The opinions expressed in articles in HEISEY NEWS are those of the authors and not necessarily those of the organization. The Editor reserves the right to edit, with or without the consent of the author, or to refuse any material submitted for publication.

About the cover: The candleblocks featured on this months cover are the well known #1503 Crystolite pattern. This popular design is both simple and elegant. The patent drawing for the Crystolite candleblock appears on page 9. Awarded in 1939, the patent identified T. Clarence Heisey as the inventor. Over the years, Crystolite has been the subject of many articles in the Heisey News. Check your back issues for articles on this popular pattern.

From the Editor Susan Pennington

Because this is the December issue, you will notice a large number of advertisements. Beginning next month, more space will be available for articles. I am looking forward to more interesting articles from my regular contributors. I also hope to recruit new contributors. Our own HCA members are the best source of good information about Heisey. The list of recent museum donations will appear in the January Heisey News.

Thanks to the advertisers for adopting the ad guidelines. It is a big help to me and to the readers. If you need a copy of the guidelines, send a SASE to me and I'll get it to you.

Mary Holland, our membership secretary, asked me to remind you to send in the correct amount when renewing your dues: \$18.50 covers one membership, additional household members, add \$2.50 for each. If you have an address change, let Mary know about two weeks before the new address becomes effective.

The HCA staff would like to send our best wishes to Louise Ream for a speedy recovery. Louise underwent Cataract surgery on November 7th. Get well quick, Louise! We would also like to take the opportunity to thank the HCA members for their support and cooperation throughout the past year. Please accept our wish for a peaceful and joyous holiday season. May the year 1992 be a prosperous one for you and your loved ones.

Letter From the President

The holidays are quickly approaching, so don't forget to purchase your special holiday gifts from the Gift Gallery & HCA Book List. An HCA membership would be a great gift for someone on your list. Or, shop for gifts from the advertisements in the *Heisey News*.

It is not too late to make reservations for the December Holiday Dinner. Fill out the form in this issue or call the business office to make last minute arrangements.

The Expansion Committee has come up with an excellent plan for building expansion. The plan would add much needed space and would do so at a minimum cost. The proposal will be presented to the Board at the December Quarterly meeting. The committee has some ideas for fund raising projects, should the expansion proposal be approved by the Board and the membership. Your ideas and support are needed. If you have questions, please call one of the committee members: Charles Baird, Jay Barker, Jim Earnshaw, Frank Frye, Dick Marsh, Bob Rarey, Louise Ream, Dick Smith, Norm Thran, Charlie Wade, Ann Holman, Bob McClain, Regis Tandarich, Sam Schnaidt (Chairperson).

The deadline for receipt of the auction glass is January 1, 1992. Call Jim Clark, Benefit Auction Chairman, if you have questions. Jim needs volunteers to help catalog the glass. This is the last issue in which the form will appear.

In cooperation with St. Francis de Sales Catholic Church, HCA has agreed to allow the Madonna mold to be used in the limited production of a commemorative item celebrating the 150th anniversary of the Church. St. Francis will incur the costs involved in the project. The Madonnas will be sold by St. Francis to their members. The Madonna will be made by Dalzell/Viking, in Azure Blue, frosted. They will be marked "D" and HCA'92 on the edge of the base. In addition, the markings: ST FRANCIS DE SALES Newark, OH 1842-1992 will appear on the bottom of the base. HCA will offer a small quantity of these St. Francis Anniversary Madonnas to HCA members. Because there will be so few of these Madonnas available to us, it is important that we be clear about instructions on how they are to be ordered. *No* mail orders post marked *before* December 1 will be accepted. *No* phone orders, or walk in orders will be accepted *before* December 1. *No* "holds" will be allowed. An HCA member may purchase ONE Madonna. On December 1, the Madonnas will be sold on a first come, first serve basis. See the *Special* Madonna order form on page 11. I would like to personally thank all the volunteers who contributed so many hours of their time during 1991. Volunteers make HCA the great organization that it is. Til next month...

Happy Holidays!

Dick Smith

Letter From the Curator

My first six weeks at the museum have been busy but I am now settling into a routine and making progress on the work to be done here. I would like to thank all of the volunteers, members, and especially the other staff members, all of whom have been very helpful.

