The leaves are falling from the trees rather rapidly now, and we are already talking about Christmas. Since this column won't appear until the December Newsletter, I would like to wish everyone a very Merry Christmas or a Happy Hanukkah.

I have appointed a committee to study the club and museum's needs for an in-house computer system. Members of the committee are: Jack Metcalf, Chairman; Louise Ream, Betty Barnard, Tom Bredehoft, Tom McCullough, and yours truly. This committee will make its recommendations to the Board hopefully by the March Board Meeting. If anyone out there can provide more expertise in this area, please contact one of the committee members. As always, your help in these matters is valued and needed.

During our recent trip to Washington D.C., we were privileged to visit the Smithsonian American History Museum. Once inside, I discovered there was a display of American made glassware in the building. However, once I found the display I was disappointed, as there was no Heisey to be found, let alone any glass from the late 19th or early 20th Century. Louise informs me that the Washington club donated Heisey to be used in the Smithsonians' display. Maybe I was just not looking in the right place, or could be it was not on display at that time.

MERRY CHRISTMAS TO ALL!

Until next month.....

DATES TO REMEMBER

- June 18-21, 1987 - Convention

From the Desk of the Director..

Louise Ream

Merry Christmas and Happy New Year to all of you out there in Heiseyland! I can hardly believe that this is the last issue of 1986 and the end of your 15th year of Heisey News. It has been a lot of work and also a lot of fun to get out this publication for all of those years and I hope you still appreciate and enjoy it. This reminds me that we have a lot of back issues which you can purchase and also an excellent index to the first ten years. (Who wants to do the next five?) Volumes V, VIII, IX, X, XI, XII, XIII, XIV and XV, full year sets of 12 issues, cost \$9.00 each. These would be a nice Christmas gift for newer collectors.

Some time ago I had a note from Peggy Cox of Oklahoma and she said that Ernie had had by-pass surgery and a pace maker put in. We have not heard anything lately but hope he is improving.

Sam and Heidi Schnaidt's young son, David has leukemia and is having a bone marrow transplant today, November 13. He will be in the hospital in Cincinnati for many weeks. All of us are thinking of him and wishing him great results. He is a very brave boy. Sam's father died two weeks ago so he and Heidi have been having rough times.

We hope that many of you have sent in your reservations for the Christmas dinner at the Mansion at Bryn Du. I don't know when this newsletter will arrive but if you get it in time you can call in through Dec. 1 if you have a credit card. The Mansion has recently been sold to Bob Kent who also owns the Granville Inn and the Granville Golf Course. He will be building new homes on some of this property.

We have added a dues reminder to the back page of this issue. The number "12" on the right side of the label indicates the month of your expiration. The number after it is the number of members which you have. Example: 12-3 means December and 3 means number of members. If you do not pay your dues this will be your last issue.

Our printer has had a terrible time transferring all the names to his new computer. We expected it to be better than the outside service he was using. Up until now there have been misspellings, mixed up names etc. Maybe it can all be solved soon.

The museum has been busy these fall days and sales are pretty good also. We mostly support the museum with the gift shop, so if you want any lasting Christmas gifts come visit, write or call. We'll ship at once. Many items were listed last month and the whole list was in a few months back. We have some nice Viking items also if you live close enough to come in. These are very hard to advertise because we usually have just a few of any one item.

Viking's furnace has broken down and they will be replacing it over the next few months so they will be making no glass for awhile.

Please note that Apple Tree Auction House will no longer be putting their auction lists in Heisey News. They are offering a service after the first of the year to send you catalogs and prices realized from the sales. See their ad in this issue concerning this.

The Christine Sawallesh Collection of Heisey glass down around Washington, D.C. will be offered at auction in that area on December 12. There are many good items in this huge sale. There is a 1/2 page ad in this issue. We have many other ads in this newsletter and we hope you will patronize our advertisers for your Christmas gifts of Heisey. Order soon if you expect to get delivery before Christmas.

Our sister city, Heath, now has a nice new shopping mall down on Thirtieth St. near Rte. 79 south. It is very modern and quite unusual. This will be someplace else for you to go when you come to this area. The Bob Evans Restaurant, near the mall, is also opening in a few days. And Keith Bradbury just donated another hundred shares of stock. He is the treasurer of Bob Evans.

Does anyone have any Sahara Empress pattern with the Lotus Classic etch? We own four plates and 4 each of two #3390 stems. If we can get some accessory pieces and cups and saucers we'd like to set a table with this at the June display. Please let me know at the club address.

The theme for 1987 is "Aloha" and should be fun to work with.

Bob Rarey will soon be taking your 1981 and 1982 and also 1983-84 newsletters to have bound in beautiful library quality as he did a few years back. These are really beautiful and make your newsletters into fine books. From 1972-1980 it took five volumes. The last four years will fill two more. He will put a notice in the January newsletter. Bob does this as a service to members - not as a money maker for him.

Dennis Headrick of Oregon has also accepted 10 or 12 more books from our library to bind for us. He has done many of these for us before and it makes a great improvement to our library. Remember Dennis is reactivating the Columbia HCC located in Oregon. He still wants new members. Just contact us here and we'll forward your letters to the club. Note also the ads for the Bay State and Washington D.C. area glass shows. These are great places to go.

