The Official Publication of Heisey Collectors of America, Inc.

Volume XXXI No. 7

June 2002

ISSN 0731-8014

Heisey Pattern #8, Vertical Bead and Panel, is featured on the cover as well as in an article by Joe Lokay this month. Also in this issue are a mail bidder recap of this year's Auction, another of Bob Ryan's reminiscences and an exciting announcement from our neighbors the National Cambridge Glass Collectors.

Don't miss out on our special mail auction of rare items from the HCA holdback (ending June 30th), the latest items in Lavender Ice and a one-day (June 3rd) offer on a very limited Newark Bicentennial souvenir item. See inside for all the details.

See you (and your antiques for the "What's it Worth?" appraisal event) at Convention!

Advertising

Ads may be mailed to: HCA Advertising, 169 W. Church St., Newark, OH 43055; faxed to (740) 345-9638; or e-mailed to editor@heiseymuseum.org. Whenever possible, please e-mail your ad. Always include your MasterCard or Visa number and expiration date. When mailed or faxed, ads should be typed or printed on white paper with dark ink. Camera ready ads are accepted, but must follow line specifications outlined at the beginning of the advertising section. Ads containing reproductions will not knowingly be accepted unless clearly stated (e.g. Heisey by Imperial, etc.). HEISEY NEWS accepts no further liability. In the event of a typographical error, the incorrect portion of the ad will be run in the following issue, but HEISEY NEWS assumes no further liability. See advertising section for rates and deadlines.

Museum

Heisey Collectors of America, Inc., a non-profit corporation (tax-exempt status), owns and operates The National Heisey Glass Museum in Veterans Park, 6th and Church Streets, Newark, Ohio. Open year round, Tuesday through Saturday 10:00 a.m. – 4:00 p.m., Sunday 1:00 – 4:00 p.m., closed holidays. Other hours by appointment. Members admitted free.

Identification

HCA will attempt to identify unknown glass items. Send a color photograph, measurements, and a self-addressed, stamped envelope to the attention of the Curator. Other arrangements should be made in advance with the Museum staff. Please keep in mind that the Museum cannot appraise items.

Membership

To join Heisey Collectors of America or to renew your membership, contact the HCA Administrative Office Monday through Friday 8:00 a.m. - 4:30 p.m. Associate dues are \$25.00 plus \$5.00 for each additional household member. Voting members pay an additional one-time fee of \$25.00. Please consider supporting the Endowment Fund by joining at one of the levels listed on the back page.

Museum Shop

There is always someone in the Shop during the Museum's hours of operation to help answer questions or take orders. When ordering by phone, please have a credit card ready. When ordering by mail, please be sure to include appropriate charges such as shipping and sales tax. Please note that the HCA member discount does not apply to original Heisey or special project items.

Shipping and Receiving

Delivery is made much easier when we have a complete street address, not a PO Box. We prefer to use UPS. If you have not received a package, please call the Administrative Office to confirm it was sent. We will assist you in tracing it. If your package arrives damaged, please contact your local UPS representative. We insure everything.

Donations and Loans to the Museum

If you would like to make a donation to the Museum or have questions regarding items on loan, contact the Curator. HCA reserves the right to accept or refuse items based on current holdings.

MESSAGE FROM THE PRESIDENT CHARLIE WADE

Greetings!

With the Auction past us now, we are focusing our attentions on the upcoming Convention. Before we move on however I would like to thank everyone again-- consignors, bidders, Apple Tree Auction Center, our resident and non-resident Auctioneers, the mailmen (left bids) and the workers. Without this team effort, nothing of this magnitude could happen. Thank You. Bob Rarey and Dick Smith have executed the mail bids over the past years and have done what I think is an outstanding job trying to decipher what all mail bidders mean by their descriptions of what is and is not acceptable. I always get a kick out of folks who say that is not a Heisey first! Sometime I must tell you about my conversations with Mark Pickerel and exactly what they sold as firsts! I will save that conversation for another day.

This will be our first year without a convention chairperson. The Executive Committee and staff again default into this position as the ones who get to do the work. Everything is moving along quite nicely, and we hope you all will enjoy yourselves this year. Walter has had some last minute dealer cancellations, so if you know someone who might like to do the show, please have them contact Walter or better yet have Walter contact them. Either way it should work. If you have not heard, the "Heisey boys" will be here to sign the Bicentennial platter during Convention. Rumor has it they might even be signing some of our souvenirs sold in the Museum Shop. Please call the Shop in June for these special offers.

The interview committee is starting to set up interviews for the current and future openings we will have. I believe they will start sometime around the week of May 9. We have received a lot of applications this

time. The most I have ever seen for any of our ads placed in the area periodicals. I am not sure if there are lot of people without work, or if they are attracted to our museum. Hopefully by Convention time, we will have at least one of these spots filled. My thanks to the committee as they are spending a lot of time pouring over the applications. My participation will be limited as my "Other Full Time Job," the one that pays for the food, housing, etc., will be taking me more and more away from Newark. Not to worry though, Vice-President Connie does an outstanding job as does the rest of your executive committee. As the saying goes "YOU ARE IN GOOD HANDS."

