FROM YOUR PRESIDENT . . .

Dear HCA Members,

My report this month will focus on the Special Board Meeting I called for October 24 to consider the report of the Committee on Reorganization and Job Descriptions of paid employees. As I reported in the September HEISEY NEWS, the Executive Committee felt a study of the job descriptions and scope of paid employees needed review and updating. I appointed the following: Charles Wade, Chairman, Liz Stickle, Neila Bredehoft and Stan Darling (HCA attorney).

This committee met on several occasions and presented their detailed report at the September Board Meeting. Stan Darling, acting as spokesman, enumerated the committee's findings and recommendations with the understanding that no discussion would be held until a later date, after all the Board members had had the opportunity to study their copy of the report in detail. This report basically paralleled one done in 1978. Charlie Wade was chairman and Stan Darling was a member of that committee.

Fourteen of the nineteen Board Members were in attendance for the special meeting. After lengthy discussion, the Board voted thirteen to one to implement the report as amended, as soon as possible. The major change this action implements involves the Executive Director who now becomes Museum Curator. As Museum Curator, Louise will be relieved of some of the tasks heaped upon her as the Executive Director. It will be her responsibility to oversee the operation of the Museum and the Gift Shop. Working under the Curator will be a Museum secretary (new position) and the Shipping Clerk. Louise will continue as Editor of the HEISEY NEWS. The Club President, Vice President and immediate Past President will act in an advisory capacity to the functions of the Museum, the Warehouse and the Newsletter. The Curator's office will be located in the Museum in the present docents' lounge.

The HCA Secretary will advise and assist the Receptionist-Membership Clerk (new title) who will be responsible for all the membership functions. This office will be located at the north end of the library.

Con't on Page 3

I am sure that you have all read Bob's column and know of the changes which have been taking place recently. The Docents lounge is being redecorated and a few changes made to transform it into an office for me, as Museum Curator. Hopefully I will now have plenty of time to devote to the museum itself.

The three upstairs rooms of the museum are in the process of having mirrors installed. Room 6, the home of Alexandrite, Sahara and Marigold is finished and absolutely spectacular. Room 4 should be finished next week. It takes us some time to take out all of the glass in the cabinets, inventory, clean and return it to the cases so it will probably take two more weeks. Hopefully it will all be finished before the December dinner. Funds for these mirrors came from the Southeastern Mass. Club, Western Massachusetts Club and the Bay State HCC. All cabinets in the museum will have mirrors now. Phyllis McClain and Mary McWilliams have been helping me with the glass.

Christmas decorations should be up before Thanksgiving and we'll have Open House on Dec. 6th along with the Davidson House next door.

The cover this month is a copy of an Original Heisey Christmas Card and was in a group of Heisey material donated by Harold Dunham, former sales manager of the company.

This issue is so full of ads that all of you should be able to find things you want for Christmas. Please read them carefully and patronize our advertisers.

On page 23 we have listed a few items from our Gift Shop. As you know we already had the baby elephant. Now we have added the large elephant and the donkey both in French Opalescent and both marked and dated - HCA 88. We used the 88 date because it is a presidential election year. These are really beautiful. All other items listed in the catalog in the October issue are still available. The copper blue baby cup would also be a great gift. It is marked HCA 87 and was made by Fenton. We still have pink baby cups too.

We will also be adding the middle elephant before long so that you can acquire the full set.

We really need docents (guides) for the museum. Many of you do not want to do it because you feel you can't answer questions. I will now be in the museum most of the time and will gladly do that myself. You can volunteer for one or more Saturdays a month, a Sunday, and we can also use another person for each week day. Please call and volunteer. We'll be glad to train you and if you are like most docents you'll soon love it.

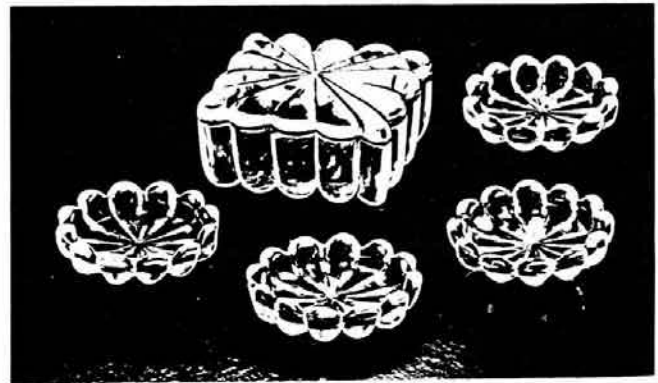

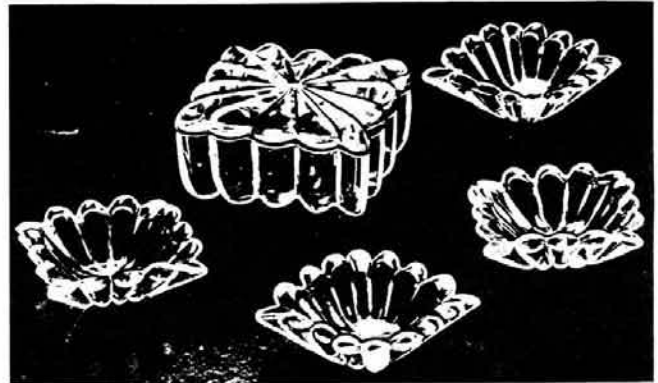

The south side of the museum is now restored and is beautiful. Work is proceeding slowly on the front. This is very time consuming and will be a long process, but it will be well worth it when it is finished. All bad siding is being replaced.