These are exciting times at HCA. The Expansion Committee has been meeting regularly and discussing not only building plans but fundraising, membership and volunteer recruitment, and other issues essential to HCA. Subcommittees have been established to explore specific projects and to ensure good use of committee members' talents and expertise. The need for museum expansion is great. Without proper space for educational programming, multimedia presentations, and additional display, HCA will not continue to attract visitors to its museum. The need for an archival facility is critical. HCA owns a wealth of documents, photos, ledgers, all of which comprise the corporate history of A.H. Heisey & Co., and there are no adequate facilities to preserve or use the material. The Expansion Committee has taken on an ambitious project but, if successful, it could produce some very positive results.

In other museum activities, we are planning a **Holiday Open House for Saturday, December 14, from 5:00 to 7:00 P.M.** This event will be held in conjunction with the Licking Co. Historical Society. There will be caroling, choirs, luminaries, refreshments, decorations, and other Christmas fun. The Gift Shop will be open so be sure to drop by and enjoy the evening and to do some of that Christmas shopping! See the Open House ad on page 6.

The Holiday Dinner and board meeting on December 7 is fast approaching. I would especially like to encourage all museum volunteers to attend the dinner, as we will take this opportunity to express our appreciation for your time and commitment.

We have new membership and museum brochures. If anyone would like to see them, please call and I would be happy to send some to you. Please feel free to pass them out to attract both new members to HCA and visitors to the museum. Thanks to Penny Thorup, Leo Bevon, and Betty Wanser of The California HCC for their brochure design ideas.

Most of the routine museum business, including accessioning and correspondence, is now caught up. Phyllis McClain and Mary McWilliams spent three long days cleaning the stem collection in the lower level and it has now been reorganized by pattern number and the tags and computer records updated. There is much work to be done on the inventory but it will be an ongoing project. I hope to meet more of you in the coming month.

Kathy McCracken

Heisey "WHO" Quiz

Answers on page 8

1. Who designed the #455 Sportsman etch?
2. Who designed the #5072 Rose stemware?
3. Who designed the #1570 Lotus Leaf candleholder?
4. Who was the first president of HCA?
5. Who was married to Susan Duncan?
6. Who designed the #1590 Zodiac pattern?
7. Who was the third president of the Heisey Company?
8. Who designed the Art Deco pattern called Stanhope?
9. Who designed the Horsehead bookends?
10. Who succeeded A. H. Heisey as President of Heisey?
11. Who named stem #3328 "Carlsgood"?
12. Who are the authors of *Heisey Candlesticks, Candelabras, and Lamps*?
13. Who designed the glass mail box?
14. Who designed the Fish bookends?
15. Who designed #515 Rose etch?
16. Who was the original owner of the house known today as the National Heisey Glass Museum?
17. Who designed the #6009A Roundelay pattern?
18. Who designed the #516 Plantation Ivy plate etch?
19. Who lived in the King house in 1971?
20. Who named the #1519 Waverly pattern?

(Some of these questions were taken from the Heisey Trivia Game on sale in the museum gift shop \$15.00. We will mail order. Order form on page 11. Play the Heisey Trivia Game at your next study club meeting.)

Club Notes

#5 Bay State Heisey Club *Susan Pescatore, President*

The October meeting of the Bay State Heisey Club was held on October 15, 1991, at the Follen Church in Lexington, MA. Carl Sparacio of Ramsey, N.J., accompanied by his lovely, long suffering wife Helen, graciously consented to share some of his Heisey experience and wisdom with us, focusing on early Heisey stems in his presentation. As Mr. Sparacio has been closely involved with HCA since the beginning and as he is a known humorist, as well as a columnist for his local newspaper and the *Heisey News*, his presentation was filled with interesting and anecdotal information.

After claiming that he is unaccustomed to public speaking, Mr. Sparacio launched into a comprehensive overview of Heisey's early stemware, primarily before 1920. A number of the examples from his personal collection were quite rare, and hitherto unseen by many club members. The following is a partial list of the pieces discussed: #1201 Fandango wine, #1205 Fancy Loop wine, #343 Sunburst goblet, #1235 Beaded Panel and Sunburst goblet, #160 Locket on Chain goblet, #1295 Beaded Swag goblet in Custard, #337 Touraine goblet in Amber, and #1183 Revere.

Another theme was Heisey's production of stemware for bars and restaurants-- solid simple glassware made to withstand rough treatment. Many of these pieces were unfamiliar even to experienced stem collectors.