We have a 299 Toddy Glass with the letters DAC in a crest. Above that are the words Top Score. Unfortunately we are unable to determine who left this and whether it is a loan or a gift. Please let us know if it was you.

Once again, I wish you all the happiest of holidays. May your Christmas socks be full of Heisey!

HAPPY COLLECTING,

Louise Ream

Long or short length dresses are appropriate for the Christmas Dinner.

See bottom of page 9 for the Classic etching mentioned above.

diamonds are forever.....

By Janet Caswell

The Yachting Center lured many famous artists over the years, and continues to do so. A hundred years ago N. A. Lindsey, while walking along the beach, found Childe Hassam contemplating the seascape and persuaded him to design the masthead of his newspaper, "The Marblehead Messenger". That masthead for which the now famous artist received five dollars - is still in use. It was recoppered once, but what a collector's item it is, for art authorities quote that the least of Childe Hassam's works in today's market brings many thousands of dollars.

Even though it is almost December, today is warm. The sun streaming in my window makes the prisms on my Grape Cluster candlesticks seem to dance and glimmer, putting yours truly in good humor! Being New England cold and snow is only a matter of time, but Fall brings all the indoor Antique Shows and hopefully a "steal" or something to brag about.

Bragging is just exactly what "the Old Viking" is doing when he recounts his recent finds at a Mall Show, the Baby Elephant lumbered into his life at less than lunch in the fast food lane!; the #1567 Plantation cream and sugar with #518 Ivy Etch was picked up at about the same cost and his next find was an 11½" square floral bowl - the #1510 Square on Round! (I have only held one in my hand once and it is a heavy beautiful hunk of glass.)

"Mountain Grandma" (CA) boasts a #32 Skirted Panel/handled candlestick (now she has a pair) plus a #433 Greek Key 5" low footed jelly and six (6) individual nuts.

Staying in the California area where it is warm, "Cal Kid" reports three pieces of #140. Empress in Sahara, the cream and sugar plus a pitcher.

It is sort of difficult leaving the warmth so let's see what "My Good English Buddy" from the Sunshine State (FL) has to say for himself, two toothpicks - #331 Colonial Panel and a lovely #357 Prison Stripe.

Leaving for Mass. the "Midnight Riders" donned their riding clothes and threw their pack over their backs, or was it in their car? Oh well, whatever - their pack was full when they came riding home, #1220 Punt Band 9" crystal comport, and nineteen (count them 19) pieces of Pied Piper etch - 8 plates, 4 wines and 7 juice glasses. Umm Umm good!!

"The Hanging Judge" (MA) must have his jail pretty full by this time for he shows no mercy: a #493 Cologne with a #65 stopper was captured and sentenced because it was flashed lavender. Now is that a sufficient reason? He also seized the #393 Narrow Flute combination relish with cover. Now, his good wife took compassion on the #1205 Fancy Loop three cornered nappy in Emerald/gold trim, this she added to her ever growing collection.

"The Pilgrims" (NH) are always out there on the horizon gathering up many morsels: #367 Prism Band decanter in moongleam, #310 Ring Band custard cup in Ivorina Verde, pair of #112 candlesticks in Hawthorne, #1205 Fancy Loop Emerald tumbler, #1295 Beaded Swag toothpick, ruby stain - souvenir Old Orchard 1902, #1401 Empress d/f cream and sugar in sahara plus the d/f Floral Bowl, #341 Puritan ½ gallon tankard/silver overlay, #1386 Ash tray in flamingo/dog, and a #429 Plain Panel Recess 1 quart Crushed Fruit jar, pat'd 1913.

The "Mr" has also been scouting around a little - the #433 Greek Key oval individual cream and sugar, #1252 Twist 13" three compartment relish in crystal, #354 Wide Flat Panel Domino sugar for less than a movie ticket, plus the #367 Prism Band decanter, crystal and etched. A lovely piece. This decanter was sitting in a dark place next to the bottom shelf just covered with dust, in fact so dusty that you could hardly see that it was etched. Cleaned up beautifully.

Now let's see what my "Sharp Eyed Friends" came up with this past few weeks: #406 Coarse Rib 4" nappy; #365 Queen Ann punch cup; #29 9" candlestick, and the #1469½ Ridgeleigh 8" Vase.

"Shy Gal" (MA) has two (2) #1454 Diamond Point individual jellies* or as I would rather call them "honey dishes".

"The Keystone Cops" (PA) decided one Sunday to go looking and came up with the #4037 1 Pint Sherry bottle with Orchid etch. It was missing it's stopper but maybe sometime one will show up somewhere. They also found #5025 Tyrolean 12 oz Ice-teas footed (three of them) and four (4) 10 oz low water goblets, all plain. The plain are very beautiful and much preferred by the "Keystone Cops" than if they had been etched. The optic shows nicely and the clarity of the glass can be appreciated.

"Two Guys" from the Constitution State (CT) found a 4" #1503 Crystolite covered cigarette box.

