# Message from the President

The Museum was decorated beautifully for the annual HCA Open House, with great thanks to the Buckeye and Dayton study clubs. They always do a fantastic job cleaning and displaying all the Museum glass and getting it ready for Christmas and the Open House.

The Open House was attended by a large number of visitors. Some were HCA members, most were not, but a good time was had by everyone. There were many positive comments about the glass and the Museum in

general. Thank you to Jack Burriss and the Museum staff for helping put on a wonderful event.

I am excited about the 2018 glass ornament! I can't say too much about it right now....as there will be a grand unveiling the middle of January, but I am sure once you see it, and know where it has come from, you will be just as excited as I am. Stay tuned!

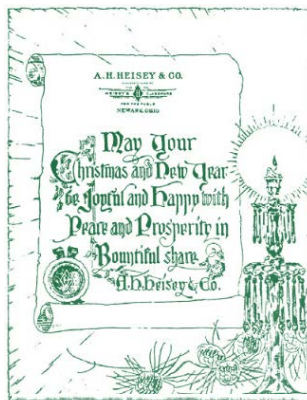

The 2018 Percy and Vivian Moore Weekend will be in St. Paul, Minnesota! I am planning to be there and am already making reservations! I know everyone who attends will have a great time.

The HCA Endowment Fund has topped 4.3 million dollars! Many thanks to everyone for their donations and participation in all the HCA events to help make this happen.

The nominating committee is seeking members who are interested in serving on the HCA board of directors. We are looking for fresh ideas and new faces to help HCA in their endeavors to ensure a lasting legacy and spread the Heisey passion. If interested please contact Michael Maher or the Museum.

Happy Heisey Hunting,

Roy Eggert  
President HCA

We were sad to hear of the loss of Russell Decatur, HCA member since 1988, from Massachusetts. He will be missed.

## Words From Your Curator – Director

I turned off the fountain in the courtyard a few days ago and that is always sort of a sad task for me to complete because it means that fall is very soon over and “ WINTER “ will be upon us any time now. The very good thing about the onset of winter is the always fun Holiday Open House !

On Monday the 27th of November members of both The Dayton Area Heisey Collectors Club and the Buckeye Heisey Study Club (here in Newark ) gathered at our Museum to decorate for the season. We refreshed and changed a number of our decorations this year and added some new lighting to the tops of the display cases in the King House. Cheryl Hoskins who recently moved to Dayton and had some festive staircase decorations and no staircase for them, donated and installed a very new look for the King House’s beautiful spiral stair. Dan and Sue Kilgore again worked their magic in the Louise Ream Library and Dan and volunteer Kim Clark added fresh greens to our fountain (lessening the sadness of no water ) and planters to give the outside a merry and welcoming look. Joe Harner worked endlessly to assure all of our light strings were in illuminating order and Flo meticulously recreated her nutcracker tree to grace the lower level. Many helped and all had fun and as is so often the case little would have happened without all of these dedicated and hardworking volunteers. I express my gratitude on behalf of us all and will look forward to reporting all about what I am sure will be a very successful Holiday Open House in our January issue.

Our back cover is graced with a photo of the beautiful King House Dining room table. Mary Ann and David Spahr generously loaned us their very extensive and beautiful collection of Crystalite and Marilyn Smith created a table that we all would be pleased to sit down to for a fun and celebratory Christmas dinner or other Holiday meal. Are you, like myself, enjoying planning what your” Big Dinner” table will look like ? I know we all collect for different reasons and I am of the camp that buys to use in most cases. Walter makes fun of me for having a goal of twelve of place setting items however I always want to have enough to set the table I have envisioned. Please enjoy your Heisey for the holidays this year and as always I love photos of how you use our beloved glass ! You all know I think that creating positive family memories that include Heisey is a good way to encourage the next generation of collectors. We all need to do what we can in that direction in the New Year and I look forward to your suggestions and efforts.