Dick Smith tells me there are some neat offerings coming out in Lavender Ice and that we have some really great reproductions from holdback that we will be offering through a special mail auction. Be sure to read the rest of this issue for these important details.

Till next month!

Charlie

MUSEUM NEWS: Events Old & New

CHERI GOLDNER

As this issue goes to press, we're gearing up for two events here at the Museum, the "old" Convention and the "new" Heisey glass appraisal event.

Convention details by this point have been pretty much finalized, although we do have one change: ***the paperweight and glass blowing classes over at Knowledge Works have been cancelled.*** This was due primarily to the new furnace not yet being ready, but also to lack of participants. Since we no longer operate the glass studio, it takes more coordinating than in previous years to offer these classes, and they may not be offered again next year if there is no interest. So be sure to let us know if you'd like to take a class next year on the convention evaluation form that will be included in your registration packet.

The Heisey glass appraisal event seems to have generated a good bit of interest. I spent two hours yesterday working with folks from the Ohio News Network (ONN) for a story on the event that will air about 15 times before the event takes place, so we're hoping for a good turnout. An event like this is a good way to generate new interest both in Heisey glass and in HCA and the Museum, and could bring in new members. For this reason, out-of town members and study clubs might consider holding a similar event in their own areas (just be sure to note that appraisals are coming from independent collectors and not from HCA or the museum.)

See you at Convention!♥

Congratulations to W.L. Jensen, winner of our March/April raffle for the Elephant family in French Opalescent by Fenton. And thanks once more to Don & Pat Moore for donating these items for the raffle and to all of you who bought tickets. You raised \$525 for HCA!

FROM THE ARCHIVES: Signs of Heisey VICKI MEEHAN

The Ohio Memory Project, an online scrapbook of Ohio's history prior to 1903, is up and running and includes three pieces of glassware and a catalog from the Museum. You can view the glassware and the complete catalog at <http://www.ohiomemory.org/> by searching for the key word *Heisey*. You can also browse the entire Ohio Memory collection. Heisey is located in the economy section under the Business and Labor heading. Check it out – the Heisey looks grand.

A related digital scrapbook project on a national scale is called American Memory. It is available at <http://memory.loc.gov/> and has more than 7 million digital items. A search with key word *Heisey* in this collection produces 15 related items – photos of Heisey billboard-type advertisements. These photos are from the R. C. Maxwell Company Collection at Duke University. R. C. Maxwell provided "painted & electric signs" according to company letterhead. The photos on American Memory are from the early 1920s. They show general Heisey advertising in Atlantic City, mostly on the Boardwalk. (Incidentally, A. H. Heisey himself died in Atlantic City in 1922.)

Coincidentally, today in the archives, I came across letters and a contract between the Heisey Company and the R. C. Maxwell Company, dated 1927 and 1928. Heisey was still advertising in Atlantic City. At the time, they were using a 30' x 42' sign lit with "15-watt blue daylight type" lamps in the lettering and trademark. The contract states that the signs would be illuminated every night from dusk until midnight and would continue until March 30, 1929. The agreed price for one "Heisey Glassware Spectacular Flashing Electric Sign" facing east, at the corner of Mississippi Avenue and Boardwalk, was \$7,250.00.

Heisey had quite a presence in Atlantic City! Check out the photos on American Memory. Click to enlarge the thumbnail images to see the fascinating detail of the signs and dapper people on the Boardwalk.♥

2002 BENEFIT AUCTION MAIL BIDDERS RECAP

DICK SMITH

This year's Benefit Auction was a great success, thanks to our consignors, buyers, and volunteer helpers. As most of you know, this is a MAJOR fund raiser for HCA.

The auction totaled approximately \$103,000.00 for the 1,200 plus lots sold. Of these 1,200+ lots, there were 329 lots with a mail bid. There were a total of 540 bids on these 329 lots, which means several lots had multiple bids.

One hundred thirty-six lots had a successful mail bid, for a total of \$16,000.00. One hundred ninety-three lots had unsuccessful bids. The losing high bid totaled over \$25,000.00 Two hundred eleven mail bids were negated by higher mail bids. The amount of these bids is not counted in the above figures. There were six mail bids decided by post marks, of which three were successful on these items.

Unfortunately, there were three people whose bids were not delivered by the post office until after the Auction. Do not wait until the last minute. Bids must be received three or four days prior to the Auction to be processed correctly.

The Mail Bidder relies on the catalogue for proper ID and descriptions. Prior to the Auction, two or three people look at items that have mail bids (except for items that the catalogue already lists as damaged or flawed). This helps us execute your bid. We are human and do miss some things.

I believe everyone deserves a big thank you: the consignor who packs and ships the glass to us; the crew who unpacks and catalogues the items (no easy job); all those who helped at the Auction itself; Apple Tree Auction Center, for FREE use of their space; all the auctioneers; all those who tore down and took the Mail Bid items back to the Museum; the staff and volunteers who packed

all the Mail Bid items for shipment; and all the great buyers who purchased glass to make this successful.