"Cruet Man" (CA) is always out there scouting around to add more to his beautiful collection. Those of us who were privileged to see his collection at the Convention this past summer can attest to their beauty. The #411 Tudor 6 oz cruet was added. Mr. Cruet measured some at the show and found that both 4 oz and 6 oz were made; he also added a very rare #1405 Ipswich 3 oz cruet in Flamingo. Yours truly saw that one and it is real pretty!

Now to continue with our Saga regarding "Eagle Eye" (OH) and I must say it has been exciting up to now. Are you prepared for number three? O.K.! "Eagle Eye" picked up, at convention time, one of the three 359 Colonial creme-de-menthes which were there. Oh, shame on me, I almost forgot to tell you what the color was. Alexandrite!!** Mmmmmmm. Eagle Eye, it has been great fun, let's do it again. I'll be awaiting my mailman.

"A Friend in Deed" has a #3404 Spanish Stem, the 5½ oz Champagne, with Pairpoint Cut and also a #361 Criss-Cross nappy.

"Mr. Crystolite" (MA) reports a #1170 Pleat and Panel covered Candy in moongleam and a #11 Flower Block in Flamingo. Two very nice color pieces.

"The Wiz" says, Presto! Here is a #1201 Fandango Crimped 9" bowl, while "the Felicitous Flamingo Hunter" gave me a list of Flamingo pieces that she has acquired over the past couple of months: #1404 Old Sandwich water jug, #1252 Twist oval Cream and Sugar, the #358 Ash Tray, a pair of #51 salt and peppers with #808 top (the one used for salt is quite cloudy), plus in crystal she has a #1460 Flame tumbler, #341 Puritan toothpick, #1184 Yeoman Cologne (enamel top) and the #356 Ash tray (that is quite a heavy piece and crystal clear).

Well readers, Christmas is almost here and I need some presents to make me happy. My best presents would be letters from each and every one of you filled with lots of input for "your column". Have the pleasure of seeing your finds during the New Year.

Starlight, Star Bright
 First Star I've seen tonight
 I wish I may, I wish I might
 Have the Wish I Wish tonight.
 Season's Greeting and Peace.

Janet Caswell

*Ed. note: If it is the little bowl it is an individual ash tray. If it is the little plate it is an individual jelly. This sounds silly but that is what A. H. Heisey & Co. called them in their catalogs.

** One of these was donated to the museum by the Golden Gate HCC. Beautiful! L. R.

At the bottom of Jan's column last month I questioned whether she was sure the little bar glass in alexandrite was really #3484 Glenford since that pattern was not known in alexandrite. The people who owned it were at the museum in October and brought it to show us. It is indeed #3484 Glenford and is absolutely darling! Another new item has been discovered. Isn't that great?

FAR EAST HEISEY CLUB

By Louise Ream

Two members of the Far East Heisey Club (of the Columbus, Reynoldsburg and Newark area) served at the museum on Oct. 26. At four o'clock the rest of the members met there for the purpose of going to see the Heisey Glass moulds.

Unfortunately our member, Jim Speelman, Warehouse Co-chairman, had injured his back on the previous Friday, apparently while he was cleaning up the place for our visit, so he was not able to go with us.

If you have never been to the warehouse you can't imagine what an impressive sight it is. Metal racks on three sides, with two more rows in the center, are filled from the floor to the 20 ft. ceiling of this 70' X 40' room. Moulds are on wooden pallets and every one is tagged with the number and name, if know. This tagging and placing on pallets was done in 1985 by volunteers and was a monumental task. A master list locates any mould which is wanted.

Everyone enjoyed looking at the moulds peeking inside some of them and also looking at some etching plates which were on display. Before we left everyone expressed surprise at the huge quantity of moulds and how pleased they were that "our" moulds are right back here in Newark where they started.

This was a fun and interesting meeting to attend and we suggest that any club close enough to Newark should try to do this.

Afterward we went to the Best Western Newark Inn (formerly the Sheraton) and had a delicious dinner (very reasonably priced).

Our next meeting will be at the museum on December 17 with Mollie Miller as hostess.

BAY STATE HEISEY COLLECTORS CLUB

By Janet Caswell

The Bay State Heisey Collectors Club held their October meeting on Tuesday the 14th at the Follen Church in Lexington, Mass. There were twenty-two members in attendance.

Our President D. Young called the meeting to order and the plans for our Annual Glass Show and Sale were discussed in length. The Show and Sale is slated for April 4th and 5th, 1987, at the Armory in Lexington, Mass. on Bedford Street. Heisey will be the focal point of the sale with about thirty dealers from around the country bringing rare and unusual pieces. There will be something for everyone, from the beginning collector to the advanced collector.

Sixty to seventy per cent glass will be displayed for sale along with other table items such as China, pottery and jewelry etc. An admission fee will be charged, proceeds going to the Heisey Collectors of America, Inc. in Newark, Ohio.

After the meeting we had a show on salts, given by Betty Pease and Jean Walter and examples of over 55 different salts were viewed. These were well researched and we all learned a great deal. Our Show and Tell table was again full of all sorts of treasures. Refreshments provided by Jean and Dick Seik were certainly enjoyed by all.