In our “center fold” please find for your pleasure a reprint of a July 1930 Table Talk presentation to go along with the introduction of Heisey’s new Empress Pattern. I include this in connection with our recently opened display in Gallery 3. Can you believe that Walter has all but three ( I believe ) of the production Empress items in Moongleam ? I hope many of you will be able to study and enjoy this exhibition. Walter and many others have worked hard and been very kind in their loan of items to make this show so complete.

I mentioned what a fine job the Kilgore’s had done on the library earlier . We the staff and many frequent visitors are very much missing the melodious ticking and striking of our wonderful antique Arts and Craft Clock that normally graces this room. It stopped and is out for repair and rebuilding at one of the best clock shops in Ohio and we very much look forward to the return of its welcome tones in the New Year. For the New Year and starting now we have a new e-mail address for your use:  
**[newsletter@HeiseyMuseum.org](mailto:newsletter@HeiseyMuseum.org)**. Please continue to send your items for publication to me as well, however by adding this address in adjunct we are hoping to expedite production. On that note you have

given me the awesome privilege ( most days at any rate ) of being your Museum director. Contact information for me is listed in this newsletter and on our website I am YOUR Director so please do not hesitate to contact me. Whenever someone calls and apologizes for taking my time I feel like I must not be doing a very good job of being welcoming and WELCOMING is something that I always have as a goal for our Museum.

Fast away the old year passes and we all have much to look forward to in 2018 in Heiseyland . On behalf of all of your staff here at the National Heisey Glass Museum

I wish you a Merry Christmas

# TREASURER'S REPORT

Karen Taylo

We launched the Planned Giving Gift program during the Percy & Vivian Moore Weekend in October. This program is designed to support the Endowment and thus the Museum and the legacy of Heisey Glass.

As I was reading the beautiful brochure developed as part of the launch, I learned the Endowment Fund was established in July 1982 with a \$500 gift. The fund has grown to over \$4,000,000.

At this time of year, many of us reflect on past events in our lives (hopefully not in the way Ebenezer Scrooge did with the Ghost of Christmas Past). I thought it would be interesting to reflect on the beginnings of the “Museum Trust Fund.”

From *The Heisey News, July 1982*

*“Museum Trust Fund     Dick Marsh*

*For over a year a special committee and the HCA Board of Directors have been working on setting up a trust fund to guarantee the continued operation of our museum. The progress has moved slowly but this is a new venture to all of us, and there are many aspects to consider. Proposals from the banks have been examined and our club attorney has offered his advice.*

*Within the next year the Board expects to set up this trust fund for the museum. The principal of this fund would be out of the reach of the Board of Directors and only the interest could be spent. The break even costs would be about \$1200 in the fund which the club does not have to spare at this time. There has been much interest shown in this fund by a number of HCA members.*

*To get this fund started, a special account has been set up with a local bank. This account has been set to run until the trust fund is started, or one (1) year. If at the end of one year the trust fund is not in operation, all donations will be returned to the donors upon request.*

*This fund will keep the museum operating for future people to come and see the great museum which we now enjoy. The Heisey glass we all love!*

*Donations to the special fund can be made either through HCA or straight to the bank and, as always, it would be tax deductible. Please donate! No amount is too small. The National Capital Heisey Collectors Club has already donated \$500 to start the ball rolling.*

*Make checks payable to: Heisey Collectors of America, Inc. Trust Fund and mail to either HCA or the bank. If mailed to the bank, the account number of 5104124 must appear.”*

**In 2017, much remains the same.....The Endowment helps with the operating expenses of the Museum, people enjoy the Museum, we still love Heisey Glass and no donation is too small!**

On a personal note, I want to wish everyone a wonderful holiday season. I hope it is filled with family, friends, love and Heisey.

PS My jaw dropped when I saw that the bank account number was included in the Heisey News. **Ah, the ‘80s...a much simpler time....I remember it well!!!**

# 2018 HCA SPRING BENEFIT AUCTION

Dave Spahr, Auction Manager

The 45<sup>th</sup> Annual Spring Benefit Auction will be held at the GMP Union Hall at 350 Hudson Ave in Newark on Friday and Saturday, April 13-14, 2018..