Mr. Sparacio closed with "The ugliest pieces of Heisey I have ever seen". He presented a Sparkie, gaily decorated in black and gold, a #467 Helmet basket, completely enamelled in cerulean blue with polychrome flowers and gold (ugh), and an unbelievable #341 cruet totally covered with fuzzy lipstick-red paper somehow welded to the surface. (apparently a 1920s ladies craft called "flocking"). The writer admits to ownership of this item.

This was an evening to remember, and the entire Bay State Heisey Club thanks Carl and Helen for their time and efforts.

#7 The Dayton Area Heisey Club *R. Clarke West*

The topic for the October meeting was individual nut dishes, almond and salted nut dishes. Examples were displayed on a white table cloth, 45 in all! They appeared in Flamingo, Hawthorne, Crystal, Sahara, Moongleam, and Alexandrite. Narration was given by Carl and Charlene Bowman.

Here is a sample of the items we discussed at our Show & Tell: Locket on Chain cake plate, Puntty Band wine, Crystolite salt & pepper, Carcassonne sherbet in Sahara, Narrow Flute 9 oz soda (double mark), 1/4# Ipswich candy, honey dish, Heisey Rose etch on Waverly blank, Greek Key champagne.

Three new couples joined our group: Mr. & Mrs. Carl Young, Mr. & Mrs. Ken Rhoades, and Mr. & Mrs. Tom Phillips.

Our meetings are held monthly, September through May. We meet at the Huber Heights Public Library on Route 201 (Brandt Pike) at 6:30 P.M. every third Tuesday of the month.

#13 Heisey Club of California

Penny Thorup, President

From the October 1991 issue of *Pony Express*

The Boggs' fantastic Heisey collection and program on Heisey colognes brought members from near and far. The meeting attendance was the largest so far this year (standing room only)!!! Roy prepared a wonderful pocket size picture booklet for identification of cologne bottles and he presented gorgeous examples of nearly all the colognes Heisey produced. Roy also gave a brief demonstration showing his method and technique of cleaning glass. Martha and Olga prepared and served a delicious buffet supper.

Debbie White presented the plans for our first HCC Heisey display scheduled for the month of November at the Fullerton Antique Mall.

The October 27, 1991 regular meeting will be held at the home of Fran and Walter Brocks with Tom Parsons co-hosting. Betty Wanser will present the program on Heisey Athena and Lariat. Our Show & Tell this month will feature lots and lots of Heisey treasures purchased during the summer.

#22 Northwest Heisey Collectors

Kathy Eytcheson, Club Reporter

The September meeting was held at the Wehmeyer family summer home on the shores of Lake Chelan. This is a special meeting for the Heisey Collectors, as we get to travel across the beautiful Pacific Northwest, through the apple orchards of Eastern Washington and along the shores of the Columbia River. Of course, there are small antique shops and malls along the way. What fun!

We had guests Kathy and Claude Lind from Ephrate, WA., join our Club. They have 2,600 pieces of Heisey. What a sight that must be.

There was a discussion on the upcoming 20th Anniversary of the Northwest Heisey Collectors Club. The anniversary meeting will be held in June of 1992. The Historian will be contacting past members, so if you are

a past member of the Northwest Heisey Collectors club, drop us a line. Nan Alderson, Huntington Park, 24846 13th Ave. So., Des Moines, WA. 98198. Let us know where you are and what you are doing.

The program was on early stems. Don Wehmeyer is an expert on stems and he had many rare and beautiful examples. Don gave a very informative presentation.

The members enjoyed a pot luck dinner with the highlight being Glenna's sloppy joes. Then we were all off in different directions for the trip home.

#38 The North Carolina Heisey Club

Margaret Howell

The September meeting of the N.C. Heisey Study Club met with Ruth and Jim Somers in their Long Beach Home. Ruth prepared a delicious lunch and those of us sitting at one of the tables were able to watch the boats on the Inland Waterway while we ate.

Following lunch, a short business meeting was held. It was decided that we would send the remaining T-shirts to the Museum gift shop to be sold there. We discussed the possibilities of putting together a guide to small Heisey items for the beginner collector. The Museum will be consulted and inquiries will be made regarding publishing this guide.

A miniature Ridgeleigh cream and sugar was won by guest, Anne Howell.

An interesting and informative program was given by Fred Waskell, who brought his collection of syrup pitchers.