DAIRYLAND HEISEY CLUB

By Frank Harper

Since the June Convention we have had a soggy but "Good For Heisey Hunting" summer in Wisconsin. Included was a delightful outdoor cook-out meeting in Arlene and George Childer's spacious back yard during August. The minutes of the next meeting stated that the Club Secretary and Hostess excused herself to get jackets for everyone.

Five of our members, June Reville, Jean and Jim Priaulx, Marge and Frank Harper thoroughly enjoyed the fun-filled and well planned September Souvenir Dinner. It was again good to see and visit with our many good friends who attended. The tempting appetizers were only a beginning for a most delicious and bountiful dinner and great meeting. The show seemed larger than usual, perhaps because it was. I attended my first meeting of the Mould and Warehouse Committee which was interesting and another opportunity to meet new friends and associates.

Made some exciting finds both going to and returning from Newark.

On October 4th the Club met at the lovely home of Dorothy and President Ray Courtnage. A variety of "finds" were displayed after the business meeting. This was helped along by the fact that June Reville, Marge and I had just attended the huge Antique Show at McCormack Place in Chicago.

The Harpers have again had a good Heisey year on our many tours with the three Antique Car Clubs to which we belong. During the week long International Ford Tour we practically filled the back seat of our little Model T with finds. Would you call this Associated hobbies? Our biggest score was a Standing Pony Cocktail which we bought for a song while at a

recent Telephone Pioneer Meeting in Illinois. Didn't know I could sing so well!

The next meeting will be held at the Harper's on November 8. We plan to get back into studying as we are ordering the slides "How Well Do You Know Your Heisey" which are available from HCA as shown in the October issue of the Heisey News.

HEISEY CLUB OF SOUTHEASTERN MASSACHUSETTS

By Helen S. Mead

Members of the Heisey Club of Southeastern Massachusetts can now look back on two full years of successful activities, and the following slate of officers will again lead the group as it enters the third year: President, William Thran; Vice-President, Philip Phillips; Treasurer, Dorothea Banck; Secretary, Helen Mead. During the past year Mary Williams has coordinated the hospitality committee, with a lot of help from Mr. and Mrs. Wade Banck, at whose home, in Rockland, Ma., the meetings are held each month. Maria Martell, membership chairman, was successful in recruiting a number of new members: Mrs. Anna C. Bartlett of Cohasset, Charles and Barbara Horsfall of Jefferson, Susan Brown of Malden, and Janet and Lloyd Caswell of Marblehead. The latter is a member of the governing board of Heisey Collectors of America and very active in the activities of the national organization. He will again serve a co-chairman of the annual Display at the national convention in Newark in June of 1987. He recently announced the theme for the convention -- "Aloha".

From a modest first-year donation of \$50, the club this year, as a result of a very successful Show and Sale held in early June, donated \$500 to HCA for acquisition of glass for the Museum. The presentation was made by Irene Walton at the convention breakfast. Other members attending the 1986 convention were Bill Walton, official delegate; Rita Rozinha and Ted and Helen Mead. An additional donation of \$186 was realized by the Museum from articles provided by club members and sent to Ohio for a benefit auction.

Irene Walton, program chairman, arranged a number of interesting programs which included: Imperial vs. Heisey Colors, Irene Walton; Custard and Opalescent Glass, Shirley Dunbar; Heisey Trivia Quiz (from HCA); a successful club auction conducted by Everett Dunbar; an exhibition of "Stems" from Mary Williams' extensive collection; a July yard sale; an interesting and educational meeting at the Edward Winslow House, home of the Descendants of the Mayflower in Plymouth, MA; a September chowder party at the Marshfield home of Mary Williams, and a program on water pitchers, presented by Rita Rozinha.

Of special interest is the club's publication, Heisey Diamond of Southeastern Massachusetts, designed and executed by Shirley Dunbar, with the assistance of Jackie Thran, co-editor. The newsletter is alive and well thanks to a number of subscriptions, plus advertising and the hard work of the editors.

Show and Tell has been an integral part of each program, and the wide variety of Heisey items brought in for inspection has been a great learning experience for club members. Sometimes the experts (and we have several) can be stumped.

In January Irene Walton arranged an exhibit of Heisey at the Fentress Library in Marshfield, MA., and

the Waltons assumed chairmanship of the annual show when Beverly Sullivan resigned. Wade Banck handled the advertising and Bill Thran contracted for tickets, programs, etc. Ted Mead made signs; Bill Thran provided security during the show and Maria and Richard Martell and Jackie Thran arranged lunch for the exhibitors and workers in the hospitality area at the Sheraton. The locale for the 1987 Show and Sale has been changed to the Yankee Drummer Inn in Auburn, MA. and the dates set for October 10 and 11. Everett and Shirley Dunbar are in charge of arrangements for the annual event for which contracts are now being prepared.

The club has 23 active members.

YANKEE HEISEY COLLECTORS CLUB

By Charles O. Horsfall

The founding meeting of the "YANKEE HEISEY COLLECTORS CLUB" took place on September 24, 1986.