Remember, the **deadline** for sending in your consignment and/or donation for us to sell for the benefit of the Museum is **January 15, 2018**. Each member can consign 40 lots and there is no limit on lots you can donate. Please note that in addition to Heisey Glass we are also accepting glass made from Heisey moulds by other manufacturers.

If you or someone you know is coming to the Museum or the general Columbus area, you might have them bring your glass to the Museum here in Newark so you will know it will get there safely and also eliminate shipping costs. I would encourage anyone making deliveries to plan on spending a bit extra time if they come in December to see the Museum while it is decorated in its Christmas splendor! The Museum is a sight to behold!

Back to auction information-if you need a packing sheet or contract, please copy them from this newsletter or go on line at the Heisey Museum website, look under auction, then spring benefit auction, and download what you need. Remember, please send TWO contacts signed by you and TWO packing lists with your glass and I'll return a signed copy and a list to you. Please be sure to also put a copy of the packing sheet in each box that identifies the glass in that box. Our volunteer catalogers will be very appreciative!

The success of this event is dependent on you and other members consigning or donating good clean problem-free glass. We are steadily improving the quality of the items in our auctions by reducing the numbers of damaged or problem pieces included in our auctions.. We have received positive feedback from absentee bidders who are well satisfied with the quality of the glass they bid on and win! This will translate in more absentee bidders over time and with higher values received. Higher values obtained for the glass benefit you and the Museum.

If you have questions about the auction or you wish to volunteer to help, please contact me at 937.372.7166 or by e-mail at [masdgs@aol.com](mailto:masdgs@aol.com). Happy Heisey Hunting! ©

# ITEMS FOR EVERY PURPOSE IN

## Graceful Patterns Make Appeal

WHEN you offer your customers the charming 1401 design in Heisey's glassware, you are bringing to their attention a pattern that affords a complete table service.

There are items in this design to meet every use in serving a small luncheon or a large dinner. Some of the pieces are illustrated on this page and others have been shown in previous issues.

### French Lily Motif

A customer can buy an entire service or part of the service, such as plates, or cups and saucers, or stemware. If she buys a portion, she can add to it from time to time, until she has the whole pattern.

You will find the design of this glass particularly appealing on account of the delightfulness with which it has been executed. The motif of the graceful, scalloped edges is the delicate flower of the French lily.

### Crystal and Colors

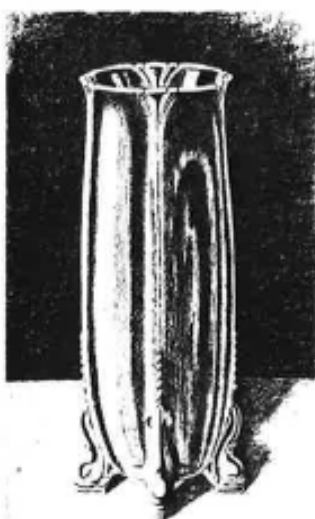

All the items of this design can be obtained in clear crystal, or in the four colors: Flamingo, Moon Gleam, Sahara and Alexandrite. The idea of selling more than one color can be well used with this glass, for rainbow events, or for setting the table with different colors on different occasions.

The moderate price at which the 1401 line can be offered opens a good field for it, and the store or department which displays it to advantage will find a real demand for it.

## Rainbow Effects Favored

AT luncheon, a salad service of glass is much favored. For entertaining at luncheon a popular scheme is a rainbow effect in glassware. Thus the hostess uses a different color for each course. If colored whip candles are part of the decoration (and they are now used unlit at midday!) the low crystal holder frequently matches. It is quite a vogue, indeed, to group pairs of whip candlesticks on each side of the floral centerpiece. Contrast is another attractive plan with table glassware. Applied to luncheons, the glass may be placed on cloths of contrasting color.

