FROM YOUR PRESIDENT . . .

GREETINGS OF THE SEASON,

I hope all of you saw the Annual Christmas Dinner Announcement in the last issue of the Heisey News. For the first time, we are listing the Heisey by Imperial animals to be offered at this event. The quarterly meeting of the Board of Directors and the various HCA Committees will meet prior to the dinner. Get your reservations in NOW.

Louise, my wife Helen, and I attended the National Glass Club Meeting, hosted by the National Imperial Glass Collectors Society on October 15 at Bellaire, Ohio. The meeting was held at the Bellaire Museum, which has a collection of Imperial glass and other items relating to the area. We thoroughly enjoyed the meeting and are looking forward to hosting the next meeting at the HCA Museum in April, 1989. Louise and I answered a number of questions regarding the operation of HCA. It is essential that we work together as a team.

I am happy to report that Ray Ziegler is making good progress and is now able to go to his place of business for short periods of time. He is taking therapy three days a week, but is now at home the balance of the time. He thanks all who have remembered him and his family through these trying times.

Hope to see all of you at the Christmas Dinner on December 3.

This vase has been reported in Hawthorne since it was shown in last month's issue.

If any of you have any of those vases in different colors or shapes, please let me know.

ABOUT THE COVER

This is a copy of a Christmas Card designed by Royal Hickman which was sent to Rod and Ruth Irwin in 1966. Note that it is signed "Hick 66". Most everyone called him "Hick". He was the designer of many of the Heisey animals and he also designed the Dancer Leg Cocktail glass. Rod Irwin was Heisey Sales Manager for many years.

IN MEMORIAM

* Mary J. Heisey, an honorary member of HCA, died
* at her home in Newark, Ohio, on November 11. Her
* husband, George Duncan Heisey, son of Wilson Heisey
* and grandson of A. H. Heisey, died in August, 1964.
* Mrs. Heisey was born in Granville, April 14, 1910,
* to the late John Fulton Van Voorhis and Louise (Jones)
* Van Voorhis.

* She was a lifetime resident of this area and a
* member of the Second Presbyterian Church. Private
* graveside services were held in Cedar Hill Cemetary
* with Dr. Gary Stratman officiating.

* She is survived by: three sons, George Duncan
* Heisey III, of Willimansett, Mass., and John Fulton
* Heisey and Thomas Curtis Heisey both of Newark; three
* grandchildren, Jeanette Elizabeth Heisey, Geoffrey
* Curtis Heisey and Jennifer Leigh Heisey; and first
* cousins, Samuel Clay Van Voorhis of Newark and Daniel
* Van Voorhis of Zanesville.

* Her son, George Duncan Heisey III, is a member of
* the Western Massachusetts Heisey Collectors Club. Tom
* and John are local residents.

* For all of the members of Heisey Collectors of
* America, we express our sympathy to the members of
* the family.

* M. E. Bumpus of Gregory, Michigan died recently.
* He is survived by his wife, Anne. Our sympathy is
* extended to her also.

FROM THE DESK OF THE CURATOR AND EDITOR ..

* Here it is, mid-November as I write and Christ-
* mas is in the air with little mention of Thanks-
* giving anywhere. Wouldn't it be nice to get one
* Holiday over before we faced another? However, the
* real meaning of Christmas is so lost and commercial-
* ism so rampant that I suppose the stores need lots
* of time to satisfy the shoppers and to "make their
* year", that they must start early.

* Speaking of commercialism, we have enclosed a
* list of items which we sell in the gift shop, com-
* plete with an order form for your convenience.
* All purchases from HCA benefit the Club and the
* Museum. In fact, we obtain a lot of our yearly
* revenue from this source. Order as soon as you
* can and Leonard will fill all orders within a very
* few days. Don't wait too long!

* Had you been at the last Heisey Auction at Sam
* Schnaidt's beautiful enlarged Auction House, you
* would know that animals made in Heisey moulds by
* Imperial are really "hot" at this time. Even some
* of the ones which we still have on sale here, sold
* much higher than we charge. I guess some people
* are not aware that we have them. Aside from any
* future value, most of the items we sell are nice to
* own, regardless of the "potential growth" factor.

* The Ruby 1183 Revere Triangular Ash Tray is
* quite attractive and is the only item made in a
* mould with the original "Diamond H" mark, as well
* as our registered trademark "HCA". These come in
* plain or frosted glass; a nice gift.

* Everyone who collects Heisey needs books and
* you can never have too many. They are your best,
* first investment, and will pay for themselves
* dozens of times over by helping you to avoid mak-
* ing mistakes. You could pay for every book for
* the value of one great find.