HCA realized approximately \$21,000.00 profit for all your hard work.

Thank You!♥

HEISEY PATTERN #8, VERTICAL BEAD AND PANEL

JOE
LOKAY

This was an early pattern for A. H. Heisey Company. In the beginning, the large, multi-item patterns were given 1200 numbers. It seems that the small, early patterns were given low numbers like #8. Why not #3, 5 or 7, who knows? Clarence Vogel named this pattern.

The pattern is a simple design. It consists of identical panels separated by a single row of small beads. The edge of the pieces were slightly scalloped, and each single row of beads connects to the lowest point of the scallops. There is a Heisey star in the bottom. Because the glass is thin, the items in pattern #8 are lightweight.

Information on pattern #8 was obtained from Heisey Price Lists #60 (1900), #100 (1903), #120 (1906) and #142 (1908). Pattern #8 was listed in PL 60, 100, and 120, but not in PL 142 or PL 155 (1910).

The Prices Lists show that only 13 items were produced in the #8 pattern. The 13 items consisted of seven nappies, two plates, two specialty bowls and two lampshades. See the table at the end of this article for descriptions of the 13 items.

Based on the disappearance of #8 from price list #142 (1908), production of #8 ended in about 1907. The bigger question is, "When did production of #8 get started?"

Once a year, the glassware manufacturers sponsored a show at the Mongahela House in Pittsburgh, PA. The companies would show their current and new patterns to the glassware buyers. Various professional journals would write about the patterns that each company was featuring. For example, *China, Glass and Lamps* indicated that the A.H. Heisey was showing settings of their new patterns #1200 Cut Block and #1201 Fandango. In 1897, it was #1205 Fancy Loop and #1220 Punt Band. In 1898, it was #1225 Plan Band and #1255 Pineapple and Fan. In 1899, it was #1250 Groove and Slash and #1280 Winged Scroll. In 1900, it was #300 Peerless and #305 Punt and Diamond Point. In 1901 it was #315 Paneled Cane. There was nothing about pattern #8, 9 or 12 in any of the journal write-ups.

In early 1900, Heisey started using the trademark Diamond H on their glassware. None of the items in pattern #8 are signed with a Diamond H, so it is assumed that production of #8 started sometime before 1900.

In the September 21, 1899 issue of *China, Glass and Lamps*, there was an article about Heisey's new line. It stated that the company had departed boldly and radically from the beaten path in designing their new line. The pattern had the old and simple forms of antiquity. This was in reference to the new Peerless pattern #300.

Pattern #8 has colonial features in its design; namely, the panels and scallops. Maybe someone suggested taking the beads out for a better-looking pattern. Because of the colonial features in #8, this pattern may

have been a precursor to pattern #300. I feel production of pattern #8 started in early 1898. This would make the production period for pattern #8 from 1898 to 1907 or nine years.

Items were made in crystal only. One reference indicates that there may be items in yellow.

2002 Vivian & Percy Moore Dinner set for September 21st in Rochester, NY

Due to the tragic events of September 11th last year, the Vivian & Percy Moore Dinner in Rochester was cancelled. The Heisey Collectors of the Rochester Area, which made all of the arrangements last year, has graciously offered to head up this year's event. The dinner will take place Saturday, September 21st. Details and a registration form will be provided starting in

HCA HOLDBACK MAIL AUCTION

HCA is offering to sell from the holdback area special items we use for special auctions. These items are all feasibility, samples, very low production, test run or whimsy items. All are rare items.

We have described the items as best we can. Production dates and quantities come from the book *Heisey by Imperial*. Remember, most of these items were not production items and very small numbers were made.

Auction starts May 15 and closes June 30, 2002 at 4 p.m. EST.

There are no reserves, but, just like eBay, there will be a modest minimum first bid.

Bids will be accepted by mail, drop-off, fax and e-mail. All bids will be sealed and date-stamped, with the highest bid winning. In the case of a tie, the earliest date-stamped bid wins. All bids will be competitively bid. Payment, including shipping and insurance, will not be requested until after the auction. Once a bid is placed, it cannot be withdrawn.

All items are on display in the multi-purpose room of the Museum and will remain there throughout the auction. (Be sure to check them out and place your bids during Convention!)

Winning bidders will be notified within seven days after the auction and the amounts of the winning bids will be published in a future issue of the newsletter.♥

“WHAT’S IT WORTH?” ANTIQUÉ APPRAISAL EVENT – JUNE 22ND

The Heisey Collectors of America will be hosting an antique appraisal event during Heisey’s June Convention. The event will take place **Saturday, June 22nd from 9:00 a.m. to roughly 1:30 p.m. at the Museum.** A panel of appraisers from across the United States will be on hand to appraise antiques and collectibles.

Items to be appraised will include furniture, glass, paintings, jewelry, china, silver, art, pottery, etc. You may bring as many items as you choose, but only two can be appraised at a time. You will need to re-enter the line for additional items.

Since this is a fundraising event for HCA’s endowment fund, \$5 per appraisal is requested.