## Editor Pays Tribute to Alexandrite Color

THE following excerpts from an editorial about Heisey's distinctive Alexandrite color, in the Montrose Daily Press, of Montrose, Colo., furnish an example of the favorable notice enterprising store owners may secure for their merchandise:

"A walk very early in the morning took the writer into the Lathrop Hardware Company where John Harris told a most interesting story as to how the marvelous colors are acquired in some high-priced glassware on the shelves of the concern. The tumblers and cocktail glasses in question are a sort of lilac-colored crystal with various colors such as blue, amethyst and topaz showing in certain lights. According to Mr. Harris a lilac-colored lead ore contains the color materials which are blended with the melted sand and soda of which glass is manufactured.

### Indescribably Lovely

"A. H. Heisey & Company have been able to secure this very rare lead ore, which gives an indescribably lovely coloring to some of their fine glassware. Doubtless the drinking goblets and the wine pitchers and the fruit bowls on the table of the mighty Alexander were gorgeous in the extreme, but they could not have been more graceful and attractive than the lilac-colored goblets and glasses on the shelves of the Lathrop Hardware Company."

### Uses Advertising

The Lathrop Hardware Company, who are Heisey glassware headquarters in Montrose, believe in newspaper advertising to acquaint the public with their offerings.

In one advertisement, Mr. Harris used this copy to promote glassware sales:

"We have just received a new line of all the latest colors and shapes in gift glass. Come and let us tell you about the famous Heisey Alexandrite—tell you how and where it is made. It is interesting and you will enjoy it.

"The largest line we have ever shown in the following colors—Marigold, Sahara, Alexandrite, Peach, Emerald. Everything suitable for lovely gifts."

## Glass Designs of the Year

## New Gallery 3 Display : 1401 Empress

Walter Ludwig

We are pleased to announce our new display in Gallery 3. This display highlights Heisey's pattern 1401 Empress. We are fortunate to have an example of every piece that Heisey made in this extensive pattern. We have examples in all colors the pattern comes in including Crystal, Moongleam, Flamingo, Sahara, Alexandrite, Tangerine, and Cobalt as well as some experimental colored items. Please come visit the Museum to see this outstanding display. The exhibit will remain until after the Spring 2018 Auction.

An exhibit like this is only possible because of the generosity of our members who are willing to loan us items so that we can share them with you.

### Contributors to this display include:

Jack Burriss

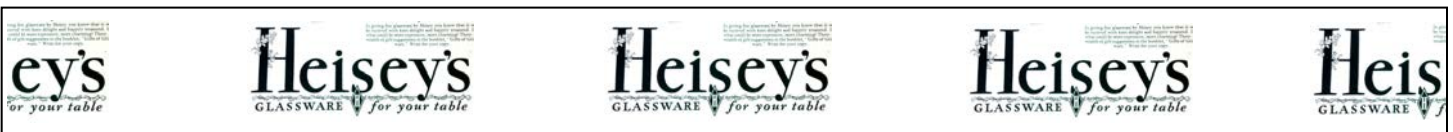

Traci & Dave Dusenberry

Jay & Julie Goletz

Walter Ludwig

Michael & Kate Maher

Dick & Marilyn Smith

On previous pages 14 and 15 please find the featured article from the July 1930 issue of Table Talk. Table Talk was Heisey's publication to the industry and retailers, and in this article they are very proudly touting their 1401 Empress line. We are including this in conjunction with our current display in Gallery 3 where the excitement continues.

# Great Plains Heisey News

**November 11, 2017**

Kathy Files, Secretary

---

Let's set the scene. Date: Saturday 11-11-17 Veterans Day! Location: Mary and Gregg Cameron's home in Ankeny, IA. Bonus guest: Chef Matt who prepared a gloriously delicious buffet lunch for the 22 attendees. Co-hosts: Pat and Rex Lucke.