HEISEY BY IMPERIAL - NO. 1570 LOTUS LEAF

BY TOM FELT

When the Imperial glass archives were being sold off, a year or so before the factory went out of business, and I first saw the candleblock on the right in the accompanying photograph, I didn't recognize it. It was only on the second glance that I realized there was something familiar about it: that it was, in fact, made from the mold for Heisey's No. 1570 Lotus Leaf candleblock.

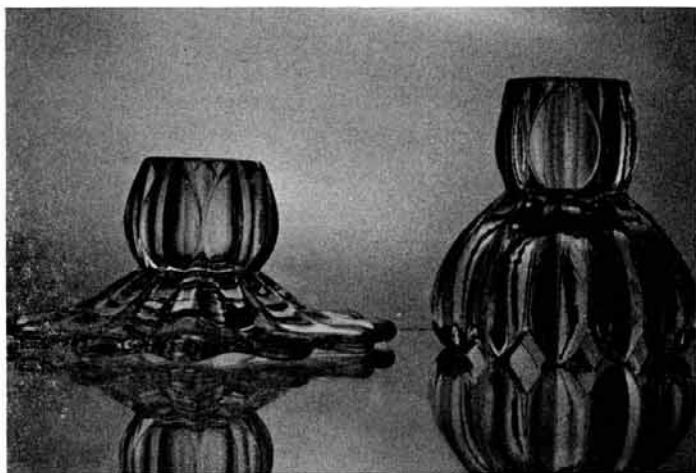

What makes it look so different is that this version has a cupped base, which makes it stand almost twice as tall as the Heisey original, with a correspondingly smaller diameter at the base. (The Heisey candleblock is between 1½ and 2 inches tall with a diameter at the base of 4 inches. The Imperial candleblock is 3 inches tall and 2½ inches across at the base.)

The Imperial candleblock is actually in the form it would have been upon being released from the mold. In the case of the Heisey original, it would have been flattened out by hand afterwards (which accounts for the fact that the height of the Heisey candleblock often differs, depending upon how much it was flattened).

The No. 1570 Lotus Leaf was one of Royal Hickman's designs and was produced by Heisey from 1947 to 1949, with more than 2,000 pairs made. It is sometimes marked on the bottom with the Diamond H, though often very faintly. (Perhaps because it was obliterated by the wooden paddle used to flatten the base?)

The Imperial reissue is marked LIG, indicating that it was made sometime during the period during which Lenox owned the company, from 1973 to 1981. It does not appear in any catalogs, but the fact that it is marked at all probably means that it was at least briefly in production, and not just a feasibility item. Does anyone else have this candleblock or remember seeing it for sale in the Hayshed?

The quality of the glass is rather poor and very wavy. Also, the ribs on the cupped base are much sharper than on the Heisey candleblock. Because of the variance in shape and quality, and the fact that the Imperial candleblock is clearly marked, it is unlikely that anyone would ever confuse it for a Heisey original. Instead, it is a curious and enjoyable addition to a collection of Heisey by Imperial.

THOSE ANIMAL DISHES AGAIN!

A letter from John Willoughby of Louisiana warns us that the animal covered dishes from Taiwan are still being advertised as HEISEY. Please, please don't buy these as Heisey. The mark is really not like the Heisey Diamond H. HCA was able to get AAA to remove this mark from the moulds but many were already on the market. Thanks, John, for keeping us informed.

MERRY CHRISTMAS

diamonds are forever

Perhaps it would be interesting to learn how some of our "friends" started on the road to "Heisey Land". "The Scribe" (nj) related this saga to 'Yours Truly'. It was in the early 1960's and her mother presented the "Scribe" with the "green Christmas dishes" she had always used for their Christmas eve repasts during her growing up years. Her mom had purchased them in the 1920's and 1930's as gifts to her own mother for special occasions, birthdays, anniversaries, etc. The Scribe loved those pretty glass dishes displayed so beautifully on a snow white table with a centerpiece of Poinsettias in a lovely green bowl with green candlesticks and red candles, making the setting perfect. So "Christmasy" to be sure! It was in 1969 when the "Scribe" received some glassware from her Grandmother-in-law (no Heisey) and decided to find out what it was, so off to the library. She found a book that mentioned the A. H. Heisey Company and showed the diamond H trademark. Wow! Something rang a bell in her head - - that's the mark on her green dishes! Finally the address of the Heisey Collectors of America was found and the "Scribe" requested more information, joined the club, and purchased all back issues of the "Heisey News". The learning process began and the "fever" grew. She still uses her "green Christmas dishes" every Christmas eve with the same thrill ever present. Some of the original set included (all Moon-gleam) #1231 Ribbed Octagon 3" candlesticks; twelve 7" plates; twelve saucers with ten cups; the hotel sugar and creamer; a #1229 Octagon 5½" D/O footed mayonnaise; a 5½" two-handled jelly. In #1184 Yeoman she has a 5" covered D/O lemon dish; #1210 Frog handled 6" cheese plate (quite a super piece there); #1401 Empress 10" celery and a #1202 11" floral bowl w/underplate. More regarding this next month.

