National Heisey Glass Museum

Heisey Collectors of America, Inc., a non-profit corporation (tax-exempt status), owns and operates the National Heisey Glass Museum. Open year round, Tuesday through Saturday, 10 a.m. to 4 p.m. and Sunday, 1 p.m. to 4 p.m., closed holidays. Other hours by appointment. We will be closed both Monday & Tuesday for January and February of 2017. Members admitted free. Regular admission \$4.

Message from the President

The Heisey Convention is just around the corner. The theme is “Heisey in Hollywood!” If you are watching an “old” movie keep a lookout for Heisey glassware being used and let Michael Maher know. He is keeping a log of all the movies with Heisey in them.

The Endowment Fund just broke the \$4 MILLION DOLLAR mark! Still, even though we have broken that mark we are going after 5 million now. So if anyone would like to make a tax deductible donation to the Heisey Museum there is still time before you file your taxes.

It has come to my attention that there is some purple Heisey glass for sale on various web sites. This is not a color Heisey made. The glass has been irradiated (exposed to a high level of radiation) to make chemicals in the glass turn purple. Some folks like it... some not. There is also some sun colored Heisey. This is a much lighter shade of purple and was done over a long period sitting in the sun. I am letting everyone know so they can be aware and make an educated decision on whether to purchase this altered glassware or not.

Volunteers Spotlight: Walter (Mr. Heisey) Ludwig. Walter has been an integral part of HCA for a very long time. He has done many jobs and chaired many committees and written many Heisey News articles. Walter has a vast knowledge of Heisey and glassware in general. If you have a question about Heisey or a piece of glassware Walter will be able to give you an answer. It might not be the answer you are looking for but he knows his stuff. There is no real way to thank Walter for all of the articles he has written, the endless hours he has spent at the Museum, Auctions, and other events in support of HCA and Heisey glassware. Thank you Walter! The Museum is so privileged to have your dedication.

I hope everyone had a chance to go to the All Heisey Glass Show in Annandale, Virginia, in March. There is nothing but Heisey at this show and it is beautiful. There were lots of treasures to be had and a few new dealers. Thanks to Sherry and Dave Warren for chairing this wonderful show in support of HCA.

Happy Heisey Hunting

Roy Eggert
President HCA

A Good Way to Help HCA.....and Yourself

If you are over age 70 ½ and have an individual retirement account (IRA), the rules say you must start withdrawing required minimum distributions (RMDs). These distributions add to your taxable income thereby increasing your taxes.

However, IRS regulations permit you to donate all or part of your RMD to the Heisey Endowment Fund and prevent the donation amount from being counted as taxable income. This type of charitable gift is called a Qualified Charitable Distribution (QCD). This is possible because HCA is an accredited 501(c)(3) tax exempt organization. Furthermore, giving a QCD directly from your IRA can allow you to benefit from charitable giving even if you don't itemize deductions. Giving directly from your IRA allows you to leave out your QCD amount when calculating your taxable income and also take the standard deduction.

Tax laws are quirky and action must occur before year-end. There are specific factors that must be satisfied to qualify for this treatment. Check first with your tax advisor for details to make sure you qualify for this benefit and how it must be reported on your Form 1040 tax return. If conditions fit your circumstances, contact HCA's Endowment Fund administrator John Uible at Park National Bank for instructions – 740-349-3702.

This could be a win-win for HCA and you.

We will miss Richard Ellis, an HCA member since 1993 and a member of the Dayton Heisey Collectors. Richard passed away on March 24, 2017.

Sad to share that we lost long time HCA member, Arlene Zipperlen on March 16, 2017. A member since 1976 she was originally active in the Heisey 76'ers Study Club.

Another member, David Williams, passed on December 24, 2016. A member since 2001, he & Nancy were dealers at our glass show.

All are sadly missed.

Words From Your Curator – Director

I am in the hope that **SPRING** has found you or will very soon do so ! The Courtyard here at our Museum looks much like a rebirth is taking place with a vast variety of bright daffodils and the crab apple trees in glorious blossom just in time to be a cheerful greeting for all of you and our guests for the exciting auction. In talking about Heisey events that were fun I would like to commend and thanks all of those that were involved in the Annandale Heisey Show, terrific and fun as always !

