indicating where the mold joints would be located. Being head of the mold shop it would have been an important consideration as he designed a piece of glass. Obviously, this was viewed as a more intricate design where unmolding the piece would be a factor.

This last drawing for a two light candlestick is the only one of this group that is signed and dated. The date is July 19, 1941. We know that the actual two light candlestick produced in the Lariat line was first made in December of 1941. It seems likely that that design was part of this group that was designed in July. It would have taken that long to decide which one was to go into production, make the mold, make test runs, and then set up production. Where the three designs that did not go into production were all very different for candlesticks of that era, the design that was chosen is a very traditional two light candlestick with two arms on which the candle cups are surmounted. The lariat motif is carried out with loops in the arms.

1540 Lariat two light candlestick

I will conclude this series next month with two separate designs for Lariat one light candlesticks as well as one other piece in Lariat that I think will surprise you. ♥

AUGUST 1951 ITINERARY FOR HAROLD DUNHAM Walter Ludwig, Curator

In early July of this year, Susan Dunham paid a visit to the Museum. While here she mentioned that her father had worked for Heisey. When I found out that her father was Harold Dunham, I got very excited. Harold had been Assistant Sales Manager and salesman for the Southeast region during the 40s and 50s. Harold had been very private about his work when he was home with the family and Susan had had no idea how important a figure her father had been to the Company. Harold Dunham (see picture page 13) passed away in March of this year at his home in Sanibel, FL. Susan promised to look through her father's papers and see if there was anything of interest that the Museum might be interested in. By the end of July, I had in my hands a packet of materials that Susan had found. The items were donated to the Museum on behalf of herself and her siblings.

There were original price lists and catalogs as well as promotional material from the factory. Of special interest were items associated with his time on the road selling Heisey in Florida, Georgia, and Alabama during the early 1950s.

This month, I am presenting a handwritten itinerary that Harold did for the month of August 1951. This was probably submitted to the home office so that

they would know where to locate him if it was necessary to get in contact with him.

A look at the itinerary will really impress you. It is amazing what a Heisey salesman did to get the wares into the hands of the consuming public. There are towns on the list that today are under 5,000 people. Each small town was probably only a single account, maybe a jewelry store or a hardware store that served the surrounding areas. Only in the big cities would there have been large department stores with the promise of large orders month after month. This was

all done by car with the salesman carrying his sample case and promotional brochures. It was done on a personal level.

I also found an expense book for the month of August included and have noted the expenses submitted to the company for repayment. Those prices really look good. The expense book shows that the itinerary was flexible and not followed exactly. (Information taken from expense book is in *Italics*). All cities are in Alabama unless stated otherwise.

TREASURER'S REPORT

Dave Spahr

We have completed the first nine months or three fourths (75%) of 2005. On page 15 of this Newsletter you will find the Budget vs. Actual Report through September 30, 2005, and the report on the HCA Endowment Fund.

Our revenues are at 81.4 % which is 6.4 % ahead of projections. We need to exercise caution since our major fund-raisers are complete and we have slow revenue months ahead. Sales in our Museum Gift Shop are ahead of projections as well as cash donations. Many of our concerned clubs have stepped forward and made donations for our operations that have saved the day! Memberships are lagging and our convention wasn't as profitable as we had hoped it would be but we did receive many cash donations which helped. We continue to struggle in our efforts to earn/make more money to support operations at the Museum. Your thoughts and ideas would be greatly appreciated.

We have taken \$16,000 from the endowment fund which was part of last year's earned income to help keep us solvent so far this year.

Our expenditures are at a 69.68% level, which are 5.32% under projections. This lag in expenses is due mainly to our reduced staffing efforts beginning earlier this year. We have had minimal savings in several areas (look over the report) and conversely have been hit with a large increase in costs and rates for medical insurance for our full time employees. HCA is not unique in this regard and your board is attempting to deal with it.

Our HCA Endowment fund as of September 30, 2005 had a market value of \$1,956,814.29. The report shows the progression of fund growth each quarter this year. The fund had a large increase in value in 2005 when HCA received a large donation from the James Kennon estate. Through nine months, our endowment fund has earned income (less fees) of \$25,551.54 which, combined with income less fees for the last three months of 2005, may be used at the discretion of the Board for 2006 operations. We will have transferred the final \$16,000 of last year's earned income by the end of 2005 to get us through the last

three months. The total transfer of \$32,000 in 2005 is slightly less 2004 earned income less fees.