This is a golden opportunity to avail yourselves of the expert appraisers who will be here for the Heisey Convention and find out just “what it’s worth!” Let’s see what’s in the attics of Newark. For more information about this event, contact the Museum at (740) 345-2932. ♦

NEWARK BICENTENNIAL PLATTERS TO BE SIGNED BY “HEISEY BOYS”

The third generation “Heisey boys” will be at the Museum signing tags for the Newark Bicentennial platter on Saturday, June 22nd, from 11 a.m.-2 p.m.

If you aren’t familiar with this particular piece, it was made from the same #1252 Twist mold in which the A. H Heisey & Co. produced commemorative platters for both the Newark and Ohio sesquicentennials in 1952 and 1953, respectively. The original platters were produced in Crystal.

The Bicentennial reproduction platters are being made by Mosser Glass inc. of Cambridge and differ from the originals in three ways: they are teal; the sesquicentennial seal on the left side of the platter has been replaced with the Newark Bicentennial Commission’s seal; and they were not flattened after being removed from the mold, as the Heisey platters were, so they are actually more of a bowl shape. Only 2002 of the platters will be made, and they will be numbered.

Four of company founder A.H.’s great-grandsons (George D., John F., Tom and Gus Heisey) will be signing special oval labels featuring an image of the Heisey factory.

Platters can be purchased from the Newark Bicentennial Commission at the signing or in advance at the Convention Show & Sale or by completing a printable order form found at: <http://www.newarkohio200.com/forms/orderform.PDF>.

The signing coincides with HCA’s “What’s it Worth” appraisal event, so there will be plenty to do at the Museum. Be sure to pay us a visit before you head out of town after Convention. ♥

MEMORIES FROM HCA'S EARLY YEARS, PART V

BOB RYAN

I was going drawer by drawer through my file cabinet, looking for something that I cannot remember at this moment, when I discovered two 1972 Heisey Auction catalogs, complete with pictures, prices realized and, better yet, what we purchased.

My, oh my, talk about hindsight. If one could only have speculated, dreamed what the items sold at this auction would bring in years to come. I think Sam used to say, "It's only money folks." What he really meant was, "It's only money to be made folks. Bid and make your fortunes."

Well, some of the people with real foresight did do just that. We bought what was fitting into our collections at the time. Many pieces we bought later at much higher prices. Too soon old, too late smart as the saying goes.

I promised myself I would not do this to you all, but, what the heck. You all should be allowed to wallow in self pity also. Naturally, some of you could not have been there, some of us who were present were not there either.

You will note some of the items were expensive from the get go. Most look like bargains at today's prices, but bear in mind that gasoline was maybe \$.49 cents a gallon, a motel room in Newark was \$35.00 and a family of four could eat out at a restaurant for \$10.00. Newark did not have a McDonald's as yet. Wendy's was still a dream of Dave's. People were making a killing on KFC stock. And yes, some people were doing OK with Heisey.

Sam Schnaidt and his buddy, Frank Frye, F& S Auction Service, and their wives, Heidi and Phyllis, held these bodacious Heisey auctions at the "Y" and then the Opera House in Granville. Boy what a fun happening!!! You could be really concentrating on the auction at the Opera

House plotting your strategy on an upcoming lot when maybe the spring in the seat would go "boing," there would be a scream and the auction would be interrupted for a moment as people changed seats. Sam would not miss a bid.

A certain founding member would always sit in the front row, usually with bid number 17, and if you contested something in which he was especially interested, he would turn around and ask, "Who's bidding against me?" Somewhat intimidating, but I got over it quickly. We had some real battles at the Opera House. Somehow when Sam moved and created Apple Tree Auction Center, some of the mystique was lost. No ghosts appeared on the stage anymore, in fact there was no more stage. No bids came from the balcony, no balcony. But, there were fun and games that were unique to Apple Tree. Then came the new and improved Apple Tree Auction Center. But, I digress.

Like Dave Thomas and Wendy's, I don't believe Sam was even aware of a dream like Apple Tree in 1972 when these catalogs were used to whet the appetites of a house full of people at the "Y" at Sixth and Church Streets in Newark on June 17 and November 11th, 1972.

The first item on the docket was a #433 Greek Key water bottle, and it was knocked down for a bid of \$50.00. The second item was a #4164 water jug with the Diana etching and it brought \$20.00. The four tumblers, #2930 with Diana etching, brought \$12.00 for all four because there was some roughness. Other results included: a crystal Rabbit paperweight for \$35.00; a crystal Scotty for \$27.50; a #1624 Patio amber tumbler for \$17.50; #1252 Twist oil and vinegar in Flamingo for \$20.00; #1495 Fern two-light pair of sticks with Orchid etch for \$40.00; #3350 Wabash goblet with "amber stem" 5 of em, turned out they were experimental gold stems, yours truly got those \$15.00 each; #1405 Ipswich 10" vase for \$17.50; #7047 Comet Leaf Tumbler in Sahara for \$42.50; #1201 Fandango Cruet for \$40.00; #1401 10" handled bowl with a