#44 National Capital Heisey Study Club

Jim Jones, Scribe

The National Capital Heisey Study Club met with the National Capital Heisey Collectors on October 9, in the Oxon Hill, MD. Library. During our social hour we talked Heisey, munched on seasonal refreshments--vegies and dip, "Lo-Cal" donut holes and cider -- and admired finds. Members shared the following finds: #2 electric shade, a cream and sugar in Punty and Diamond Point, cream and sugar in Bead Swag with gold decoration, a lovely individual creamer in Emerald Fancy Loop, a great big sanitary syrup in Quator, a floral bowl in New Queen Ann with a beautiful cutting, and finally, a 12 oz Gascony footed soda with crystal foot and Tangerine bowl-- if it weren't in bad form we'd all have been green with envy!

After a short business meeting, Betty Heflin gave a program on #343 and #343-1/2 Sunburst, illustrated with slides and pieces from Bob and Betty's collection. Sunburst, introduced around 1904, is one of several Heisey patterns designed to look like cut glass. At the

height of production, some 115 items were available in #343 and #343-1/2. The hostess looking for just the right pieces for decorating, entertaining or as auxiliary pieces for the table could find the table set, an orchid vase, a rose bowl, bon bons, finger bowls and underplates, relish dishes, cake salvers, a variety of jugs, footed compotes, and punch bowls. And, similar to other patterns of the period, there seemed to be an endless choice of nappies. These ranged in size from 4 to 10 inches, and to provide the shopper with even more decisions, these could be had in straight, cupped, flared, shallow and crimped -- there were even square nappies. At the lower end of the scale, the shopper had to decide whether 4", 4-1/2" or 5" was just the right article.

In addition to describing the pieces available in the pattern, Betty pointed out decorations applied by the Heisey Company. Sunburst was advertised with "Ruby Lustre over the chrysanthemum", "Gold on plain portions above and between chrysanthemums or on plain portions surrounding chrysanthemum as the case may be, but with more or less variation", and the #76 Amber lustre over chrysanthemums. She noted also that there were several variations in the basic pattern -- one described by Vogel as "...Sunburst with Diamond Point' due to the diamond shape fine cut between the sunburst. Another variant is the punty band found in the tumbler and one style of jug. Cut circles on half circles around the sunburst is another variant found in the pattern. - custard cups, toothpick, goblet, egg cup, finger bowls, table set... are examples of this variant form." She mentioned also that the #17 handled decanter pictured in the 1905 Heisey catalog had been described by Clarence Vogel as a variant of the #3343 pattern.

Betty used the following sources plus her Sunburst collection in preparing her program: *Heisey News*, *Heisey Glass Newscaster*, *Heisey Catalogs*, *Vogels Book I*, and *Heisey On Parade* by Sandra Stout.

Anyone interested in starting a study club in the Atlanta, GA area, please contact Mary & Sid Edwards.

The Licking County Historical Society

Heisey Musings

by Carl Sparacio

I admire people who can stand before an audience and speak. No matter that they can keep the crowd interested. What's important is that they are able to stand up and make intelligible sounds as all those eyes stare at them. Perhaps I admire these gutsy folk because I've been on the wrong end of a "please come and say a few words" request a couple of times. The assumption seems to be that if you write, you can speak. Boy, is that ever wrong.

I have spoken on Heisey glass and the HCA to promote them in the past, but I don't know why I agree to speak--I'm a basket case before, during and after. Then I fret over why I'm asked as opposed to someone who knows what he is talking about.

I think I have the "why" figured out: program chairmen are a desperate lot. A person is appointed his club's program chairman because he's stepped on the wrong toes over the years. Or sometimes the club vice president functions as its program chairman to give him something to do while he's waiting for the president to drop dead or become otherwise incapacitated.

The program chairman must come up with a dozen scintillating programs a year. Unfortunately, after the third monthly meeting of his reign, he runs out of scintil. There is a limit to how many pitches from investment counselors or Florida real estate salesmen a group will sit through.

A while back I was asked to be the guest speaker at a meeting of the Bay State Heisey Collectors. What was different about this gig is that I would be speaking to people who probably know more about Heisey than I do. This fact alone was enough to set the stomach butterflies flapping and flipping. In the past I always had an audience I could bluff.