"The Cardinal" was very pleased the day that he spent at a South Shore Glass Show as he was able to bring back the illusive #357 Prison Stripe 7oz tumbler to his nest. These tumblers are few and far between. Also acquired, as a gift, was an exquisite Harvey Amber tumbler (deep in color) and another majestic piece in the #439 Raised Loop 5oz egg cup. This is a very rare pattern from 1911 to 1915. The collection is growing by leaps and bounds. Good for you!

Now, how about a few things that were picked up by the "Wistful Wayfarer" - some with confidence and others with misgiving, but nevertheless, Heisey in all its splendor: she has five (5) sets of #1454 Diamond Point individual ash trays and individual

jellies. (I like to call these sets "honey dishes"); #1567 Plantation 8" plates, perfectly plain (3 of these), a #1469 Ridgeleigh sugar and a pretty #1184 Yeoman covered candy, cut.

"The Advocate" (from La, the Pelican State) relates finding six (6) 8 oz Yorktown old fashions with the #9033 Houston Post, American Legion Bridge Club Etch - with the #456 Titania plate etching; there were also six (6) #1401 Empress 7" square plates with the same etch. He sent me a pencil rubbing of these two etchings and they can be seen on pages 203 and 130 of the etching book if you are lucky enough to have one.

"The Genial Gypsy" from the Bay State came up with the #355 Quator cream and sugar, while the "Busy Bee" bragged about eleven (11) #1225 Ridge and Star plates in Flamingo.

The courts are back in session and that eminent Judge, Roy Bean, is again sitting on the bench. Several cases are in progress but the most prominent of these is the one against the two (2) #160 Locket on Chain salt and peppers. The ruby stain is good and the gold is also in good condition but, even so, the jury brought in a verdict of guilty as charged and the good Judge was forced to sentence the shakers to a life sentence, to be served on the second shelf of the cabinet in his den . . . Case Closed!!

"One Preacher and his Missus" took off for a much needed sabbatical; they had no special plans, just little shops, big malls, junk shops in various off-expressway towns, wherever their heavenly Honda decided to go. Discovered were many things, a few of which I'll disclose now and others will be forthcoming next month: one #341 4oz low footed scalloped sherbet, a #1231 Ribbed Octagon cup in Flamingo (she already owned the saucer, so Voila! a set), next was a piece of #1503 Crystolite which she describes as 'praline shell shaped'. This last piece was found sleeping soundly on a junk table in a very musty basement full of "as is" furniture, which only goes to prove you never can tell!

While we are speaking of Crystolite let me report the things "Mr. Crystolite" discovered; a #1503 creamer, the marmalade and syrup. The syrups are a real find. Years ago "The Mr." and myself passed by the Crystolite syrup because we didn't know what it was. He also bragged about the Dr. Johnson Punch Bowl/Cover and frosted. This is a lovely piece and can be seen at this time in the 'real', at the Heisey Museum as it has been placed on loan.

A "Friend in Deed" shares a frosted Rooster Vase and the #2352 soda with an unknown etch with us, while "The Wiz" claims a #5 11" candlestick, the #5072 Heisey Rose stem, a #3350 Wabash stem with the Pied Piper etch, the #3336 Lady Leg stem with Trefoil Needle etch and a #3317 Drake Stem with #33 Tatting Needle etch.

As for "Yours Truly", I came across a #1205 Fancy Loop 3oz wine plus the #379 Urn individual salt. I own the large urn 12" Orange Bowl and when you place these two pieces side by side they sure do look pretty funny.

Let's hope that the "Heisey Santa" is good to us all! Just remember, "the little Christmas presents of today are the garage sales of tomorrow".

"Then under full sail we laugh at the gale,
and the landsmen look pale, never heed'em.

But toss off the glass to a favorite lass,
to America, Commerce and Freedom".

P.S. Please I really do need some input! Janet

From the Desk of the Editor, continued

Check the ads in this issue carefully. There are some great Christmas gifts in them and many are very good bargains.