The following people are founding members:

- Donald and Betty Bean, Milford, MA.
- Philip and Marguerite Dynice, Ayer, MA.
- Charles and Barbara Horsfall, Jefferson, MA.
- Dr. Edward and Marion Morin, Worcester, MA. and
- Herbert and Jane Slater, Riverside, R.I.

Officers:

- Charles Horsfall - President 617-753-3488
- Donald Bean - Vice President and HCA Delegate
- Dr. Edward Morin - Treasurer
- Jane Slater - Secretary

Collectors wishing to associate themselves with this club may contact any of the members. The next quarterly meeting will be in early December for enactment of by-laws, and there will be a "Show and Tell" so everyone attending is encouraged to bring their bragging pieces.

Ed. note: This is the fourth study club in Massachusetts.

COLUMBIA HEISEY CLUB

The Columbia Heisey Club has been inactive for the last couple of years. We were very pleased to hear from Dennis Headrick that they are starting to meet again. Dennis would like to have prospective members contact him through HCA.

If you are interested in a club in that area write to:

- Columbia Heisey Club
- Dennis Headrick
- C/O P.O. Box 27
- Newark, Ohio 43055
- Your letters will be forwarded.

STUDY CLUB STATUS

The new clubs in San Diego, CA., and Massachusetts and the reactivation of the Columbia Club will make 36 HCA affiliated clubs and the National Capitol HCC, non-affiliated but extremely supportive.

To more fully enjoy your Heisey collecting join

one of the present clubs or help start a new one. It is really fun to share your hobby with other people with whom you have so much in common.

3390 Carcassonne Is There a Cordial?

For some unknown reason original Heisey information does not list a one ounce cordial for this pattern. What then is the 1 oz. footed item? It certainly looks like a cordial to the collectors of these little jewels. There is no listing in the catalog or price lists for any other one ounce item either.

The 3394 Saxony stem line, a close relative of Carcassonne which shares the same base is listed as having a one ounce cordial. There is one of these in the museum and the only difference is the shape of the bowl. The stem does vary on larger items.

The two ounce footed bar is a very nice item but it is too large to fit in a cordial collection. and I know of no cordial collectors who display it as such. We all have the little one ounce ones - in flamingo, sahara, cobalt, alexandrite and crystal and it may exist in moonbeam though I haven't seen it.

This is not the only time that something existed in a line yet was never catalogued.

HIGH SCHOOL MEMORIES—50 YEARS AGO

WE were before television, before polio shots, penicillin, and antibiotics. For US, time-sharing meant togetherness, not computers; a chip meant a piece of wood, hardware meant hardware, and software wasn't even a word.

WE were before pantyhose and drip-dry clothes, before icemakers and dishwashers, clothes dryers, freezers and electric blankets. Before Hawaii and Alaska became States, before men wore long hair and earrings and women wore tuxedos.

WE were before Leonard Bernstein, yogurt, Ann Landers, plastics, hair dryers, the 40-hour week, the minimum wage. WE got married first and then lived together. How quaint can you be?

In OUR DAY cigarette smoking was fashionable, grass was mowed, coke was something you drank and pot was something you cooked in.

In OUR TIME there were five & ten cent stores where you could buy things for five and ten cents. A nickel would give you a ride on the subway or the ferry or make a phone call or buy a Coke or enough stamps to mail one letter and two postcards. A new Chevy coupe cost \$659 but who could afford that in 1936? Gas was eleven cents a gallon. If anyone in those days had asked us to explain CIA, NATO, UFO, NFL, JFK, ERA or IUD we would have said alphabet soup!

Pizzas, Cheerios, frozen orange juice, instant coffee and McDonalds were unheard of. WE thought fast food was what you ate during Lent.

STORES THAT SOLD HEISEY...UPDATE

by Neila Bredehoft

Since my list of stores that we knew about that sold Heisey glass when it was made appeared in HEISEY NEWS, I have received a few more to list. Thanks very much to the people who wrote to report them.

Others are:

Garrity's Jewelry, Prairie du Chien, Wisconsin

Broer's, Toledo, OH (Also called Broer-Freeman at one time)

Also, the complete address of the D. H. Holmes store is 819 Canal St, New Orleans, LA.

I'll be glad to print more of these if more of you know of different stores.

HEISEY COLLECTORS OF THE ROCHESTER AREA

By Bruce Schwendy

Our October meeting was held at the home of Marge and Jerry Gillette. All of us, including guests Lucille and Harlan Harvey and Marlene Johnston, enjoyed seeing Marge and Jerry's Heisey collection and eating more than we should have of the cake decorated with halloween trimmings.

The topic for the meeting was ice buckets. Thirteen people filled the display table with an impressive collection of twenty four buckets with only two duplicates, and they were different shades of moongleam! There were crystal, moongleam and alexandrite Twist ice buckets, Octagon in the colors sahara, moongleam and flamingo, as well as sahara, crystal, moongleam, fisherman cut and arctic etch in Empress. There was a cut Queen Ann bucket and this piece provided a good demonstration of the difference between Queen Ann and Empress - Queen Ann is the one with internal ribs which you can feel and which correspond with the rows of diminishing sized dots on the outside. We also had ice buckets in the Stanhope, Coleport, Course Rib, Fancy Loop, Narrow Flute patterns and an individual sized ice bucket in Greek Key.

