# Message from the President

Dear Membership,

As I reflect on the past eight years of my time serving on the HCA Board of Directors, I do so with appreciation for all you have done for the legacy of Heisey to succeed. Heisey has been integrated into my life since my grandmother introduced me to it, as my mother encouraged it and as my wife and children have continued to inspire it. Serving on the board has allowed me to grow as a person and become a better supporter and voice for Heisey. Thank you for allowing and supporting me to serve as your President this past year.

A big "thank you" to our Museum Director, Jack Burriss for his assistance and collaboration with many of the improvements, changes and ideas that have brought our Museum into a new generation. Jack carries the light of making Heisey a vibrant, active organization in our community and at the national level. In addition to the professional staff at our Museum who are responsible for so much of the organization's work.

Our endeavors & accomplishments could not have been fulfilled without other Board members, committee members, and Museum Staff who have all worked to fulfill the mission of HCA and the Museum.

However, nothing would have been accomplished without the dedication and commitment of our membership. I greatly appreciate everyone's contribution to Heisey. The ideas and goals of the founders and early members are what we have built HCA upon and the responsibility to expand it has been entrusted to us. WE have built together this wonderful organization, The Heisey Collectors of America. I am deeply grateful for the many who have worked to make these achievements possible.

I plan to still be involved in our Museum Properties, social media and Heisey Projects. It is important to anticipate the person who will replace me and help them succeed every way you and I can. The commitments on the HCA Board are voluntary, and it is important to have new leaders for the coming decades. New leadership brings vitality to Heisey through fresh ideas and new ways of doing things.

Thank you for all that you have given to make our organization one of which our founders would be proud. We must continue to make it even stronger for Tomorrow's Heisey Collector & Enthusiasts.

I would like to highlight accomplishments from over the last eight years:

### Physical Changes

- ♦ The movement of the Museum shop to its front and center location.
- ♦ The expansion of the factory display area
- ♦ Installation of Gallery 3 and the ability to have changing and new displays
- ♦ The creation of the beautiful Louise Ream Library, located on the first floor
- ♦ The new front entry doors made from damaged beyond repair Heisey items; creating a grand entrance
- ♦ The New Hollywood Gallery: showing our glass in the hands of vintage celebrity icons creates a connection for our visitors to the glass
- ♦ Updating paint colors on the walls: offering a welcoming and warm environment
- ♦ Placement of a simple "Welcome" mat: inviting guests to our Museum

### Technology Improvements

- ♦ Active and enjoyable online presence with our Museum Facebook and Heisey Collectors Facebook pages. Collectability seems increased when you are on these pages and it encourages me that there is interest and desire to find Heisey items with a new focus in new collectors and enthusiasts. We are assisting and encouraging engagement by sharing our knowledge and experience.
- ♦ Creation of our promotional video: went "viral" with over 10,000 views
- ♦ In the process of creating an updated Museum Introduction video
- ♦ Our Website is currently being revitalized. It will be live soon for all to see and experience and expectantly gain new visitors and interest in Heisey glass and our Museum.
- ♦ Membership surveys: knowing & approaching the concerns of our membership

### Heisey Projects

- ♦ Evolution of the Heisey Bead made from damaged Heisey. Beads alone have supported the Museum substantially in sales. We have kept the excitement of new offering and items and the sales continue. (We netted \$45,000.00 from beads the first year they were released!)
- ♦ The Heisey beads, leaves and pumpkins have been staple items that have allowed the Museum to grow from the income of these projects. These items appeal to more than just us dedicated collectors, we sell the majority of these items to visitors or new members/guests.
- ♦ Continuation of ornately designed ornaments and sale of reproductions and convention souvenirs

In Service,

Michael Maher

President

## Words From Your Director – Curator

Summer is so very much in the air today here in Newark as I write these words and there is the added bonus of all the excitement of anticipation and preparation for “Off to the Races”! There is that energy, stress, and spirit of eagerness that happens prior to any good **PARTY** and most of us have had the blessing to experience the series of events and happenings that all add up to The National Heisey Convention and Show. For those of you not able to attend the festivities this year, you will be missed, however we will endeavor to offer a full description in our July News. All of your staff here at Heisey Home Base looks forward to welcoming you to “Our” Family reunion 2019 !