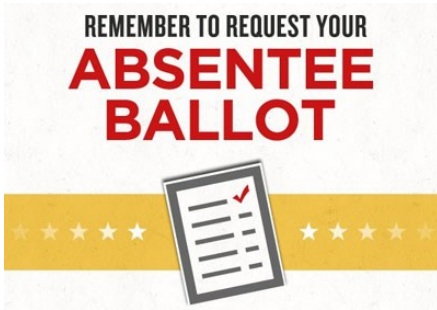

We will soon be saying good-bye to the very informative and much enjoyed Twist display in Gallery 3. Along with all the other exciting preparations for convention we will soon be installing the second in a series of three Heisey Vase displays. Like the first installment you will be able to view many unusual and always beautiful containers for flowers. I would like to thank all of you, who have so very generously loaned us your treasures to share in this much anticipated display. Walter and I are also currently engaged in the long term project of completely reorganizing our collection storage. Many, many items are packed away carefully however not under much of any kind of organized system. Most every item is in the inventory for sure. We are endeavoring to pack like items together in clearly marked boxes. We have had some fun finds and both look forward to a greater ease in being able to locate an item. I will keep you posted.

We have had a good crew here working on organizing our library. Gregg and Mary Cameron, much to my relief, agreed to take on this very large, somewhat complicated, and time consuming project. Along with the Heises; and the Files' they have spent many hours rearranging, labeling, and making sure that we have a Louise Ream Library that is easily used and an additional area of our Museum of which we can be proud. Please enjoy this area and express you're thanks to the Cameron's and all who made this special space possible !

Here to a Happy Spring and an attitude of gratitude
To all who made our auction
The success it was !

Jack

HCA ABSENTEE VOTING INSTRUCTIONS
for Electing HCA Board of Directors

Mary Ann Spahr, HCA Secretary

All HCA Voting Members in good standing are eligible to cast votes at the Annual Meeting in June. We will be electing three people to serve on the HCA Board of Directors. Candidate information will be published in the May 2017 issue of the Heisey News. As your HCA Secretary, one of my duties is to oversee this election.

As a Voting Member, you may vote in person at the June Annual Meeting or by Absentee Ballot. The current HCA Voting Members list is published on pages 22 - 23, of the March 2017 issue of the Heisey News. Check your status on the list to be sure we have it correct. If you have any questions, please contact the Membership Clerk at the Museum.

You may request an Absentee Ballot any time after the beginning of the calendar year, however the Absentee Ballots will be not be prepared until after the slate of candidates has been adopted at the quarterly membership meeting held at the Benefit Auction in April. Absentee Ballots will be available after May 1, 2017. You may pick up a ballot at the Museum *or* mail your request to:

HCA Absentee Ballot
National Heisey Glass Museum
169 W Church St
Newark OH 43055

Along with your written request, be sure to include a self-addressed envelope. If you affix a stamp too, it would help to defray expenses. As your request arrives at the Museum, it will be assigned a voting number. When the Absentee Ballots are available, a blank corresponding-numbered Absentee Ballot will be placed in a new envelope, with your name and voting number written on the outside. This new envelope will be put into the self-addressed envelope you provided and mailed back to you.

When you receive your Absentee Ballot, remove it from the envelope, cast your vote, place the Absentee Ballot back into the envelope, and seal it. Put this envelope into a new envelope, addressing it back to the address above. Note: To be included in the election, your Absentee Ballot must be received by the Membership Clerk by 4:00 pm (EST) on Friday, June 9, 2017.

After the polls are closed, the absentee votes are combined with votes cast by the voting members present at the Annual Meeting and the ballot tallying begins.

Please note that according to HCA By-Laws, Article VII, Section f, as approved in June 2011:

“If the number of nominees equals the number of Director vacancies, the ballot voting shall be deemed unnecessary if approved by the majority of voting members present.”

In preparation for our Gallery 3 vase display, we wanted to share with you an article originally printed in the 1980, May edition of The Heisey News. We hope you enjoy.

FLORAL BLOCKS

BY JOSEPH D. LOKAY

Floral blocks 19, 20 and 21 are a family of three sizes of blocks of similar design. Pictures of the three blocks taken from Heisey catalog 211, page 84, are shown with this article. Vogel book III, page 94 is a copy of Heisey catalog 211, page 84. Blocks 19, 20 and 21 replaced floral blocks 9, 10, and 11 for about a 3 year period, 1931 to 1933. Blocks 9, 10 and 11 are described in my article that appeared in the October 1979 issue of Heisey News, page 11.