The raffle to provide funds for our club had the usual things plus a HCA lapel pin and a small bag of B & O marbles. These, in case you didn't know, were light green glass marbles about an inch in diameter which were used as ball bearings on luggage transport conveyors on the railroad.

Our show and tell provided even more interesting conversation. George and Arlene Reynolds brought a Crystolite floral tray which can be used for salad or fruit and a set of 8 inch square Ridgeleigh plates. Marge Gillette found a Victorian Girl bell and a Bar and Cane custard ½ pt tankard with a large diamond H. Sharon Orienter found "the other" Crystolite cruet. She displayed the common oil bottle which is cone shaped to a large base and also brought the cruet which is barrel shaped on the bottom, and topped by a neck with the handle attached. Both Crystolite cruets have the identical stopper. Donna Schwendy brought a five inch emerald fancy loop plate. Jerry Gillette provided the show and tell which fit the Halloween season, a 4048 pumpkin punch bowl with a pumpkin handle cover. The bowl measured 11 inches in diameter and 8½ inches high. The height of the top of the handle with the cover in place is 12 ¼ in. This bowl can be used with or without an underplate. Anyone seen one? Jerry is looking.

We set up the topic for our January meeting. It is patterns introduced between the years 1917 and 1941. Now we can all go and do our homework.

MERRY CHRISTMAS EVERONE!

Letters, we get letters.....

Enclosed you will find my check for \$15 so that I can become an associate member of the Heisey Club. I have been collecting Heisey for the past 20 years and I am anxious to receive the publication Heisey News so that I can learn more about the most beautiful glass ever made. Todd Pease, Illinois

Both Mr. Cefaratti and myself have been associate members of H.C.A. since 1985. We both join in saying that our membership in the organization and the sponsored activities we have attended have

"HEISEY ADVERTISEMENTS"

by Neila Bredehoft

At last June's Convention, a new Heisey publication was made available to members. It was done with so little fanfare that I doubt that most of you even know of its existence. I am sure that some of you would be interested in purchasing it, especially if you are interested in Heisey's advertising.

As many of you know, Sandra Stout recently published a rather large book on Heisey as pictured through the company's ads. It is quite a good reference and gives the collector a good idea of what Heisey made and when and also just what the company was pushing through advertising.

As an adjunct to this book, two Heisey members from the Rochester, NY, area who have long been interested in glass advertising and Heisey specifically, produced a small book listing all of the Heisey ads they knew about and cross-referenced it to the Stout book. In addition to her ads, they have several pages of ads which she did not include in her book.

This book lists all known magazines and periodicals in which Heisey ads appeared and the issue in which they appeared. If known, page numbers are included. Also ads which are the same but appeared in different issues are coded so that the user knows the ads are the same. Also included is a list of known ads showing Heisey glass, but which are not Heisey advertisements.

All in all, it is a great little book which will help the collectors of Heisey ads keep their collection organized and will tell them where to look for more and different information. As one who knows how difficult it is to organize and work with information, I take my hat off to Jerry Gillette and Marvin Jacob for the great job they did for the HCA in compiling this book. The book is available from the HCA for \$1.95 plus shipping. The authors state that it is a project of The Heisey Collectors of the Rochester Area to benefit the mold fund.

been both enjoyable and fulfilling. There is no doubt in either of our minds that the A. H. Heisey Company truly manufactured the finest American table glass available then or now. Likewise we feel the H. C. A. is one of the finest and most professional organizations with which we have been affiliated. We will be renewing our membership when renewal time comes around next fall.

Keep up the good work! Erich T. Andrews, OH

HAVE YOU THOUGHT THESE WERE MADE BY HEISEY?

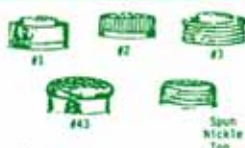

BY LOUISE REAM

For years most of us had thought that these colognes were made by Heisey. A couple of years back we were privileged to see an early Duncan catalog (from the period the company was owned by A. H. Heisey and James E. Duncan) and there they were. This June we were able to get a copy of the catalog page showing the colognes. It is interesting to note that no other items in Pillows pattern appeared in this catalog. It is also interesting that there are no pictures of colognes in Heisey catalogs and no mention of them in Heisey Price Lists. Therefore we must assume that all of them were made at George Duncan Sons since we have no proof at all that they were ever made at Heisey. Thanks to George Fogg and Frank Maloney for the use of their catalog.

These were made by Duncan, not Heisey. In fact Heisey made no cologne in the Pillows pattern. The above is taken from a 1980 newsletter. Since one of the colognes appeared recently we thought we should again remind you not to buy these for Heisey. They should have collector's value as Duncan.

REPRINTED FROM AN EARLIER NEWSLETTER

At first it was believed that only nappies were made in 397 but further research revealed that several other items were also made. When the name "Colonial, Cupped, Scalloped" was given by an earlier researcher it may have applied to a cupped nappy but is not at all descriptive of the pattern line as a whole.