palm tree cutting for \$25.00; Show Horse for \$275.00; Bunny Head Down for \$30.00; Bunny Head Up for \$35.00; Mother Rabbit for \$250.00 (Our daughter gasped at this bid.); Airedale for \$175.00; #3397 Gascony decanter in Moongleam for \$50.00 (Where was I? Not only that, but some time ago I told someone I had never seen a Moongleam Gascony decanter. Maybe the seat cushion spring got me right about then.); #4035 Decanter with Sweet Adeline etch for \$60.00 (asleep again); #4036 27 oz. decanter w/ a very special cutting for \$45.00; a matching #4163 108 oz. pitcher \$70.00 (ouch); Gazelle for \$400.00; Asiatic Pheasant for \$125.00; #5057 large vase with the Huntress carving for \$100.00; #516-3 9" diamond optic vase in Flamingo for \$12.50; a pair of #3397 Gascony candlesticks in Sahara for \$40.00 (Wow!); #1493 World candlesticks a pair, one with damage, for \$35.00 (Should have been there Carl!!!); #1401 Empress alexandrite ash tray for \$60.00; Good Morning juice set, a pitcher and four tumblers, for \$110.00; #4209 vase with the Sport Etching for \$50.00; #4229 Cobalt favor vase for \$40.00; #4228 Cobalt favor vase for \$25.00; #4045 4" Krall cut rose bowl for \$45.00; #5013 Shasta Cordial w/daisy cutting several for \$25.00 each; #3390 Carcassone Alexandrite cordial for \$45.00 each; #3368 Albemarle cordial for \$10.00; #3389 Duquesne Tangerine wine for \$135.00; #3404 Spanish Goblet with Krall cutting for \$160.00; #4039 Penguin decanter for \$40.00 (Hey, I was awake on this one. We took it home.); #413 Tudor cigarette box and cover in Flamingo for \$17.50; a pair of #1488 Limelight Kohinoor candlesticks for \$160.00 (Did you get those, David?); an Amber Plug Horse (Sparky) for \$150.00; #4164 73 oz. pitcher w/ Orchid etch for \$335.00; 8 #2351 12 oz. tumblers w/ Orchid etch for \$80.00; a pair of #1401 Dolphin footed candlesticks in Flamingo for \$90.00; #1401 6" square plate in Tangerine for \$125.00 (price has remained steady over the thirty years); 14" Orchid etched vase for \$35.00; #1420 Cobalt Tulip vase for \$200.00; #1235 Beaded Panel and

Sunburst punch bowl and Base for \$85.00; #1430 high-footed candy crystal for \$60.00; and an Elephant-handled mug for \$100.00.

This will give you an idea of how well your collection has endured. One constant, whatever I like, there are always more than two other people who like it! It has always been fun attending these auctions. The competition is usually fierce, but there are always buys. The best place to find Heisey is at an auction in Newark. Those of you who were at the recent Benefit Auction had a good time and walked away with some great items. That is, if you had the courage to bid.

Maybe I will tell you what some of the later auctions had and the prices, if you can take it.

Remember the Ream Fund closes June 20th. Be among those honoring a great Heisey couple. See you at Convention 2002, where more reminiscences will be made. Don't miss the Swap and Blind Auction and of course the "What's It Worth?" session Saturday morning.♥

FRANKLY RHYMING

FRANK HUSTED

As part of a fundraising effort, Dr. Husted has agreed to create limericks, like the one below, for HCA members based on the pattern(s) of their choice. A donation to HCA is requested for each limerick created. If you would like to learn more about this fundraising event, you may contact Dr. Husted by phone at (610) 469-1243 or via e-mail at flhusted@aol.com.

THE NATIONAL MUSEUM OF CAMBRIDGE GLASS OPENS

The National Cambridge Glass Collectors, Inc. proudly opens a premier glass museum in downtown Cambridge, Ohio. It houses a superb collection of Cambridge Glassware produced by The Cambridge Glass Company from 1902 to 1958. The museum is located at 136 South Ninth Street, one block south of the main street in Cambridge. The museum is open now through October. This marks the 100th anniversary of the opening of the company. The Museum's Grand Opening celebration will take place during NCC Convention Week on June 27, 2002.

In the early 1900s, Guernsey County, and particularly Cambridge, became known worldwide for its production of quality glass, mainly from The Cambridge Glass Company. Today, Cambridge glass is a much sought-after collectible. The company produced thousands of designs and color combinations, considered one of the finest quality glassware lines in the world. The museum display area is made up of 150 lineal feet of 16" shelving, where visitors are able to experience a wide variety of examples of this admired glass. It is an awesome beauty of well-lit, sparkling glass and warm oak display case.

The History of Glassmaking is represented using mannequins in 1100 square feet of exhibits with a mock furnace, tools, molds and other items involved in the manufacturing process of fine handmade glassware (*see right*). Within this area, visitors can see an etching table, a decorating area and an engraving/cutting area.

Included in the museum is a 100 square foot Dining Room display. Using period furniture as its backdrop, the room is appointed in examples of a finely set table in the early 1900s.