Speaking of your center of operations staff please see page 5 and offer that warm Heisey Welcome to Anna and Cheryl. Anna is working through the complexities of finances around here with much help from Karen Taylo and some help from me and we are very Happy to have her as part of the team. Cheryl comes to us with extensive retail and reception knowledge and is doing much to enhance our guests’ and members’ experience and we are very pleased to have her as a valued new member of the Heisey “Team” as well.

I spoke of a good party earlier and Walter and I, along with many other Heisey members, had the great pleasure to attend on May 18 *th* the 90 *th* Birthday blow out celebration for Jean Will that her family hosted in her honor in Leavenworth Kansas. There were over one hundred and sixty guests in attendance and on each of the tables (and many other places as well) we were greeted by Heisey vases filled with magnificent garden flowers. I know few will be surprised to learn that the desserts were also served on our favorite Best Table Top Glass ever! Thank-You to all who hosted and Happy Birthday again to Jean ! Please see our back cover for a photo of some of the fun.

Speaking of fun many of you will remember me mentioning how generous all of you were in 2018 and how much has been added to our ever growing collection. The fun part was Walter and I trying to get as many of these new items on permanent display as possible and you will find a number of cases with an added shelf for your study and enjoyment. The perfumes are one good example of this to watch out for. We are finishing up the Gallery 3 Convention display, please see the cover for a sampling, and the travels were well worth it I hope you all will agree ! Thanks goes to members of both the Dayton Area and Buckeye Study Clubs for their efforts in cleaning display glass in preparation for Convention as well.

One of the biggest expressions of THANKS that I would like to offer is to Michael Maher and his family. Michael’s enthusiasm, creativity, knowledge, time, and hard work have never been anything less than fantastic and we as The National Heisey Glass Museum are in a better place due to his presidency. We need to remember to Thank all out going, current and past board members as well for their service !

Let the FUN begin as we are Off to The Races for 2019 !

## **First Quarter Financials**

**Karen Taylo**

The first quarter of our 12 furlong race has been run. I've included the Budget VS Actual report, as of March 31, 2019, for your review.

Revenues did not meet budget mainly due to two line items: Sales and Cash Donations. Sales are traditionally slow in the first three months of the year. Membership and Admissions both show positive numbers for the quarter. You will note a line item for Dreams/Other Donations. The Dreams donations are not included in the Total Income as they were not budgeted.

Expenditures came in about \$2400 under budget for the first quarter. We chose, again this year, to make a single payment for the insurance to take advantage of a significant pay-in-full discount. To match the Dreams/Other Donations revenue, there is a Museum Expense – Dreams expense line. There is also an expense line for the Video project (Advertising – Video Project). Both of these expense lines are excluded from the Total Expenditures as they are not part of this year's Budget.

As always, please feel free to contact me if you have any questions.

# Members express satisfaction with museum, make suggestions for improvements

*(Sixth in a series of articles on results of the HCA Member Survey. See October and December 2018, February, April and May 2019 issues for previous stories.)*

The Member Survey conducted by Heisey Club of America (HCA) last summer provided data confirming what board members have long suspected - the organization is comprised largely of older generations. More than 85 percent of members are age 55 or older; just over 65 percent are 65 years and older. This piece of demographic data is firmly in the minds of HCA board members as they make decisions for the organization.

"This presents a challenge we must address if the Museum and organization are to continue flourishing in the years to come," said HCA President Michael Maher. "We are fortunate to have gathered a lot of great suggestions from our members. It is clear this is a concern for many."

The survey provided many responses to open-ended questions asking how HCA can attract younger generations to the Museum and interest them in Heisey glass. The board is studying these suggestions in short- and long-range planning efforts now underway.

The suggestions included such things as scavenger hunts through the Museum as well as games, hands-on activities and regular programs appropriate for children of various ages. For young adults, suggestions include hosting a wine tasting using Heisey wine glasses or a "Meetup" gathering at the Museum, and using social media to promote the events.

The importance of education was a strong theme. There were suggestions to attract tours of school and community groups to the Museum or to provide classroom presentations at local schools emphasizing the science of glassmaking, glass as an art form, and the importance of the A.H. Heisey Company in the history of area. One member suggested inviting teachers to the Museum and providing them with a packet of materials that tie in with the state's curriculum standards, free family passes to the museum and passes to the June glass show.

Various ways of getting Heisey glass into the hands of younger generations were suggested as a way to spark interest – give young visitors to the Museum an opportunity to hold and examine the glass, give Heisey glass as bridal shower and wedding presents. Capitalize on the wine craze that is sweeping today's young adults by giving them the gift of Heisey goblets and a couple of bottles of wine.