"Why me?" I asked myself. I figure two things made me desirable--I had nothing to sell and the program chairman was very desperate. Could you say no to a fellow who has tears running down his cheeks? I can. It was the arms around my ankles that got to me and tugged at my heart strings as I tried to escape to the men's room.

"What would I talk about," I asked.

"Anything you'd like, the choice is yours," he replied. I mean this guy was really desperate.

"There are plenty of professional speakers around," I said. "They're too expensive," he said, unwittingly giving me another reason why I was so appealing.

The phrase, "Unaccustomed as I am to public speaking," was coined with me in mind. You are justified in wondering why anyone who has nothing to say and has a proven ability not to say it well, would agree to speak in

public. Well, there's masochism, of course, or perhaps an odd desire to throw up in front of an audience. There is also a touch of ego. You're flattered because you were asked. My ego has absolutely no immunity to flattery.

I made the commitment but, even as I agreed to it, I was apprehensive. On the up side, the meeting was months away. On the down side, time slipped by quicker than if I were waiting for the governor to call with a pardon.

To prepare myself I went to the library and borrowed a book on public speaking. It gave me the false sense of security I needed. All I had to do, according to the author, was to keep cool, look the audience in the eye and keep them loose with a joke or two. I could handle that. My wife added, "Don't jiggle the keys in your pocket - it's distracting." I could handle that, too.

So it was that my wife and I made the drive from New Jersey to Lexington, MA, just outside of Boston (I wouldn't think of making a fool of myself closer to home.) I must say that the good people of the Bay State Club did everything they could to make us comfortable and feel at home but their enthusiasm and gleeful anticipation of my talk caused me to break out in hives. There was no way I could live up to their expectation.

Steve Pescatore, the Bay States president, gave such a glowing introduction; I looked around to see who the speaker was. Once up in front of the audience, I steeled myself by silently repeating the advice given in the book on public speaking, "keep cool and look them in the eye, keep cool and look them in the eye." As perspiration trickled down my armpits, I realized I couldn't keep cool -- the book only said "to" not "how".

With my sweat glands out of control I tried looking the audience in the eye but there seemed a zillion eyes and my own eyes alternately spun around and crossed as they tried to focus in on all of them. My wife said later I looked like Ben Turpin in an old-time movie. She also said I jiggled my keys.

Coming up with a joke to tell was impossible. A real public speaker would have had many to choose from. Since I'm not, I didn't. I don't remember jokes and those I may remember are not stories meant for mixed company so I opted to skip the levity and try for sympathy.

I got through it somehow but I needn't have worried. I learned an important lesson: the speaker is there only to fill the time between the business meeting and the refreshments. Refreshments are why everybody else is there.

When it was over I asked Steve how he thought it went and he said, "Have you tried the cheese puffs? They're delicious."

Public speaking isn't a great ego booster.

diamonds are forever...
Janet Caswell

It seems that time just flies by with no thought for any of us. Oh, that we could just reach out and stop time, if only for a little while. Where did the summer go? The harbor is void of its boats. It is Saturday morning. December is here. It is cold with the feeling of snow in the air. The children are crowded around the Landing awaiting the arrival of Santa Claus. Wait! Do I see a large "Skiff" rounding the Lighthouse Point? Yes! Here he comes. Santa is here again, bringing candy and toys. There will be a parade through the winding streets with singing as they *RE-DISCOVER* the Christmas season. Where does Santa go when he leaves the Yachting Center? To the *Viking Town*, where else? *The Vikings* live only a few miles from the Yachting Center. They live right on the water and enjoy their share of sailing and fishing. They know how to prepare the special treats from the sea.

The other evening I got a frantic call from *Hooked on Heisey*. He told me that he had *DISCOVERED* a small building block in Flamingo¹. (The author refers to it as a solid block). He also found (6) #5003 Crystolite juice tumblers, a #1503 Crystolite cordial, a #4224 Ivy vase in Tangerine², the Bunny with head up and the Rabbit paperweight.

The Cruet Man came up with an illustrious *DISCOVERY*, namely the #3417 Adkins Bitters bottle. This was picked up at a local show. It was in perfect condition with a beautiful satin etch. *The Cruet Man* now has (12) bitters bottles. The only one missing is #393 Narrow Flute in Cobalt.