The Sample Room played a very important part in the sales of The Cambridge Glass Company. Another 100 square foot room has been created to represent a Sample Room. This room uses original sample room furniture and shelving. The door itself is the original Sample Room door from The Cambridge Glass Company facility.

In addition to original Cambridge glassware, an area has been created to display reproductions. With the advent of reproductions, it is important that collectors learn to distinguish between original and reproduction items. This display will help to make these distinctions crystal clear.

The museum has a gift shop where visitors may purchase small glass items and select from a library of books that are for sale. Also available for purchase and viewing is the video "The Crystal Lady", which was an original Cambridge advertisement for glassware. In the future, the museum will offer a research room full of an outstanding collection of reference material.

The museum is handicapped accessible with plenty of parking available. It is open April through October: Wed. – Sat., 9a.m. to 4 p.m.; and Sunday, noon to 4 p.m. Closed Easter and July 4. Admission - \$2. Children under 12 are free. For further information contact: National Cambridge Collectors, Inc., P.O. Box 416, Cambridge Ohio 43725, (740) 432-4245 or visit www.cambridgeglass.org.♥

RULES FOR THE 2002 SWAP AND BLIND AUCTION, "HURRAY FOR THE RED, WHITE AND BLUE"

SWAP MEET RULES:

1. Come to have fun! The more trades you make, the more fun you will have!
2. Only twelve Heisey items (per family) are allowed on your swapping table at any one time.
3. Special emphasis is placed on mating your singles into pairs: tops for bottoms, bottoms for tops, stoppers for jugs and cruets for stoppers! Items for mating do not count in the twelve total allowed on swapping tables per rule #2.
4. NO MONEY OR PAUL REVERE SILVER may exchange hands for ANY items. (This means British pound sterling too!)
5. You may exchange original items at any time for other items as long as the total number of items on your table does not exceed twelve items at any one time. Matching items do not count toward the twelve total items.
6. Have a good time, be aggressive and keep moving-you may be pleasantly surprised with your trades.

BLIND AUCTION RULES:

1. All of the "All-American Boxes" are waiting to be claimed by auction bidding.
2. All boxes are sealed so nobody (not even the patriot who boxed them) will know what particular item/items are in which box.
3. Each box contains actual finds of Heisey glassware or wonderful Heisey related items, with a promise of a dollar value of no less than \$100.00 per box.
4. Each box will be offered for auction with a reserved opening bid of \$50.00 per box.
5. Bidding will be open to all in attendance. First winning bidder can choose whichever box they want from all boxes offered. ONLY ONE BOX per each winning bid. However, all bidders may bid again for another box if they wish each time the bidding is reopened.
6. After each box is claimed by successful bidding, it will be opened by the successful bidder in, for all to see. ♦

CLUB NOTES

#7 Dayton Area Heisey Collectors *Judy Rhoads*

The meeting of the Dayton Area Heisey Collectors #7 was held at the Huber Heights Public Library on April 16 at 6:30 PM. President Karen Clark presided and eighteen members were present.

During our business meeting, we discussed recent and future club projects including the 2003 Percy Moore Dinner, our Cordials book, the recent Before Auction Madness flea market held before the Benefit Auction and programs for future meetings. Thanks were expressed to all those who helped with the Before Auction Madness and to all those who helped with the Benefit Auction.

Program: Bob Ryan passed out the results of our Price Is Right Benefit Auction guessing game. At our last meeting, we each wrote our guesses as to how much certain items that had been randomly selected from the Benefit Auction list would sell for. After the Benefit Auction, Bob totals up our guesses and compares them with the actual selling prices. We all had a chance to see how astute we are at predicting Heisey prices. Bob Dickman took honors for coming closest to the Auction prices.

For our May meeting, each person is to bring a donated item to be sold at our own mini-silent auction. Proceeds from this fun fund raiser go to the Endowment Fund.

Show and Tell: #5074 Seahorse Cocktail; Pair of Fish Candlesticks; #20-443 Vase, 5 1/2" base, 8" tall; 5 1/2" round, two-handled Canary Cookware Dish; #3350 Flamingo Wabash 6" Comport and Cover; #299 7 oz. Flamingo plain bottom, narrow optic Toddy; #150 Banded Flute 9 1/2" Flared Nappy; #398 Hopewell Beverage Bowl with Cutting; #1503 Crystolite Rye Bottle; #4225 Cobel Rock and Rye Bottle with Sportsman Etch; #485 Cologne with #64 Drip Stopper, with Windsor Cutting; #1509 Queen Ann Dolphin Footed Candleholder; #5082 Mid Century Claret; #369 Reverse Hartman Covered

Candy; #40 Salt and Pepper with Floral Cutting and Sterling Tops; #343 Sunburst Tumbler; #361 Angular Criss Cross Tumbler; #32 Skirted Panel 5" handled one-light Candlestick; #1280 Winged Scroll 4" Nappy; #1503 Crystolite Individual Table Set (Tray, Creamer, Sugar); and #423 Diamond Band 5" Nappy. ♦

#22 Northwest Heisey Collectors *Deborah de Jong*

We had twenty-seven members and two guests come to the beautiful home of Don & Glenna Wehmeyer. Even with that many people, there was plenty of room for looking at their collection of Heisey candleholders and goblets. The ash trays, color pieces, and miscellaneous things were just as impressive. Gordon and Darlene Cochran acted as co-hosts by bringing a Kalonyal punch bowl set for the refreshments. Glenna wants to thank Karl de Jong for helping members get their things upstairs with the grocery carts from the garage. Our guests were Larry Hefti, who found us through the Green River Show Club display, and Denise, Jim Curtiss' friend.