Let us look at the general design of this floral block family. The top of blocks 19, 20 and 21 are dome or mushroom shaped and are perforated with holes that go all the way through the blocks. The bottoms of the blocks are plain and relatively flat. In other words, there are no legs of any kind on the bottom. In comparison, blocks 9, 10 and 11 have six small legs on the bottom that are about an eighth of an inch long. Also, you can note in the pictures, for some reason, floral blocks 19 and 20 do not have a perforated hole in the center of the block while floral blocks 9 and 10 did. Per the catalog picture, block 21, like block 11, appears to have a hole in the center. The cross-section sketch I made of block 19 accompanying this article illustrates the holes all the way through, the absence of a hole in the center and the small ledge around the edge of the block at its maximum diameter. The dome shape, the holes all the way through, the absence of a hole in the center (19 and 20 only), the plain bottom with no legs, and the small ledge are all points of identification for Heisey floral blocks 19, 20 & 21.

The dimensions of the three blocks are as follows. The #19 block has a diameter (largest) of 3 inches, is 2 inches high and has 6 perforations. The #20 block has a diameter of $4\frac{1}{2}$ " , is $2\frac{3}{4}$ " high and has 18 perforations. The #21 block has a diameter of $5\frac{1}{2}$ " , is 3" high and has 19 perforations. Heisey catalog and price list entries refer to the #19 block as 4", the #20 block as 5" and the #21 block as 6". The catalog/price list dimensions relate, on the high side, to the actual block dimensions.

Production of this family of 3 floral blocks started in about 1930 and ended in about 1936. All three block sizes were made in crystal, flamingo, moon-pleam and sahara. I found no evidence that blocks 19, 20 and 21 were made in alexandrite. The price lists I looked at added support to the point that the blocks were not made in alexandrite. For example, price list #210 (circa 1933) lists prices for blocks 19, 20 and 21 in the color columns for crystal, flamingo, moon-pleam and sahara. There are no prices indicated in the color columns alexandrite, tangerine or blue. Yet, we know that the blocks were used in the #1401 Empress floral bowl and that the Empress floral bowl was made in alexandrite. Therefore, why not alexandrite colored blocks? Since alexandrite colored pieces tend to cost about twice as much as the same pieces in crystal, it is my opinion that crystal blocks were furnished with or suggested for use with the alexandrite colored floral bowl.

There are many types of floral blocks made by other companies. So, now armed with the design information in this article and the article in the October 1979 Heisey News, you should be able to pick out the Heisey floral blocks 9, 10, 11, 19, 20 and 21 at flea markets or elsewhere.

The stock numbers 19, 20 and 21 were also used for salt & peppers and for candlesticks. Later, #20 was used for the Wood Duck and #21 for the Wood Duckling, resting.

The #17 flower block is a unique, one-of-a-kind block. It was especially designed to fit the #133 14" Swan handled floral bowl. The #133 floral bowl is sort of an elongated oval shape with swan handles at the long ends. Floral block #17 is long and narrow to match the bowl. The block itself is not oval shaped, but has its own special shape as you will note in the picture with this article.

This block is not the easiest to describe, so bear with me and refer to the picture as we go along. The center of the block is a bowl-like structure about $2\frac{1}{2}$ " tall. The bottom of the bowl is flat and the bowl walls are vertical with a contour that follows the general overall shape of the block. The block is signed with a small diamond H on the inside bottom of this bowl at the center. Horizontal flange-like structures come out from the top and bottom of the peculiar shaped bowl. The edge or perimeter of the flanges establish the final overall shape of the #17 floral block. The top flange has 14 evenly spaced holes through it for the flower stems. The bottom flange also has 14 holes through it in line with the holes in the top flange.

There are 16 evenly spaced small legs on the bottom flange that hold the block slightly above the bottom of the floral bowl. The overall dimensions of the #17 floral block are 5" wide by $9\frac{1}{2}$ " long by $2\frac{3}{4}$ " tall.

Production of the #133 Swan handled floral bowl and matching swan candlesticks and the #17 floral block started in about 1931. First mention of the bowl, candlesticks and block occurred in a supplement to Heisey price list #209. Production of the #133 floral bowl and candlesticks stopped in about 1934. It must not have been a good seller. Production of the #17 floral block continued as the #1469 floral bowl in the new Ridgeleigh pattern line was especially designed to use that floral block. The #1469 floral bowl that used the #17 block was produced in two forms, with and without swan handles.