We are now working on the 2006 HCA Budget. If there are special items you feel need addressed and want considered, please contact a Board member. The budget represents an action plan for YOUR association that continues to experience challenging times. We expect no change in that regard in 2006. We continue to need your thoughts, ideas, and financial support. We have reduced and managed our spending levels but as always more can be done. As mentioned earlier, we need your thoughts, ideas, and support to come up with revenue producing activities for YOUR association.

Thank you in advance for your interest in the finances of YOUR association. We want to maintain the organization and facilities, provide services you desire, and continue to make the Museum the fine showcase and educational resource for all HCA members to use.

Should you have questions or comments regarding this article or the Budget vs. Actual Report or HCA Endowment Report, please contact me by telephone or E-mail. My E-mail address is masdgs@aol.com. Happy Heisey Hunting! ♥

SLEIGHT ESTATE HOLDBACK AUCTION #3

The following are some of the items from the estate of Norman Sleight that were donated to the Museum. This is the second of three monthly auctions of this glass.

Second Auction closes Tuesday, January 2, 2006 at 4:00 p.m. EST. Forms must be received in the HCA Business Office by the closing date and time. There are no reserves, but just like eBay, there will be a modest minimum first bid.

Bids will be accepted by mail, drop off, fax to 740.345.9638, and e-mail to business@heiseymuseum.org. All bids will be sealed and date-stamped with the highest bid winning. In the case of a tie, the earliest date-stamped bid wins. All bids will be competitively bid. Payment, including shipping and insurance, will not be requested until after the auction. Once a bid is placed, it cannot be withdrawn.

All items are on display at the Museum and will remain there throughout the auction.

Winning bidders will be notified within seven days after the auction and the amounts of the winning bids will be published in a future issue of the *Heisey News*.

Markings Key Items listed as "233 of 250" refer to the production run of numbered special projects.

2006 ALL HEISEY BENEFIT AUCTION

Dave Spahr

Just a short update on the auction. We have not established a date for the auction and hope to do so and inform you of it in the January Newsletter. It will be held again at the best auction house in Central Ohio - the Apple Tree Auction Center

It is quite early and we have only received four or five consignments so far. Remember, the deadline for sending in your consignment and/or donation for us to sell for the benefit of the Museum is January 15, 2006, which is about six weeks from the time you read this! Remember, we have increased the lot you may consign from 20 to 25 this year. If you or someone you know is coming to the Museum or the general area, you might have them bring your glass to the Museum to insure it arrives safely and eliminate your shipping costs. I would encourage you to visit the Museum and see the Museum decorated in all its splendor on December 10 at the open house or just any time you are in the area. What a sight! Oops - got off subject.... For your use, the auction contract and packing list are in this Newsletter. They are also on the web site available for downloading.

The success of this event is dependent on you and other members consigning or donating good clean glass. We are again going to work on improving the quality of the items sold in the auction. With you consigning or donating good glass, the values obtained for the glass should be higher which benefits you and the Museum.

Besides sending glass, we really need you to come to the auction and buy that special piece of Heisey. When bidding on those items and making those purchases, remember that this is a BENEFIT auction for the benefit of YOUR Museum. For those of you who will not be able to come, we will have an absentee bid system for you to use and place your bids

We are again hoping to have an after auction madness event sponsored by Buckeye Heisey Collectors Club and chaired by Michael Maher. If you are interested in setting up or learning more

details please contact him at 1-740-763-4256 or by e-mail at carolyn53@webtv.net.

If you have questions about the auction or you wish to volunteer to help, please contact me at 937.372.7166 or by e-mail at masdgs@aol.com. See you at the museum on December 8th for the Christmas open house! Happy Heisey Hunting! ♥

As part of a fund-raising effort, Dr. Husted has agreed to create limericks, like the one below, for HCA members based on the pattern(s) of their choice. A donation to HCA is requested for each limerick created. If you would like to learn more about this fund-raising event, you may contact Dr. Husted by phone at (610) 469-1243 or via e-mail at frankly.me@comcast.net.

And Heisey Collectors of America, Inc., hereafter referred to as HCA, for glassware items consigned or donated for sale for the benefit of the National Heisey Glass Museum.

All items consigned for sale or donated are made by A. H. Heisey and Company, no reproductions by Imperial or others will be accepted, except as consigned by HCA. The owner / consignor / member, hereafter referred to as the owner, agrees to accept all responsibility for providing merchantable title for all glass sold.