The design is pleasing because of its simplicity and the raised scallops just around the edges leaving most of the body plain. The glass is extra thick, clear and well finished as is most of the glass of the period. The scallops form a band around the top or outer edge of most pieces but on the tumbler and the oil bottle the scallops are around the lower portion of the item. Pieces seen have all been marked with the possible exception of the oil bottle.

Examples in the museum include a little vase, shaped like a spittoon (not listed in price lists) donated by Harriet Camp, a jug donated by Tom Martin, an oil bottle which is a museum acquisition and a butter dish on loan. These are all in Room 3. The finials of the butter dish and sugar lids have faint scallops which are quite unusual.

Price List 150 Hotel Glassware circa 1908, lists the following:

- 12" Celery tray
- 6" Pickle tray
- 4 piece Table set
- Salt & pepper
- 8" Cheese plate & cover
- 1/2 gal. Water jug
- 4, 4 1/2, 5, 6, 7, 8, 9" Nappies
- 7 and 8" Nappies, cupped
- 4 1/2, 5 1/2, 6 1/2, 7 1/2, 8 1/2, 10 and 11" Nappies, shallow

Price List 155, ca 1910, lists these additional items as well as those above:

- 8 oz. Tumbler
- 6 oz. Plain oil, #6 cut or pressed stopper
- 5, 6, 7" Plates
- 8" Candy tray (8x5 5/8)

Catalog 58 Soda Fountain Glassware, ca 1911 lists only the candy tray.

A circa 1910 catalog pictured several of these items. Tom Bredehoft has made line drawings which are included with this article. We have also included the various salt tops which were available.

All pieces of #397 seem like desirable additions to a collection but particularly the oil bottle, table set, jug, salt & pepper, and tumbler.

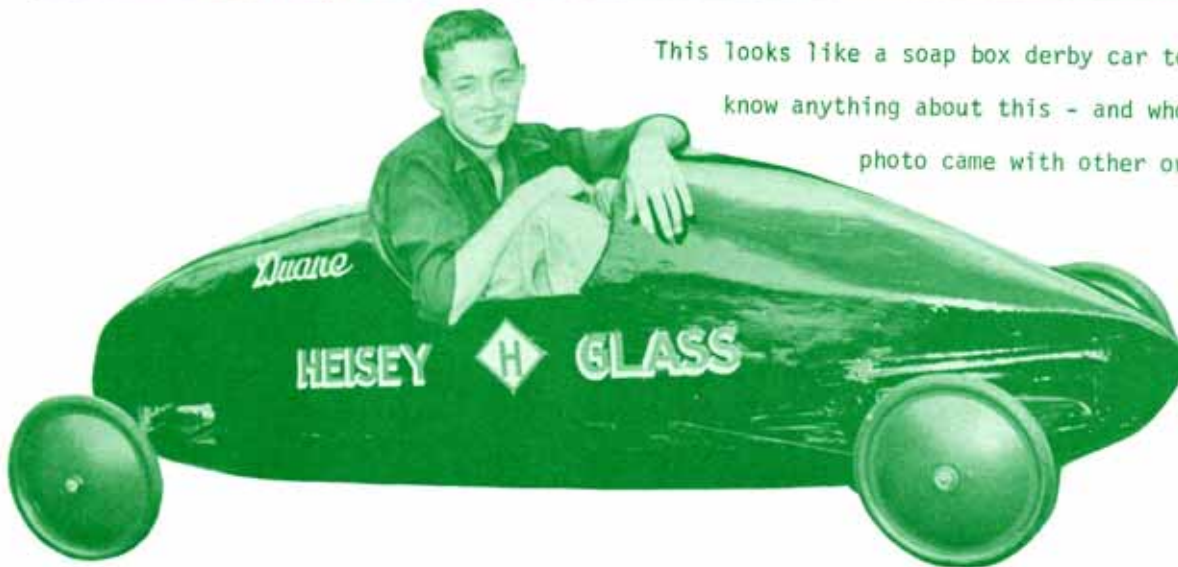

CROOKS IN THE KING HOUSE?

By Elizabeth King

One day in late October of '86, when I came to the museum to serve as a docent, Louise said she had put a note on the register for me to look at a name - someone who had asked for me a few days previously. Her name was Gerry Hursey Savage and she said that we had had our pictures taken in the hall on the stairway years ago. The above is the picture, taken in 1942. It was taken for the local newspaper to advertise the Community Players upcoming play entitled Kind Lady by Play-right, Mr. Chodorov. Reading from left to right are: Don Campbell, Jack Rice, Gerry Hursey and me. Being a bunch of crooks in the play, we were supposed to show fear at being apprehended by the police. Jerry said she would come back when I was here and wanted to have our picture taken again, forty years later. If she does, there will be a second installment to this article with an accompanying picture.

This looks like a soap box derby car to us. Does anyone know anything about this - and who is Duane? This photo came with other original Heisey material.