Production of the Ridgeleigh floral bowls associated with floral block #17 was only for about 3 years, about 1934 to about 1936. The production of the floral block also stopped. Thus, floral block #17 was produced for about 6 years, 1931 to 1936.

The #133 Swan handled floral bowl and candlesticks were made in crystal, flamingo, moon-
gleam, and sahara, possibly alexandrite. The matching #17 floral block was made in crystal,
flamingo, moon-
gleam and sahara; no alexandrite. If the alexandrite bowl was made most likely
a crystal floral block was used with it.

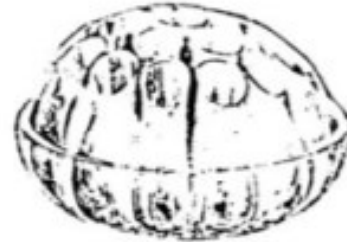

It appears that the two forms of Ridgeleigh floral bowls associated with block #17 were
made in crystal only.

The shape and design of Heisey floral block #17 is so unique that I doubt if any other
glass company made one like it.

Note: The 133 Swan handled console set appeared in an ad from February, 1930, China Glass &
Lamps and was listed as "new" at that time. nb

From Your 2017 Convention Chair

Linda Greenwood

A kiss on the hand may be quite continental... But diamonds are a girl's best friend. Diamond H's that is, and not just for the girls. Look at me, I just broke into song because I am so excited about the 2017 National Heisey Convention! I love it when plans come together and they have for sure. The finishing touches on the Welcome Dinner and Banquet are about complete. I have found some wonderful folks who have graciously agreed to volunteer their time with mentoring our new and first time conventioners, with the registration of all attendees and inviting some of our employees from years gone by to enjoy the event. Not to mention, hosting the 2017 Hollywood Commissary. It has been such fun planning the décor and festivities to fit this theme. As always, we will have the Silent and Live Auctions so if you as an individual or as study clubs have Heisey glass as well as any personal items to make your group stand out that you would like to donate, please let me know. Please feel free to leave me a message at the Museum, call me direct or shoot me an email. Any and all items will be so very much appreciated.

I would like to take a moment to touch on sponsor tables for the banquet this year. To follow the vintage Hollywood theme, the banquet is being held at Newark's own historic Elks Lodge. The ambiance of this venue along with the delicious menu planned is sure to more than please. And who knows, you may see a celeb or two working the room. So you may enjoy event in even more Hollywood style, we are offering sponsor tables, seating 6 persons per table, for purchase. Each table will include the following:

Tangerine Level - \$2500 Premier location at the event, name recognition advertising thank in the dinner program and National Newsletter, (2) bottles of wine, a box of Goumas chocolates and a beautiful centerpiece to enjoy.

Alexandrite Level - \$2000 Premier location at the event, name recognition advertising thanks in the dinner program and National Newsletter, (2) bottles of wine, a box of Goumas chocolates and (1) Troll/Pandora style bead bracelet with a Heisey Alexandrite bead.

Cobalt Level - \$1500 Premier location at the event, name recognition and advertising thanks in the dinner program and National Newsletter, (1) bottles of wine, a box of Goumas chocolates and Troll/Pandora style bead bracelet with a Heisey Cobalt bead.

(1)

Sahara Level - \$1000 Premier location at the event, name recognition and advertising thanks in the dinner program and National Newsletter, (1) bottles of wine, a box of Goumas chocolates and Troll/Pandora style bead bracelet with a Heisey Sahara bead.

****You can reserve your table today by calling the Museum at 740-345-2932****

In closing, I know you are all anxiously awaiting the Registration Forms. The Schedule of Events is enclosed in this Newsletter and the Registration Forms will be coming soon. I am hopeful that with what I have been able to share with you so far that you are as excited as I am and will register to attend. I look forward to seeing all of you and remember...

Keep watching for that Heisey in Hollywood!

2017 ANNUAL HEISEY FALL SELECT AUCTION

Dave Spahr

We are announcing our lucky Thirteenth Annual Heisey Fall Select Auction! Thanks to you for all the great support you all have given in the past for this HCA event. It will be held in Newark at the Union Hall on **October 14, 2017**, as a part of the Annual Percy & Vivian Moore Weekend; October 13-15, 2017. There will be articles about that event in future newsletters.