Some suggested helping young people see how Heisey glass can fit into their lives by creating YouTube videos demonstrating how it can be used for everyday family meals as well as a variety of special occasions ranging from baby showers and ice cream parties to craft beer gatherings and cigar parties. Encourage young people to consider the value of bringing grace and beauty to their table settings occasionally with Heisey glass.

One member suggested emphasizing the economical cost of many pieces, which can often be purchased for less than the cost of high quality new glass, as well as its relative durability. An Ipswich water glass or an Old Williamsburg goblet will likely outlast a thin tumbler from the local department for many years! Invite people to compare the quality of Heisey platter or punchbowl with comparable new items being sold today.

One person suggested younger generations might be motivated to care about Heisey glass by emphasizing its heritage value as an important product handmade made locally by American craftsmen and women rather than in a remote overseas factory.

The importance of family connections was highlighted. Current HCA members can make a point of sharing their Heisey glass with the youngsters in their families – using it for family gatherings, talking about its importance in family history, allowing them to choose pieces for themselves. Dan and Sue Kilgore are firm believers in the value of family connections. They helped their daughters choose their own Heisey patterns to collect when they were young and they now buy gifts of Heisey for their grandchildren, starting with each child's first Christmas. "We believe in giving memories, things you will keep for a long, long time and that will become part of your history," said Sue.

There were also suggestions for promoting Heisey more widely to the public through an ad campaign focused on younger generations, setting up displays at fairs and festivals and other public places, encouraging members to speak about Heisey to various organizations in their communities.

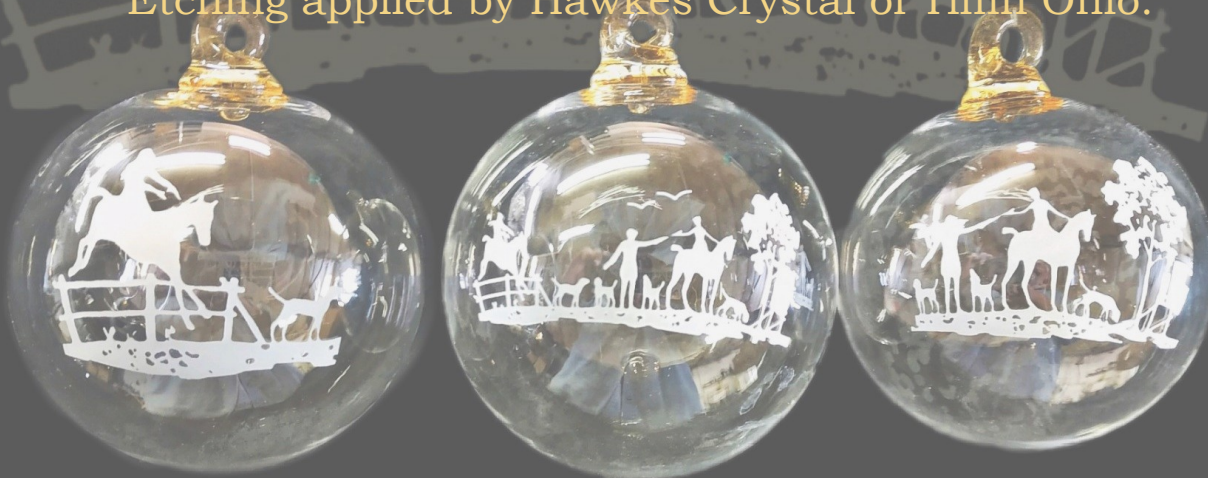

As the board considers these suggestions, it will also have to consider the budget impact as well as the capacity of staff and volunteers to carry them out.

Are you at the "starting gate" and ready to "race" into Newark June 12<sup>th</sup> - 15<sup>th</sup> ? Hope so!!! Just so you know...we have a new "jockey" in town! And talk about looking the part...Kim Clark will be "sporting" a "helmet" and "goggles" while at "Off to the Races". She will look as though she is about to "jump" on her "filly" and "race" around the glass show at Reese Ice Arena! Kim is doing fantastic after her surgery and is so looking forward to seeing all of her Heisey friends. We here at the "Clubhouse" are looking forward to it too!!!

The deadline for registration is June 1<sup>st</sup>. This info was moved to a second page on the registration form due to increased info that was added. We all know there is no second page in print so it was not included. Sorry about that...