Each owner may consign a maximum of twenty-five (25) lots to the sale. There is no limit on the number of items in each lot, but HCA retains the right to increase/decrease size/make up of each lot. Each owner may donate an unlimited number of lots to HCA for sale at the auction. HCA, however, at its discretion, will consign donated items for auction, add donated items to the Museum collection, and/or sell donated items in the Museum Gift Shop.

Owners of glassware to this sale will be charged on the following sliding scale of commission per lot: \$5.00-\$49.99=30%; \$50.00-\$199.99=25%; \$200.00-\$399.99=20%; \$400.00-\$749.99=15%; \$750.00 and over = 10%. The minimum commission per lot is \$3.00. Settlement for glass sold will be made in full within (10) business days of completed auction, together with a donation slip for commissions charged. All monies received from the sale are held and paid from the HCA Trust Account.

Glassware for the Benefit Auction will be accepted at any time with a cut-off date for the 2006 Auction being January 15, 2006. Glassware will be catalogued in the order it is received.

It is the responsibility of the owner to deliver the glassware to the National Heisey Glass Museum. HCA accepts responsibility when glass is received at the Museum except that any glass damaged in shipment will be referred to the shipper and owner. All glass damaged or lost while in the possession of HCA prior to sale will be valued by a qualified appraiser or appraisers and the owner will be paid on this basis, less commission.

In the event no bid is received on a lot, that lot becomes a donation to HCA. The minimum mail bid on a lot will be \$15.00 with a minimum opening bid of \$5.00. Minimum opening bid on a lot will be at least \$5.00. The minimum incremental bid increase will be \$2.50.

The HCA auction committee is authorized to reject any glass not deemed acceptable to HCA standards for this auction, plus glass not made by A. H. Heisey and Company. These items may be returned to the consignor if they desire, at their expense. Otherwise, these items become the property of HCA.

CLUB NOTES

Heisey Collectors of Texas *Erma Hulslander*

Our September meeting was in Bedford, TX. Our discussion was, "How we could best benefit HCA when we are setting up displays in the DFW area antique shows." A lot of interest in this topic, and many suggestions were made for all of us to work on. Sim Lucas was welcomed as a new member.

A lot of studying went on at this meeting. Greg had two very interesting programs ready for us. The first program was "Heisey by Imperial." He began with a company history, telling us that Imperial's first production started in Bellaire, Ohio in 1904. Interesting to also note that they were one of fourteen glass houses in Bellaire. The announcement, "HEISEY HAS A NEW HOME" was made on April 29, 1958. Greg listed all the major Heisey lines produced by Imperial Glass.

Greg was researching (for himself) the subject, Zircon or Limelight? So he decided to share this with us, also. Most of us knew Zircon was introduced first, then Limelight – but did you know the years of these two colors? Zircon 1937 to 1939 and Limelight was not introduced until 1955 and offered to the end of 1957. We also saw samples of most of the major patterns made in these two colors.

Then, a break for some goodies, homemade by Candy and all served on beautiful Heisey platters, relish trays, etc.

Next was "Show & Tell." Here we go: large elaborate butterfly and floral cut serving tray, Glenford Moongleam and Crystal bar glass, beautiful tall cut cologne, and two Seven-Circle colognes with Duck stoppers, one in Flamingo, the other in Moongleam, Moongleam Acorn Leaf coasters, Aqua Caliente with deep plate etch, Optic Tooth 10" Flamingo vase, and an Urn cigarette holder. Also seen was a pair of bookends that Greg & Candy found at a local estate sale. These bookends had the diamond H logo. From a distance I thought they were made out of leather – wrong, they were made of silver. Really neat.

Don't miss the next Antique Show in Waxahachie, TX – some of our "Show & Tell" goodies came from the last show there.

Thanks to Candy and Greg for hosting our meeting. ♥

Heisey Club of California *Peter Mantarakis*

The October 23 meeting was hosted by Fran and Walt Brock and co-hosted by Gail Pierce. It was well attended by 20 members.

The program was given by Gordon on 160 Locket On Chain. We saw some very rare pieces in Canary and Ruby flash.

The annual election for club officers was held with the following results: President-Bill Brakemeyer, VP-Carolyn Felger, Treasurer-Norval Heisey, Secretary-Betty Wanser. Martha McGill will be taking on Pony Express sometime in 2006 and we will be going primarily to electronic distribution that will allow for more and better graphics at reduced cost. Nancine Pike has been a tremendous asset in setting this up for us. Ann Leffingwell will be taking over the responsibility for sending out greeting cards in 2006.