New Business: Ruth Leman had been asked by Glenna if she could come up with any ideas for a fundraiser for the Museum. Ruth and Dale own the Glass Eye in Seattle, a glass gift and art store. They have a hot shop in Ballard where they make some very interesting pieces. Ruth brought several ideas to present to the Club. The first is an egg shaped paperweight with a flat window on the side that could have the H etched onto it. The colors for the interior could be anything, but the cobalt was felt to be appropriate. The second was a "Christmas" ball that could be made in colors resembling the Heisey colors, a new one each year. Unfortunately there is no way to put a logo on it, so it wasn't the favorite. Ruth also told us about a second paperweight that could have a Diamond H put on a slice of glass inside the paperweight. We had a motion made to pay for samples of each of the paperweights to present to the Board of Trustees in June at the Convention. These feasibility items will be auctioned to our members afterwards. The motion was passed.

Karl & Deborah de Jong will make arrangements to present it to the Board.

As a thought for the future, Fred Olsen volunteered to compose a composite logo to include the "genealogy" of Heisey by combining Heisey, Ripley, and Duncan logos for a unique collectible. If our ideas are successful, this would be a good idea for future use.

Raffle: Wilma Doane was the lucky winner this month. She found an Octagon Sahara handled jelly in the bag. The raffle brought in a goodly amount since we had so many members in attendance. Let's keep it up! We also had a second prize donated by Glenna, a fancy box of chocolates that Bill Witzke won and had to hide immediately, and we have a few chocolate fiends in the group! What a nice addition to the raffle. Thanks, Glenna!

Show & Tell: Glenna had just about every small candleholder Heisey made. What she didn't have she called other members for and it resulted in the most comprehensive display we have seen in a long time. Look in the Candlestick book and it will be the same as what we saw on the table at the meeting! Colors were in abundance, as were variations on the theme. I won't even try to list them. Next time, come to the meeting to enjoy.

As mentioned above, there also was a #1521 Quilt candy box; Imperial made Jack Be Nimble, marked and labeled; and a #1506 Provincial saucer candle in Verde, only made by Imperial. I forgot to take notes on the other pieces. The candleholders took my attention!

Donation: Liz Powell had a Liberty candle in flamingo with a "mouse bite" out of it. She wanted to give it away, but since more than one person wanted it we had an auction. After spirited bidding Gordon won it for \$2. He can fix it, I bet! We also had a donation from Kay & Swede Larsson. They have donated a #1280 Winged Scroll trinket box in opal for the Club to raffle off. Since this is a very nice piece, we will have a three-month raffle so all may have the opportunity to buy a ticket. Each ticket will be \$1, you may buy as many as you wish and the drawing will be in July. You need not be present to win, just buy lots of tickets! Thank you Kay & Swede!

Meeting Adjourned: After the meeting was finished and the visiting ended, a small

group remained to review the HCA slide show on Heisey by Imperial. We had an interesting time and actually learned a few things. Not many corrections to the script, only one item incorrectly identified. Thanks so much to Chris Witzke for bringing her projector and screen. Thanks to those who could stay and help with this project.♥

#35 Virginia Heisey Club
Libby Marks

The Virginia Heisey Club recently met at the home of Jean and Jerry Dougherty. After a brief business meeting, Jean showed several pieces of Heisey in Sahara. The highlight of the afternoon was the discussion of the bargains that were discovered recently. Those were: a Hawthorne Banded Flute Chamber Stick for \$19; a Fern Handled Twin Mayo for \$8; a Janice Vase for \$5; and the bargain of the month, \$2.75 for a large Old Williamsburg Compote. Maybe a visit to Virginia is in store for some of you. If you are interested in joining the Virginia Heisey Study Club, please contact Jean at 757-868-6664 or e-mail Libby Marks (larrym50@aol.com). Our next meeting is 2 June in Virginia Beach.♥

#42 Gulf Coast Heisey Club of Florida
Rose Mensh

The Gulf Coast Heisey Club of Fla. met at the home of Ellen and Tom Rickles, Sarasota on March 21, 2002. Present were 15 members and one guest. Our President Bob Kreimer opened the meeting by introducing Bernice Stein of Siesta Key and the Cleveland, Ohio area. She will become a member at our fall meeting. Her collection consists of mustard jars.