Anyway, this mainly applies to the "program" where meals are served. This is so the caterers know how much "hay and oats" to prepare for the "studs", "fillys" and "foals" who will be in their "corral"! So..."race" to your checkbook! You can also phone in your info to Susan at the "Clubhouse". The phone number is 740-345-2932 X-1.

We think "Off to the Races" is going to be one of the best conventions ever! The seminars will be very informative and you will be able to re-connect with all of your Heisey friends! Plus...think about all of that gorgeous glass the dealers will have in their "stables"!!!

We all hope to see you at convention this year!!!

Your "co-jockeys": Nickie Crowe, Bari Fauss, Cheryl Hoskins

# Proposed Bylaws Changes

## Constitution and Bylaws Committee

### ARTICLE I Meetings

#### Section 2 Annual Meetings

The annual meeting shall be held in June for the installation of elected directors and for the presentation of annual reports and transaction of other business. The election of Directors shall be held at the annual meeting which may be designated as the "election meeting." The term of Directors shall officially begin at the close of business of the annual meeting. Charter directors shall hold office until the regular election occurring during the annual meeting in June 1973.

Proposed change:

*"The annual meeting shall be held in June for the installation of elected directors and for the presentation of annual reports and transaction of other business. The election of Directors shall be held at the annual meeting which may be designated as the "election meeting." The term of Directors shall officially begin at the close of business of the annual meeting."*

This proposed change would remove the last sentence of Section 2 which references "Charter directors" holding office until June 1973.

The last sentence of this section does not serve any current purpose so we are proposing its removal.

### ARTICLE II Duties of Officers

#### Section 4 Treasurer

It shall be the responsibility of the Treasurer to have custody of all funds, accounting for same to the organization at its annual meeting and at any other time upon demand by the Board of Directors and to perform such other duties as pertain to the office including causing an audit to be made. The Treasurer shall be responsible for the collection of dues and funds of the organization and deposit them in the bank or depository named by the Board of Directors. Upon retirement from office, the Treasurer shall turn over to the successors or to the President all funds, books and accounts or any other organization property in the Treasurer's possession. The Treasurer shall furnish bond in the amount determined by the board of Directors, the cost of which bond shall be paid by the organization. (approved 3/11/95)

Proposed change:

*"It shall be the responsibility of the Treasurer to have custody of all funds, accounting for same to the organization at its annual meeting and at any other time upon demand by the Board of Directors and to perform such other duties as pertain to the office. The Treasurer shall be responsible for the collection of dues and funds of the organization and deposit them in the bank or depository named by the Board of Directors. Upon retirement from office, the Treasurer shall turn over to the successors or to the President all funds, books and accounts or any other organization property in the Treasurer's possession. The Treasurer shall furnish bond in the amount determined by the board of Directors, the cost of which bond shall be paid by the organization. (approved 3/11/95)"*

This proposed change would remove "including causing an audit to be made" from the first sentence of the section.

The phrase "causing an audit to be made" is awkward and, to some, may sound as if the Treasurer should do something to cause an audit. The Treasurer's responsibilities would include any audit process deemed necessary and is covered by the phrase "to perform such other duties as pertain to the office."

ARTICLE III Board of Directors

Section 2 Functions

(a) The Board shall be responsible for the appropriation of all funds of the organization and shall, through the President or other duly authorized member of the Board, approve all vouchers before payment at the direction of the Treasurer. The Board shall designate the bank or depository in Licking County, Ohio for funds of the organization and determine the amount of the bond which shall be given by the President and Treasurer. The board shall receive and approve the Budget and the annual audit of the financial transactions of the organization. (approved 3/11/95)

Proposed change:

*“(a) The Board shall be responsible for the appropriation of all funds of the organization and shall, through the President or other duly authorized member of the Board, approve all vouchers before payment at the direction of the Treasurer. The Board shall designate the bank or depository in Licking County, Ohio for funds of the organization and determine the amount of the bond which shall be given by the President and Treasurer. The board shall receive and approve the Budget and the annual financial statement of the organization.”*

This proposed change would replace “annual audit of the financial transactions” with “annual financial statement”.

This change would reflect current practice. Wells & Priest, our CPA firm, provides an Annual Financial Statement which is reviewed and approved by the Board of Directors.