The Steadfast Colleague is on a roll of good luck: (2) #3390 Carcassone 2-1/2oz wines in Sahara, #1255 Pineapple and Fan mug in Emerald, the #3317 Drake stem with #33 Tattling etch, #359 ashtray with match holder, #1405 Ipswich 7" plate and the #1246 Acorn and Leaves 7" plate.

The Farmer just got back from a very successful trip to *Heisey Land* - while he roasted chestnuts by his glowing fire he decided to write and tell me what he *DISCOVERED*. A #1205 Fancy Loop 9" square nappy, (6) #1425 Victorian 5 oz juice glasses, the #473 Narrow Flute with Rim strawberry & sugar, the #351 6 oz oil, #1472 Parallel Quarter l-lite candlesticks, a #1404 Old Sandwich 10 oz low footed tumbler in Sahara, a #305 Punt & Diamond Point cologne, a #1201 Fandango toothpick and a #1201 Fandango water bottle.

DISCOVER Heisey! Yes, *Yours Truly DISCOVERED* a few things along the way: #1430 Aristocrat 1/2 lb candy jar in Cobalt, the #406 4-1/2" nappy, #7026 Heart and Drape plate in Moongleam³, #394

Narrow Flute Domino sugar in Moongleam, Flamingo, Sahara, and Crystal; plus the #1425 Victorian 27 oz Rye bottle with #99p/s - I have two of these in a chrome holder - very elegant.

The Gator Guy and Gal have a pair of #1428 Warwick 7" vases and a pair of #126 candlesticks in Moongleam, that they *DISCOVERED* recently.

Me and Minnie want to tell us what they *DISCOVERED*. Lets start with the #1404 Old Sandwich floral bowl along with a pair of candlesticks, all in Moongleam. Ready for this? A #1205 Fancy Loop four piece set, butter or cheese, spooner, sugar and creamer!

The Pottery Man is still *DISCOVERING* Heisey. How about the #1503 Crystolite 4-1/2" nappy, #353 Medium Flat Panel large almond, the #1424 Old Sandwich cup & saucer, a #1401 Empress 7" plate in Sahara, and the #1252 Twist 8" plate in Flamingo.

My Rebel Cousins wrote to inform me of the #1252 Twist covered mustard and a set of #1475 Fern mayo with underplate and spoon, marked!

It's almost Christmas and I'm sure that you will receive lots of delightful Heisey. So, make a list of your new additions and check it twice and send it to me. Fill my mail box with those special lists. Have a very Happy and Healthy Holiday.

**March Benefit Auction
Apple Tree Auction Center
March 13 & 14, 1992**

Auction time is coming and the glass is arriving. We just looked at the first of the lots that have arrived. There are many nice pieces. Among them are: a #1549 Apple ashtray in the original box, a #1201 Fandango toothpick, a #315 Panelled Cane toothpick, a #335 Prince of Wales, Plumes oil, a #1506 Whirlpool cruet, a #3480 floral bowl in Hawthorne, a #3380 Carcassone bar glass in Cobalt, and a variety of candlesticks.

We're really looking forward to this event. If you are planning to participate in the March Auction, **NOW** is the time to get your glass sent in. The deadline is quickly approaching. Don't forget to make your reservations for accommodations. The list of motels in the area is on page 4 of this issue of the *Heisey News*.

Terms: This year each HCA FAMILY will be allowed to consign 12 lots of Heisey glass to be sold in the auction. Each lot can contain as many pieces as you wish, however, one lot brings one price. If you have an unusual or rare piece, it is probably wise to place it in a lot by itself, even if you have similar pieces.

We will be using the 80%-20% format, 80% goes to the consigner and 20% goes to HCA. Any item which sells for \$5.00 or less will be considered a donation. We will accept glass as donations where all proceeds go to HCA. One hundred percent of any lots of donated glass goes to HCA. You may donate as many lots of glass as you wish, but you can only consign up to 12 lots.

Ship to: HCA
169 W. Church ST.
Newark, OH 43055

Please enclose a packing list with every box. If more space is needed, xerox the form.

Remember to clean your glass--glass in good condition receives better prices.

All glass is inspected when received. Any glass found not to be Heisey will be returned, including Heisey by Imperial and commemorative pieces.

Deadline: Glass for the Auction must be received by January 1, 1992.

Volunteers: If you wish to volunteer your time in any way with the Auction, or if you have any questions, please call me: **Jim Clark**
(513) 845-9132
Benefit Auction Chairman