The first thing you can do to participate in this auction is to prepare a **list** of glass you would like us to **select** for this auction. A blank list for you to use is on the next page of this newsletter. Please note the blank list contains space for forty lots for the committee to select from. Remember, this auction benefits **your** Museum. Consider making a donation of a piece-100% goes to support HCA and the Museum. Donations don't count towards your 40 lot consignment limit. We hope Study Clubs will donate glass for the auction - a great project for them!

This year, as has been the case for each Select Auction, the consignment fee for each lot will be 20% with a minimum consignment fee of \$5. This means anything that sells for under \$25 the consignment fee will be \$5. As you prepare your lists, please make them as descriptive as possible since the committee will be using them to select glass for the auction. It is very important that you carefully check for damage-**we are selecting only undamaged glass** for this special auction. The **deadline** for submitting your completed lists to us is **May 16, 2017**. Remember- send just the list- no glass!

The Committee's target is to have an auction with three hundred (300) lots. How can you get your glass selected? Here are some clues. Consideration will be given to include diversity in color, etchings, cuttings, and patterns. A main goal in the selection will be not to have any duplication of lots. While this auction is mainly for the experienced collector who wants that exotic piece of Heisey we also would like clean problem free glass for the fledgling collector just starting out and building his collection. Please note our minimum bid will be \$15 so think about that putting your lists and lots together. As mentioned earlier, **we will not select damaged glass**.

The Select Committee will be busy after May 16th and contact you on or about June 1 to let you know the glass it has selected. Hopefully, you will be able to bring your glass to Newark and drop it off at the museum when you come to the Convention (June 14-17). Please look over your glass and begin your lists soon. May 16th will be here before you know it!

This event has been a success for consignors and those purchasing the wonderful Heisey glass. Please plan on attending Percy Moore Weekend and Festivities and participating in this auction for the benefit of your Museum.

Our auctions continue to be **cost effective** options for our buyers- **no state taxes** are assessed (we are a not for profit organization with our proceeds going to support the Museum) and **no buyer's premium** for check or cash payments. Hopefully you will remember that when consigning glass to us or buying glass from us.

If you have any questions, please e-mail or call me at masdgs@aol.com or 937-372-7166.
Happy Heisey Hunting!

Heisey Collectors of Texas Study Club

The March study club meeting of Heisey Collectors of Texas can only be considered another one of our success stories. We met at the new home of one of our members Deb Trickey in Corsicana, Texas...right on the lake. Beautiful views, gorgeous weather, delicious food, and an informative program all made the day complete. Enjoy the pictures and information .

Heisey Collectors of Texas Study Club continued...

The March Show And Tell portion of our meeting was filled with unique pieces of Heisey Glass and several lively discussions!

A 12 rib bitters bottle

Horsehead Sherry

Bitters Bottle with Tally Hoe Etch

No. 1433 Thumbprint and Panel 8 1/2 inch vase in Sahara

Beautiful Heisey paperweight. Details about this gem are unknown but we enjoyed discussing when this would have been made and for whom!

No. 325 Pillows Mustard Jar with Cover

No. 140 Crocus Candlestick. 7 inch two light

No. 1420 Tulip vase, crystal

No. 1503 Crystolite cigarette Holder. Marked...BUT....is it Heisey? The answer is yes, but it has been exposed to high UV sterilization light, which created the deep purple color.

Great Plains Heisey Club News

March 18, 2017

Kathy Files, Secretary

The “Luck of the Irish” held out on March 18, 2017, for our first Great Plains Heisey Club meeting of 2017. We were scheduled for March 11 but Midwest weather caused travel fears. Our hosts, Mary and Gregg Cameron, were very gracious to accommodate us a week after the original plan. Milt and Rose Pionkowski and Bev and Bob Heise (in absentia) stepped forward and shared hosting duties. Thanks to all who provided a great St. Patrick's Day theme meal, delicious desserts, and green Irish beads for a day when everybody was Irish.

Eighteen members and 1 guest from Hutchinson, KS were present when President John Mock called the meeting to order. Officers for 2017 were officially elected after being nominated last Fall. Consistency prevails: President, John Mock; Treasurer, Tom Files; Secretary, Kathy Files will be continuing in their positions (so far no implications of Russian interference have been detected in our election). Eric Tankesley-Clarke will continue as our Program Director and Trudy Mock will carry on with her “Martha's Moments”. It was noted our Club now has 40 members.

The Camerons have agreed to take on a project at the HCA's newly completed Library. Thank you Gregg and Mary, two very qualified workers to do this job!