At the last Auction, another very "hot" item, besides the animals, was Favor Vases. Whoever put these vases in was a little concerned about flooding the market. With prices ranging from \$100 for one in Crystal to \$575 for Tangerine, which included 28 vases in all the colors, the consignor had no need to worry.

The time for HCA's Christmas Party is just around the corner. This newsletter should be mailed on November 25. If you get it in time, and have not sent in your reservation, give us a call, and perhaps you can still get in. It promises to be a better dinner than last year (a sit down dinner) and we have those good items, which were listed on page 2 of the October issue, to be sold at auction. (Note the form on page 23, last month.) After the dinner please come to the museum to enjoy our festive holiday look and for some refreshments.

Janet Caswell is asking for more input for her column. Letters to her sent to the club address will be forwarded to her.

Russ and I have been greatly honored by the Dairyland HCC which has made us honorary members of their club. We are pleased to be members of that fine club.

Don't forget to order the fine Amber Flying Mare Poster - cost \$8.48 with tax. You can pick

them up here on December 3 or we will hold them for you until the March Auction or the Convention, or bring them to you at the All-Heisey Show in Silver Spring in March. We prefer not to try to ship them.

We have several members on the sick list - probably there are more but we haven't heard about them.

Evelyn Allen, a founding member of HCA and long-time Heisey Dealer who has been at every one of our shows, is still on the sick list and could stand some cheering up. Letters or cards sent to her to the Club address will be promptly forwarded.

Virginia Schultz* of the Heisey Collectors of Michigan recently suffered a stroke. We have no report of her present condition but we hope that she is recovering rapidly.

Jean Siek* of Massachusetts has been in Intensive Care in the hospital since October 20. It is a kidney problem. We also hope that she will be better soon. Jean and her husband always attend the Heisey Auction and we missed them at the last one.

We have about 15 consignments for the Auction for a total of about 150 pieces. If the quality keeps up this will be one of our better auctions. We have some very good items with very little damage. Bring your glass when you come to the dinner or ship it soon. January 1 is the deadline.

We hope that all of you had a great Thanksgiving and that you will also have a very Merry Christmas and a Happy New Year.

May Santa fill your socks
with Heisey,
Louise Ream

MARCH 10 - 11

ALL HEISEY - Benefit Auction

The Museum Benefit Auction will be held March 10 - 11, and again will be at the Appletree Auction Center which has been completely remodeled and is larger, and finer in every respect. All that we need for a very successful benefit auction is for everyone of you to send, as a donation, just one piece of good Heisey glass for this auction. Can you imagine what a tremendous success it would be if we had a 100% participation? We will gladly accept all donations of Heisey Glass for the auction, and each family may consign 12 lots. All glass should be damage free and clean. Please deliver your glass or ship it to the Heisey Museum clearly marked for the March Auction. Include a list of the items in the box and keep a copy of the list for your records. All glass that is not Heisey will be returned to you. Please, no Verlys or Imperial glass for this auction. Verlys by Heisey is acceptable, of course.

A sample form is in this issue for your use in listing your glass on Page 10. Please note the information as listed on the sheet.

We will again have absentee bidding. Please, everyone participate either by supplying glass for the auction, or bidding, or do both. Everyone had a good time last year as there were a few surprises as promised. I don't know about the surprises for this year, but you know me, you can never tell what I am going to do. Come and see what's happening; there will be laughs and some great glass, that I can assure you.

Don't hold back, send great items like last year. We really had some beautiful and rare pieces and there were plenty of bargains and some real profitable items. There are always record prices for Heisey at this auction so don't miss out. Get your consignments and donations in early. I'll bet if you all really tried we could have at least fifty donations at the Museum by the Christmas Dinner.

Please use the consignment sheet. As for those items that you want to donate, just mark them donation, and put them at the bottom of your listing, if you are consigning items also.

Remember, this is your club; you are the only ones who can make the club's activities successful - participate!!

Glass will be sold in the order it is received.

If you'd like to help at the auction, let me know. We'll have assigned hours for helpers so no one gets overworked.

The same policy as the last few years will again be followed. LIMIT IS (12) LOTS PER FAMILY (excluding donations). Items such as 8 goblets or 12 plates together would constitute one lot. Please consign only Heisey or Verlys by Heisey. NO IMPERIAL, PLEASE.

The Annual Christmas Dinner and Quarterly Meeting on December 3 would be a good time to bring your consignments to the Museum in the afternoon, or after the dinner, and avoid the Christmas rush. DEADLINE FOR GLASS IS JANUARY 1, 1989.

1. Donations - Full value tax deductible.
2. Consignment - You receive a check for 80%. The HCA, Inc. receives 20%. These proceeds support your museum.