KOVELS' ANTIQUE & COLLECTIBLES PRICE LIST
 Nineteenth Edition, Ralph & Terry
 Kovel, Crown Publishers \$10.95

by Neila Bredehoft

One of the standard price guides on antiques has been the Kovels' guide. The new issue is now on the market and is a very handy easy-to-carry, easy-to-use book. It is soft bound and has over 750 pages with over 45,000 entries.

By using a computer system to record actual selling prices throughout the country, a very accurate index has been made in the back of the book listing where various categories can be found throughout the regular listings.

Just to review the Heisey section, which is over 5 pages, indicates the completeness of the book. However, several Heisey collectors might quibble with some of the entries made under the Heisey section. For instance, it is a surprise that Heisey has become the listing for Cupid and Psyche pattern glass (this mistake probably arises from the Cupid and Psyche ash tray which Heisey did make). Heisey has also been credited with a "figurine, woodchuck, blue" - no indication this is Imperial and never was Heisey. There are a few other difficult-to-interpret entries, but on the whole, the guide for Heisey glass seems remarkably accurate.

DONATIONS SINCE LAST LISTING

All-Heisey Benefit Auction

MARCH 6 and 7, 1987

It is time to prepare for our 14th Annual All-Heisey Museum Benefit Auction. The Auction will again be held at The Apple Tree Auction Center. It will, as usual, be held in conjunction with the Quarterly Meeting.

The Annual Christmas Dinner and Quarterly Meeting on December 5th would be a good time to bring your consignments to the Museum in the afternoon, or after the dinner, and avoid the Christmas rush. Deadline for glass is January 1, 1987.

The same policy as the last few years will again be followed. LIMIT is now TWELVE (12) LOTS PER FAMILY (excluding donations). Items such as 8 goblets or 12 plates together would constitute one lot. Any consignments OVER 12 lots will be considered as donations. The consignment fee remains at 20% with a \$5.00 minimum per lot. HCA receives the 20% selling fee. Please consign only Heisey or Verlys by Heisey. No Imperial Please.

Be sure to include a list (including pattern number, name, color etc., if possible) along with your name and address. Arrange the list in desired lots and identify which lots are consignments and which are donations. Don't forget to make a duplicate copy for your records.

The Benefit Auction is one of the major fund raising projects of the year and all proceeds go for support of your Museum. There is very little expense associated with the Auction. You can help by donating items for the Auction. Remember, donations are full value tax deductible. The consignment fees are also tax deductible. So, get your glass in early and plan to be at The Apple Tree Auction Center on March 6 and 7.

Glass will be sold in the order it is received.

Bob Rarey, Chairman

1. Donations - Full value tax deductible.
2. Consignment - You receive a check for 80% - The Heisey Collectors of America, Inc. receive 20% - These proceeds support your Museum.
3. Glass must be in our possession by January 1st.
 - a. Ship your glass now to:
HEISEY COLLECTORS OF AMERICA, INC.
169 West Church Street
Newark, OH 43055
 - b. Visit the Museum and leave your glass there.

Please send only good quality glass so that you can receive higher prices. It also will help HCA.

ANTIQUA AUCTION
 DEC. 4, 5, 6

We will be holding a large antique auction featuring misc. glass etc on Thurs. evening, Friday will feature a large collection of coins and a tremendous selection of costume and Victorian jewelry. Saturday will offer a collection of 75 clocks, 90 Hummel figurines, Cambridge, Carnival and HEISEY glass incl several goose stem pieces, furniture and other accessories. This will be an interesting sale.

NEXT ALL HEISEY AUCTION JAN. 16 & 17, 1987

This will be one of the most outstanding auctions held with almost a complete collection of animals, many RARE animal related items, much good color - many very scarce pieces, lots of deep plate etchings. Lots of good miniature items. Much of this sale is the dispersal of a very fine local collection.

1987 AUCTION CATALOGS AND PRICE LISTS

Starting with the above auction, we will be offering a catalog preceding each auction followed by a price list after the auction. The catalog will be sent out about 3 weeks before each sale so that mail bids may be accepted. We will not be putting an itemized list in the H. C. A. Newsletter but will purchase ads announcing the auction the month before.

This listing will be in an easy to read larger type than in the newsletter. The price for a one year subscription will be \$10.00. Order today and we will send the January Auction list to you very soon. You shouldn't miss this auction.

Seasons Greetings

GLASS^o review

ESTABLISHED 1971

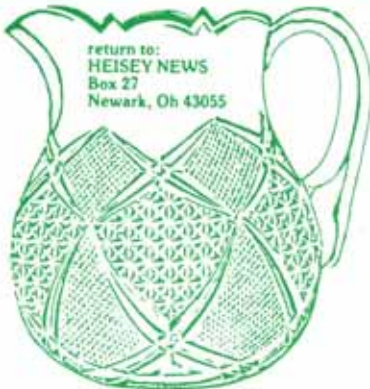

The GLASS REVIEW Magazine is for everyone who studies, collects or sells glass. Whether your glass interests lean toward the early 1900's--or the depression era--or with today's limited glass items, the GLASS REVIEW covers it all!

Articles--price reports--original catalog documentation--shop directory--research and reproduction news--trademark information--glass book releases--what's new on the market--a large variety of glass ads (on both old and new glass)--plus much more.