Ande Henne updated us about our Club's meeting and participation at the National Depression Glass Convention in July in Wellington, KS. Members of our Club will staff a HCA information table and display some beautiful Heisey glass.

Trudy's “Martha's Moment” (see photo) was a great suggestion to use Heisey covered butters filled with Easter creatures, then placed on a plate stand as the centerpiece. She also had Easter candies in Heisey bowls that were nearly eaten before her presentation. We're that kind of group!

Eric's program on Heisey stem styles and associated names provided a great array of stemware supplied by Eric, Mary, and Bucky Will. Bucky's Empress etched stems in Flamingo were beautifully surrounded by some crystal pieces – some common and some rare. A most informative handout gave photos, text, and sizes for reference. Thanks to Eric and those who helped – a 'Yeoman's' job!

Show and Tell revealed many Winter finds and some members brought recent thrift store bargains. The latter group included: Plain Band cake salver, pair of Thumbprint and Panel candlesticks, Paneled Cane footed jelly, Kalonyal burgundy stem, and a marked sow from a Newark, OH thrift store (or the big pig that ran away from home as it was named by the owners). Some other goodies on display were: Winged Scroll pickle tray and salt & pepper in Ivorina Verde, Stanhope celery tray with red knobs and Maytime etching, Charter Oak footed comport with extensive silver overlay, Gallagher jug with cutting and cover, Half Circle cream & sugar/Sahara, Peerless butter cover with mark and patent date inside top, Prism marmalade and a Prism look-a-like marmalade, Medium Flat Panel jug with elaborate cutting and hammered silver trim, Horseshoe cream & sugar with Moongleam handles, 516/1 vase/Flamingo, and a 516/2 vase/Hawthorne.

Our 50/50 auction was held with pleased buyers helping our treasury. Jean's jam and jellies were sold to lucky buyers for future dining pleasure.

Thanks you to Bob and Bev Heise for filling our raffle box with wonderful pieces of Sahara Heisey. The Luck of the Irish winner was Jean “O'Will” who then offered the beautiful pieces for auction –resulting in a nice enhancement to our treasury balance. So generous, our GPHC members always give and then give more! The meeting was adjourned to enjoy some wonderful green for the Irish desserts provided by hosts and co-hosts.

Our next GPHC meeting will be at the home of Marcie and Eric Bergquist in Omaha on May 13, 2017. Check out all our news, photos, and updates on our website at www.greatplainsheiseyclub.org

Our Museum Needs . . .

Michael Maher

It is a New Year and there are many New possibilities and opportunities to assist your Museum into 2017. As the local guy who is always running around the Museum, I see many opportunities that everyone could help with, but you may not know that we need the assistance. Every June members flock back to Newark and apologize for not being closer and more involved and ask what they can do to help! This is very appreciated and well needed, but, there are items and needs that extend well past Convention duties. We all have talents, skills and even connections that as a team of HCA members could really benefit our Museum! Unless you know we are in need, or are asked, you may not know that we are looking for your contribution and assistance.

I have talked to the Staff and several Board members to ask what OUR Museum needs, either a physical item or skill-set for a certain facet of our Museum. These are the items that made the “wish list” look over the items and please ask your self if you could help with any of these needs?

- We are always in need of foam core/poster board and mounting spray for mounting posters and display items for Gallery 3, it seems we are always running out to get more.
- Totes—are another item that we need for easier storage of the Holiday Open House decorations and others seasonal items used around the Museum.
- Round 5' (60") plastic folding tables for use in the Lower Level/Multi-purpose room. (we have the plastic rectangular tables but would like to be able to offer round tables for rentals and for our own use throughout the Museum. These would be a large expense to the Museum, but if members purchased or donated money to make the purchase, again with many members contributing it would be a smaller amount per person. These are about \$100.00 each and we would like 8, there also is a dolly holder to store them that would be very beneficial for when not in use.
- Tools - It is amazing sometimes if you need a simple screwdriver to repair something or the simplest tool, and we only have one, and are not sure which side of the building it is on. It is a small problem that takes a lot of time and adds frustration regularly. If you are able to give simple tools like screw drivers, hammers, drill bit, and tape measures etc. they can always be utilized.
- The carpeting in Galleries 1 and 2 is going to need to be replaced very soon, it is rippling and detaching from the floor, this will not be a small project. The Properties Committee has looked into this and are considering replacing with carpet squares that could be replaced in sections if they get damaged or stained. We will seek out quotes for this upgrade, but if interested in helping with this please let us know.