Our meeting was convened at 1 pm by our President John Mock, who recognized the veterans in our club and thanked them for their service to our great country. We passed the hat for lunch donations and sold raffle box tickets to sweeten our treasury. The September 2017 minutes were approved and Tom Files provided financial results. We heard a report on HCA Board activities from member Gregg Cameron. The members who attended the recent PVM event gave accounts of the activities. The Friday Museum evening, the tour of Mosser Glass Co, lunch at the Henderson's home and viewing their collection, finalized with dinner at the Virtues Golf Club made for a full Saturday. Mary Cameron's low-key campaigning won her the traveling trophy for the best road find. We congratulate and thank all the event coordinators in Newark for a job well done. We still appreciate Percy and Vivian Moore for their help and financial contributions to HCA.

Bev Heise reported that the NorthWoods Heisey Club will be hosting the 2018 PVM in Minnesota so we hope to have several GPHC members in attendance next September. In fact, we plan on holding our regular September meeting there.

This one sentence covers our nomination of 2018 club officers – same 3 folks! We set locations for 2018 meetings and discussed program topics:

March 10 Glen Gall Urbandale, IA

May 12 Jean Will Leavenworth, KS

July 14 Chris and Lehi German Kansas City, MO

Sep. 22 PVM Minnesota

Nov. 10 Pat and Rex Lucke Elkhorn, NE

'Martha's Moment' had Trudy Mock showing candle ideas for seasonal centerpieces or as gift suggestions. She demonstrated how to soak and transfer the Diamond H from napkins and affix them onto candles. Very clever and unique.

Eric Tankesley-Clarke presented our program, "Heisey's Amber", and provided a useful sheet for each member. The examples on a full table were very helpful and we enjoyed Eric's narrative of each piece, including amber pieces by other makers for comparative purposes. Check our GPHC website [www.greatplainsheiseyclub.org](http://www.greatplainsheiseyclub.org) to see the November pictures and learn other information about our club. Thanks to Eric for another great program.

We moved on to Show and Tell where some attendees came prepared after loading up at the HCA Fall auction and a new shop open house in Indiana: Windsor candlestick converted to a lamp, Pineapple & Fan mug/Emerald, #3 Fancy Loop salt shakers/gold trim, #351 basket shape vase, New Era goblet/Venus cutting, Kimberly goblet ground into a ring holder, Coventry goblet with Zircon bowl, Spanish saucer champagne/Streamline cutting, Athena mayo and underplate/Dotted Swiss cutting, #485 cologne, and a #4231 favor vase/crystal to name some of the items.

Our 50/50 auction and raffle box activities were next to add to the treasury. LaDon and Bill Kallmer donated the raffle box contents and Pat Lucke was the lucky winner.

The wonderful meeting was adjourned and we flew upstairs to enjoy a fabulous array of desserts. Thanks to the Camerons, Luckes, and Chef Matt for great food and fun. It was a wonderful production.

---

Northwoods Heisey Club welcomed back charter members Kay and Warren Chapman during their fall meeting at the home of Marv and Joann Christenson. The Chapman's announced their intention to rejoin the club after a long absence.

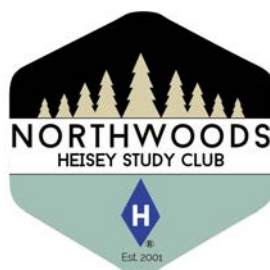

Club members who had attended the Percy and Vivian Moore Memorial Weekend in Ohio recapped highlights of the event. The Heises and Olsons particularly enjoyed a tour of the Mosser Glass showroom and factory in Cambridge, Ohio where they saw production of cake stands. Though the Mosser factory was much smaller than the old Heisey factory, the process was likely much the same as that used to make the Heisey glass. They also enjoyed the banquet with its *Road Find* competition and successful bidding at the Fall Select Auction.