# TREASURER'S REPORT

By Karen Taylo

## Money Out – Expenses

This month we turn our attention to Expense line items:

- ◆ Salaries and Wages: All the wages paid to our employees. Wages are the largest expense in our Budget.
- ◆ Payroll Taxes: The Museum's portion of the employee's FICA and Medicare taxes.
- ◆ Bureau of Workers Comp: Payments to the Ohio Bureau of Worker's Compensation,
- ◆ Cost of Sales: Cost of Sales reflects the "cost" of the items sold throughout the year, even if we purchased the items 10 years ago. Since this figure does not represent a true cash expenditure, it is added back in at the end of the Budget (Less Cost of Sales). However, since other items (not Special Project items) are purchased throughout the year to sell in the gift shop, we must account for the cost of those purchases (Plus Inventory Purchases).
- ◆ Shipping and Handling: Shipping and handling costs.
- ◆ Accounting Expense: Monthly fees paid to Wells & Priest for processing and paying our bills, processing our payroll, balancing our accounts and producing our Financial Statements. They also produce and file our IRS Form 990 each year.
- ◆ Legal Fees/Retainer: Expenses related to legal advice.
- ◆ Office Supplies and Postage: Paper, pens and stamps, oh my!! Not to mention all the other office supplies used by the staff and volunteers throughout the year.
- ◆ Repairs and Maintenance: Expenses related to repairs/maintenance at the Museum and the Warehouse. Examples would include elevator maintenance, fire extinguisher inspections, carpet cleaning, plumbing and the cleaning service employed by the Museum.
- ◆ Lawn/Grounds Care: Monthly expenses for grounds maintenance, along with expenses related to winter ice/snow removal.
- ◆ Employee Relations: Expenses meant to promote employee relations.
- ◆ Museum Expense: General expenses incurred by the Museum that cannot be coded to one of the expense line items. Examples include flowers, plaques and nametags, small furniture items, etc.
- ◆ Utilities: Electricity, trash, gas, water, telephone.....for both properties, the Museum and the Warehouse (electricity and water only).
- ◆ Newsletter Printing & Postage: Cost of printing and mailing the Newsletter each month.
- ◆ Dues & Membership Expense: Membership dues paid to other organizations. Examples include membership in the Licking County Historical Alliance and the Licking County Chamber of Commerce.
- ◆ Advertising: Expenses related to advertising the Museum.
- ◆ Outreach: Expenses related to community outreach.
- ◆ Insurance: Commercial Property, General Liability, Directors & Officers Liability, Commercial Umbrella, Inland Marine (Collection/Mould coverage), and President/Treasurer Bond.
- ◆ Travel Expense: Travel expenses related to the off-site Percy & Vivian Moore Weekend.
- ◆ Computer & Website: Expenses related to our computer system and website maintenance. This includes a monthly charge for daily, offsite backups of the system to safeguard our data.
- ◆ Acquisitions: Expense for items purchased to add to the Museum collection.
- ◆ Bank Service Charges: Credit card processing fees make up the majority of this expense line item. Park National Bank service charges on our accounts are minimal (\$95.60 for 2018). There is also an annual fee for the Safe Deposit Box (\$90) and the Line of Credit (\$150).
- ◆ Auction Firm License/Bond: In order for HCA to conduct our Benefit and Dave Spahr Select Auctions, we must have an Auction Firm License and a \$50,000 bond. Both expenses are booked here.
- ◆ Special Project Expense: Expense for the purchase of beads, ornaments, Convention souvenirs and other special project items.
- ◆ Leased Equipment: Lease payments for two pieces of equipment, the large Canon printer and the Pitney Bowes postage meter.
- ◆ Miscellaneous: Is there anything we haven't talked about? Yes? It goes here!
- ◆ Less Cost of Sales & Plus Inventory Purchases: See Cost of Sales.

As always, please let me know if you have any questions.

# Heisey Collectors Club of Michigan

Our first meeting of 2019 was hosted by Bonnie and Rick Van Meer at Lucky's Steakhouse in Okemos, Michigan on April 27. Although a few members were prevented from attending due to illness or other obligations, we still managed to have a productive and enjoyable meeting in which we recapped old business such as the Christmas Party hosted by Dan and David in December and the Spring Benefit Auction. Five of our members attended and the opinions were split on how well the prices held up. Some felt many pieces sold under their value with only a few items bringing top dollar, while others felt that the overall results indicated an increased interest in collecting Heisey. All of our attendees were happy with the items they were able to add to their collections.