The December meeting (12/11) will be at Herb and Betty Wanser's house. We will be having a gift exchange as always. We will also have an auction for the best decorated gifts. The pieces in this category should have a value of at least \$50. The lunch will be potluck. ♥

Northwoods Heisey Club of Minnesota *Ann M. Moll*

Seventeen members were in attendance at the October Northwoods Heisey meeting at the Mid-west Glass and Pottery Show. Besides having an opportunity to browse and purchase one or more favorites, several members donated their time to raise money for HCA by manning a refreshment area. This year we were able to expand our offerings to include hot dogs and brats. Allen Beers and Bev Heise will continue to organize the event for the March show.

Our members are always eager to raise funds for HCA. Larry Jacoway, our secretary/treasurer, presented the idea of holding a raffle at the March show and it generated conversation as to ticket pricing, the number of items to raffle, advertising, donating exclusively Heisey glass, and so on. It was decided to form a committee of three people (two executives and one club member--Carol Melin) to deal with the specifics. Anyone who wishes to donate an item should e-mail President Bob Heise, indicating a description and cost by February first.

Mary Cameron, of the Great Plains Heisey Club, extended an invitation to the Percy and Vivian Moore fund-raiser dinner. Future details will be shared.

As usual, we concluded with sharing Heisey pieces, this time all recently purchased at the show. Marilyn Coleman had a delicate Lariat cordial. She was followed by Bev Heise who shared a Cathedral vase with Fuchsia cuttings plus a beaded swag cut ruby flash mug labeled Bloomington, 1903. Marv Christenson had an unusual item. It appeared to be a candlestick holder, but turned out to be a display piece for a shoe. Someone was a creative individual. Allen Beers concluded sharing with a Plain Panel Recessed water pitcher dated 1910. He also had a Banded Flute pitcher.

Our final activity was the enjoyment of pumpkin cheesecake and coffee provided by Bev Heise, who also decorated the table with Heisey glass ♥

BENEFIT AUCTION CHALLENGE

Heisey Collectors Club of Michigan presents another challenge to the other study clubs and all HCA members.

The **BENEFIT** auction has always been a great event and hopefully a good fund-raiser for the **HCA**. We do think that the **BENEFIT** part of the event has gone by the wayside. The real **BENEFIT** has been from a few donated pieces of glass from members and the generosity of the auctioneers donated time.

The Heisey Collectors Club of Michigan thinks that the **BENEFIT** should be more the items that are up for auction than the auctioneers donated fees. We want to see the other study clubs and **HCA** members donate rare and valuable Heisey glass so that the Museum can get the total amount of the item, not just the auctioneer's fee.

Our club is currently asking all its members to search their collections and see what they might be able to donate for the **BENEFIT** of the museum. Hopefully all or some of us will come up with unique and valuable pieces to **GIVE** to the **BENEFIT** auction for the betterment and **BENEFIT** of the **HCA**.

We are hoping that the Museum can organize or note, in the auction, the items from the different clubs and might be able to give a report on which club or member **GIVES** the most to **BENEFIT** the **HCA**. So, dig deep and let's see who can come up with the most money from their club or members items. **HAPPY DONATING FOR THE HCA BENEFIT!!!** ♥

Dayton Area Heisey Collectors Club
Charlene Bowman

President Joe Harner called the meeting to order with eleven members in attendance.

Those who attended the Percy Moore weekend in Newark shared their "good time" with the members. All agreed the "Select Auction" was well received.

Members suggested ideas that could be used to expand our membership such as a display at the Huber Heights Library where we meet and a large poster on the door during meetings. We will be looking into these and taking action in the future.

The program, led by Karen and Jim Clark, was on the colors Marigold and Tangerine. After giving a brief history of each color, they discussed the examples that were displayed, including a "sugared" Marigold plate.

SHOW AND TELL: 1205 Fancy Loop 4" rose bowl, 1401 4 oz. punch cup, 1401 ½ footed punch cup, 412 Tudor handled & footed iced tea, 433 Greek Key pint tankard, 355 match stand ashtray, 4202 Bamboo 6" bud vase, 1184 Yeoman Sahara cigarette box with ashtray lid. 6091 Cabachon blown covered candy and a 6091 Cabachon stick butter dish with a "wheat cutting." ♥