Bev Heise announced that the board of Heisey Collectors of America accepted the club's proposal to host this important fundraising event in 2018. Much of the business meeting was devoted to planning for next year's Percy and Vivian Moore event the weekend of Sept. 21 and 22. Tentative plans include open houses at the Heises' and Olsons' homes, a buffet dinner at a beautiful indoor park facility in Edina, a banquet at an historic venue near the Olsons' home in St. Paul, and live and silent auctions. Printed invitations to the event were distributed to those attending the Percy and Vivian Moore banquet in Ohio and a number of people have already expressed enthusiasm for attending the event in Minnesota.

Marv Christenson presented a program titled, *Is it Heisey? He believes it helps to have 20/20 vision, a photographic memory and the ability to speed read a wealth of resources material when it comes to correctly identifying Heisey glass.* He shared a number of items that were difficult to identify and described the process he used to determine whether they were Heisey and, if so, to identify the pattern. For example, he searched through many books and catalogs to identify an unusual ashtray that was marked with the diamond H. After a long search, he finally found it in one of the Vogel books - the No. 437 ashtray made in 1924, which is described simply as "an extremely heavy ash tray." Items he hasn't been able to identify for certain include a container possibly used for mustard or horseradish, a mug, a screw top jar, and a water bottle. He also recounted the experience of taking some unidentified items to the Heisey Museum and getting assistance from Walter Ludwig to identify them.

Show and Tell included a nice variety of Heisey glass including mugs featuring Lady Golfer, Tally Ho and Tavern etches, a tumbler with a sailboat cutting, a Lodestar nappy in Dawn, a New Era goblet with a Venus cutting, a Coleport oblong bowl with unknown cutting, a Wabash sherbet with Frontenac etch in Hawthorne, a Dolphin fishbowl, a Prince of Wales Plumes egg cup, and a Cabochon oval floral bowl with cutting.

To end the meeting, Marv and Joann served a variety of refreshments using their beautiful Crystolite and Victorian tableware.

# Heisey Collectors Club of Michigan

---

In September 2017, our club met at Ruth and Larry Ernest's home in Goshen, Indiana. As always, they were gracious hosts and we all enjoyed being in their beautiful home and seeing their great collection of wonderful Heisey. The luncheon table was set with Heisey which added to the enjoyment of the delicious meal that was served. Most of our members were in attendance and it was so nice to meet as a group and see each other again.

In October, several members attended the grand opening of Kim and Pam Carlisle's Corner Grove Antiques in Indiana. The reception provided was truly magnificent. We enjoyed viewing their personal collection, feasted on a wonderful buffet and viewed a great deal of beautiful Heisey glass for sale. We had a wonderful time and came home with several special pieces to add to our collections.

In November, several members attended the Michigan Depression Glass Show and Sale in Dearborn. One of the early bird finds at the club booth was a pair of Flamingo Pluto candlesticks with the Bubble Girl etch by the Lotus Glass Company.

**PERCY & VIVIAN  
MOORE WEEKEND  
IN MINNESOTA**

The Northwood's Heisey Club of Minnesota promises to make next year's Percy & Vivian Moore Memorial Weekend, an event to remember.

**WHEN: SEPTEMBER 21-22, 2018**

The club is excited to announce that participants will experience the elegance of a bygone era at a banquet prepared by one of St. Paul's most accomplished and awarded chefs, Lenny Russo, at one of St. Paul's most elegant venues, the Commodore Bar and Restaurant. Its dazzling art deco interior has been meticulously restored to retain the glamour of its Jazz Age origins. Here one can easily imagine guests sipping cocktails in fine Heisey glassware while listening to big bands and dancing the Charleston.

The restaurant is housed in the famous Commodore Apartment Hotel, which was home to such luminaries as novelist F. Scott Fitzgerald and his wife Zelda shortly after it opened in 1920. It is located in historic Ramsey Hill, which is considered to be one of the largest and best-preserved groups of Victorian era homes in North America.

Come explore this historic neighborhood, enjoy a fabulous dinner and the company of your Heisey friends, and raise money to support the Heisey Museum.