We also addressed new business with discussion on our convention donation for the year. We decided to adopt the Radio Broadcast Audio System from the "Little Dreams" list and also fund the publication of the reprint of Table Talk. Sixty copies of this book will be available for sale at the convention and the proceeds will be donated to the endowment fund.

David talked about the presentation on Heisey advertising he gave at a meeting of the Michigan Depression Glass Society just before the Spring Auction. The meeting was attended by about 100 members and the presentation, which lasted about one hour, was well received. We discussed the possibility of giving the presentation at a future HCC of MI meeting.

New finds included a 20" Whirlpool platter in Zircon, a Cross Lined Flute vase, a pair of Oak Leaf one-light candlesticks in Flamingo with crystal bases, a Prison Stripe vase and a "Us" etched Cobel one pint cocktail shaker with a Rooster stopper that Irene found at a Goodwill for \$6.99!

We discussed the schedule for future meetings for this year and then enjoyed a hearty lunch and enjoyable discussion which was completed by desert that consisted of three different home-made cupcakes served on an impressive Whirlpool platter.

Table Talk

HEISEY'S  
GLASSWARE for your Table

## TABLE TALK

*Table Talk* was a monthly publication of A. H. Heisey & Co. that provided useful information on how to sell Heisey glassware. Its target audience included glassware buyers and sellers in department stores, jewelry stores and other establishments that sold quality glassware. Typical issues focused on how to coordinate with Heisey national advertising campaigns and often included related clip art that could be used for local advertising. Additional content provided tips on how to display the glass in attractive table settings and store window displays, information on the production process that could be useful in selling, examples of how the glass was being displayed in several high-end establishments and trends in elegant glassware including new colors and etchings. This is the first time that this material is being reprinted in one volume. This 296 page book presents 67 issues from 1926 to 1946.

**\$20.00**

All proceeds from the sale of this reprint are being donated to HCA's endowment fund to preserve the legacy of Heisey glass for future generations.

# Great Plains Heisey Club Meeting

## May 11, 2019

Kathy Files, Secretary

“April showers bring May flowers”. We’ve had an abundance of showers and the hillside was covered in beautiful flowers at our hosts’ home in Kansas City, MO. Chris and Lehi German hosted 25 members and 3 guests for our May 11 Great Plains Heisey Club meeting.

A superb lunch was the kickoff with Lehi’s smoked meats and side dishes fulfilling everyone’s BBQ dreams. So delicious and such an opening for a wonderful afternoon.

In spite of folks being in a food coma, President John Mock welcomed everyone. We were happy to see returning members, Michael and Marcia Philbrick from Seneca, KS. And sadly, we acknowledged the death of long time member Rick Baker from Des Moines.

Our hosts generously donated the proceeds from “pass the hat” to our Treasury and ultimately to the benefit of HCA – thank you, Chris and Lehi.

Minutes of the previous meeting were approved and the Treasury report given. Gregg Cameron gave us an HCA Board actions update and the raffle drawing winners were announced: Trudy Mock, Eric Tankesley-Clarke, and Chris German.

Numerous GPHC members had attended the HCA Spring auction and worked (or bought) to insure a successful outcome. Tom and I are always pleased to invest that sweat equity to help HCA and honor the auction manager for so many years, Dave Spahr. Our club will also have many members present for the 2019 Convention in June. Anxious to “Race for the Roses”, there will be many of our crew preparing display tables for your enjoyment.

Trudy provided her “Martha Moment” of a “Heisey Queen” inscribed insulated tumbler. The Mock family has provided “Heisey keeps me Poor but Happy” pins and the Files’ family provided Heisey Cabochon magnets that look really good on the back deck of your car. Both are for sale in the Museum gift shop to benefit HCA.

Another feature of this meeting was to celebrate a Big Happy Birthday for Jean Will – 90 years young. Since Jean always makes jams and jellies to sell at our meetings to raise money for HCA, the program was on Heisey’s one handled jellies. Jean’s daughter, Bucky, provided most of the pieces that Eric used for the program. Eric titled it “Jean’s Jelly Jubilee” and a full table made a beautiful display. Along with Eric’s informative 4 page handout, we had a great program – almost 50 different one handled jellies either pictured or on display – quite a sight. Sorry to all the folks who don’t get to learn from and enjoy a program by Eric. Such a wealth of information for us to savor – thank you, Eric and thanks to Bucky for sharing her wonderful collection.