The president received a letter from HCA asking for volunteers at the Museum. It would be inconvenient for our members unless they were in the Newark area. Elen Rickles informed us that several members could not attend this meeting due to illness and other reasons of most

importance to them. The subject of having another meeting month was brought up again. We normally meet in Nov., Jan., and March. It was suggested and agreed to stay with the three meetings. A suggestion was made to meet at a more central location since most of us drive a long distance to the host homes. We will strive to accommodate everyone. Following a lunch break, we held our program of our favorite Heisey pieces. The items shown consisted of: Ridgley square nappy; Orchid Etch 5" candy dish w/cover and seahorse handles; 7" Orchid Etch crimped vase; #341 Colonial footed compote; 14" large Plantation platter; Fleet & Panel cream soup; small Colonial compote; Spanish goblet; 2 favor vases in Tangerine & Clear; Puritan wine glass; White Owl ashtray; Fandango pitcher; Windsor candlestick; Old Williamsburg candlestick; #134 Trident candleholder w/ special cutting; a frosted 11" Madonna; Chintz Duquesne goblet; and an old newspaper article that contained a photo of our member which included a Heisey candlestick in the background. A quiz was conducted by President Bob Kreimer. All the items were very interesting, however most of us could not identify them. ♥

#44 National Capital Heisey Study Club
John Martinez

It's up and running! If you haven't seen it yet, go to the internet and type in capitalheiseyclub.org. I don't know what I was expecting, but it sure surpasses my wildest expectations. Our web administrator, Russ Reopell, has done a wonderful job. Tell all of your friends and neighbors about it.

If you missed our May meeting, go to our web page and click on the show ticket to see pictures of items from the show. Once again, our dealers had some amazing Heisey glass for sale. Where do they find this stuff?!

Elections for next year's officers were held at the April meeting. John Martinez will continue as President, Chris Maskaleris remains the Treasurer and Bryan Baker will be the Secretary. Due to health, Knobby Ross has decided to step down as Vice-President, so we will need to fill that position at the May meeting. Thanks to

Maezene Walker and Knobby for the wonderful jobs they did as Secretary and VP, and thanks to those who will serve as officers in the following year.

Even though attendance was down by about thirty people from last year, we still had quite a profitable All Heisey Show and Sale. I am sure that this year's contribution to HCA will bring a smile to the faces of the folks in Newark. ♥

#49 Dixieland Heisey Study Club
Loleta Hammontree

The March 9, 2002 meeting of the Dixieland Heisey Study Club was held at the lovely home of George Bennett, Jr. and Lamar Birckbichler. Following a very enjoyable Italian dinner and social hour, the meeting was called to order.

Meetings for 2002 - January 2003 were scheduled as follows:

May - May 11, 1 PM, (Saturday), Hammontree's, Chattanooga, TN

July - Parker's, Decatur, AL

September - undecided

November - Edwards, Kennesaw, GA

January 2003 - Freeman's, Dunwoody, GA

Club dues were collected from those in attendance and unpaid.

Due to the resignation of Bob Bartholomew, secretary of record, a motion was made and approved to remove his name from the club bank account. Craig German was nominated and approved by vote as the new secretary and treasurer.

The slate of officers was read and confirmed as follows:

President - Loleta Hammontree

Vice-President - Dick Schwan

Secretary - Craig German

Treasurer - Craig German

Glass Show Chairperson - Sid Edwards

Web site Administrator - Lamar Birckbichler

The treasurer's report was given by the president. A motion was made and approved to make the club donation to the HCA at the 2002 convention.

After discussion of the 2002 glass show and the issues created by the absence of Bob Bartholomew, a motion was made and approved to move forward with plans for the 2002 glass show.

A proposal was made to amend the by-laws to provide a 2-year term of office for club officers. This amendment will be presented in writing and read at the May regular meeting.

Issues to be carried forward for the next meeting are details of the 2002 glass show, location of 2003 glass show, and method of funding meals for future meetings.

After Show and Tell, the meeting was adjourned. ♥

WEB WATCH: National Imperial Glass Collectors Society

You probably know that the Imperial Glass Corp. of Bellaire, OH purchased the Heisey molds after Heisey went out of business in 1957, but how much do you really know about the Imperial company and its glassware or about the collectors society? You can learn more about them at:

When Renewing Your Membership...

Help ensure the future of your Museum. When you renew your membership at one of the levels below, any amount beyond the regular Associate dues—\$25.00 plus \$5.00 for each additional household member—goes into the Endowment Fund.

<i>Individual Contributing, one person in household</i>	\$30
<i>Joint Contributing, two people in one household</i>	\$40
<i>Family Contributing, parents and children under 18</i>	\$50
<i>Patron</i>	\$100
<i>Sponsor</i>	\$250
<i>Benefactor</i>	\$500

Contact the HCA Administrative Office at (740) 345-2932 for more information. The Endowment Committee wishes to thank those who have become Endowment Members and all of the individuals and study clubs that have so generously supported the HCA Endowment Fund. All members who have supported the fund are recognized each year in the February issue of the newsletter. Your support will make the Museum self-sustaining in the years to come. Thank you all! ♦