We were treated to some nice pieces in the Show & Tell segment and some rarely seen ones. The unusual sugars included Petal with a solid lid, Banded Diamond Foot, and a #8076 Davis hotel sugar with an unknown cutting. The #1257 footed sherbet appeared without a lid, ergo a sherbet and not a sugar. A pair of #100 shelf supports were quite hefty. A Schnaidt water bottle in Flamingo with diamond optic was featured. A Queen Ann claret with #127 Diane cutting from the Krall Studios was impressive. A show unto themselves but we were also able to view the following beautiful items: Spanish goblet in Tangerine to the red side, Aqua Caliente cocktail with Skier etching,

Rose stem dinner bell with Heisey Rose etching,

#110 Dolphin and candlestick/Flamingo, Cobel cocktail shaker with Arctic etching, Steele rose bowl/Moonglearn, Old Sandwich cigarette holder, and a Regency puff box with a Max Seidel cutting. The sad tale shown was a pair of Ballstem candlesticks with cutting – half of one base broken off in shipping.

Lots of items from a member who is down-sizing his collection were sold in our 50/50 auction to happy buyers.

The meeting was adjourned for dessert time – great pies from our hosts and cookies from Ande Henne. Giant thanks to Chris and Lehi for opening their home for our meeting.

# North Carolina Heisey Study Group

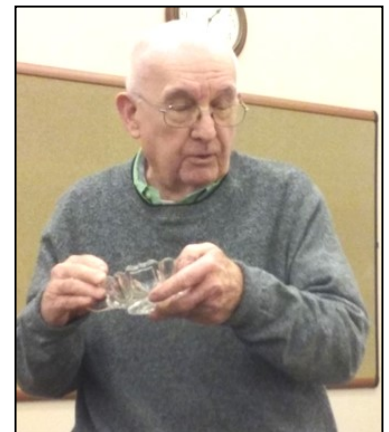

## March 9, 2019

Memo to Nutra-System and Weight Watchers: Avoid NC Heisey Study Group meetings. Carolyn , Carolyn, Elaine and Earle put out a great lunch. There was a German Chocolate cake and a dark chocolate iced 2 layered cake and a cherry covered cheesecake. Wow! The German chocolate cake was presented on a #335 Prince of Wales Plume Salver. Before we could get the desserts, they wanted us to get some shrimp salad from a #1488 Kohinoor bowl and a chicken salad from a Pineapple & Fan bowl.

We were glad to see Jim and Frances at the meeting and to see Tom also. We also welcome Gail to our Heisey collectors group.

Derek continued his presentations on formal table settings. He reset the formal American dinner place setting with silverware and stemware from our last meeting. He then rearranged all the elements to show a Continental table setting. Then he schooled many of us by showing a French table setting which was different from a Continental setting though France is usually included when speaking of Continental. I hope we have a field trip so we can use our new found knowledge.

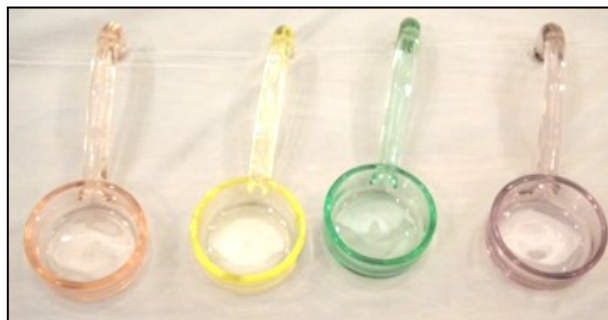

The Program: Heisey Condiments: (Minus salt and peppers and cream and sugars). So what's left?? Chris gave us a list from The Culinarian by Barbara Ann Kipfer. She lists over 60 condiment items and it looks like Heisey was going to make a container, dish, tray for many of them. Members brought in # 333 bitters or Worchester bottle, #1252 Twist Moongleam Kraft cheese plate, horseradish jar, #1511 Toujours apple marmalade, alexandrite Empress mayo with #6 alexandrite ladle, flamingo Yeoman mustard with flamingo #5 spoon, and #300 and #351 Priscilla catsup bottle. There were #1205 Fancy loop, #1401 Empress, #1184 Yeoman and #1189 flamingo celery tray and pickle and olive tray. There was also an Old Queen Ann handled jelly.

The mystery gift was won by Bob, a Moongleam, Tudor, low footed candy. Nice, beautiful piece!

The next beautiful Heisey glass meeting: Heisey animals outside the fences.