The 1988 Oscar will be advertised in the January issue of Heisey News. They probably will be made in January. The color will be Opal. Several people have asked for a milk glass Oscar since there are many white horses. This is not a dead white like milk glass but is a very shiny off white color. It should look very well in your stable of Oscars.

I hope many of you were able to attend the Christmas Dinner.
Merry Christmas and Happy New Year.

Louise Ream

MAHABAR

HEISEY'S LATEST TRIUMPH

Gloriously brilliant and smart in the Heisey Crystal or intriguingly exotic in Zircon or fascinatingly bizarre in the golden glint of Sahara. Later called Crystalite..

Con't from Page 2

The Bookkeeper will be working with the Club Treasurer in handling all the financial facets of the Club business.

It was the feeling of this Committee that these changes would define areas of responsibility and would at the same time, get the Executive Committee more involved in the day-to-day operation of the Club.

I am proud to announce that all the membership functions are now on computer. In addition, some functions for the bookkeeper have been programmed and are now being used. An inventory of the Museum glass is being taken and it will be stored in the computer. As I stated before, working together we will succeed.

Hope to see all of you at the December Quarterly Meeting and Christmas Dinner on December 4.

SEASON'S GREETINGS

Bob Parry

MARCH BENEFIT AUCTION

BY BOB RYAN

There is much excitement being planned for the March Benefit Auction. There will be a lot of surprises not to mention lots and lots of that special Heisey glass. If you've been waiting for a super, fun-filled weekend in Newark, mixed in with a great opportunity to buy some outstanding pieces of Heisey, well, mark your calendars for March 11 and 12.

To make all of the above possible, we need you all to send some great pieces of Heisey to be auctioned. This has been one of the better fund

raisers for HCA and has also brought good money on consignments. All glass and cash donations are also welcomed. Don't delay, pack your glass and get it to the Museum pronto. January 1st is fast approaching.

We need lots of help on auction day so let me hear from you.

Remember the fun, be a part of it. This promises to be a humdinger. You can make the difference with your participation.

See you!

ALL HEISEY - Benefit Auction

MARCH 11 & 12, 1988

It is time to prepare for our 15th Annual All-Heisey Museum Benefit Auction. The Auction will again be held at the Apple Tree Auction Center. It will, as usual, be held in conjunction with the Quarterly Meeting.

The Annual Christmas Dinner and Quarterly Meeting on December 4th would be a good time to bring your consignments to the Museum in the afternoon, or after the dinner, and avoid the Christmas rush. DEADLINE FOR GLASS IS JANUARY 1, 1988.

The same policy as the last few years will again be followed. LIMIT IS (12) TWELVE LOTS PER FAMILY (excluding donations). Items such as 8 goblets or 12 plates together would constitute one lot. Any consignments OVER 12 lots will be considered as donations. The consignment fee remains at 20% with a \$5.00 MINIMUM per lot. HCA receives the 20% selling fee. Please consign only Heisey or Verlys by Heisey. NO IMPERIAL PLEASE.

Be sure to include a list (including pattern number, name, color etc., if possible) along with your name and address. Arrange the list in desired lots and identify which lots are consignments and which are donations. Don't forget to make a duplicate copy for your records.

The Benefit Auction is one of the major fund raising projects of the year and all proceeds go for support of your Museum. There is very little expense associated with the Auction. You can help by donating items for the Auction. Remember, donations are full value tax deductible. The consignment fees are also tax deductible.

Get your glass in early and plan to be at The Apple Tree Auction Center on March 11 and 12.

In order to bring the best prices for both you and the Museum, please don't send damaged items unless the items are seldom seen.

Glass will be sold in the order it is received.

Mark your calendars - this is going to be one of the most fun events of the past several years. We need your good glass ! !

If you'd like to help at the auction, let me know. We'll have assigned hours for helpers so no one gets overworked.

Bob Ryan, Chairman
c/o HCA
PO Box 4367
Newark, OH 43055

1. Donations - Full value tax deductible.
2. Consignment - You receive a check for 80%. The HCA, Inc. receive 20%. These proceeds support your Museum.
3. Glass must be in our possession by JANUARY 1ST.
 - a. Ship your glass NOW to:
HEISEY COLLECTORS OF AMERICA, INC.
169 WEST CHURCH ST.
NEWARK, OH 43055
 - b. Visit the Museum and leave your glass there.

HEISEY REPRESENTATIVES

(In the paper material donated to HCA by Harold Dunham, we found two lists of Heisey representatives. While we have published some of these before, there are some new names on the lists. Also, it is interesting to see the exact territories to which they were assigned.)

J. S. BURROWS	Vancouver, BC Canada
HOLT BERNI	Portland, OR
ALBERT BERNI	Portland, OR
EDWIN F. BOKEE	Baltimore, MD
DONALD R. BURKE	Baltimore, MD
BRUCE DOUGLAS	Toronto, Ont, Canada
ROBERT FOSTER	Seattle, WA
ALFRED A. PETERS	Los Angeles, CA
CLAY D. RAGAR	Kansas City, MO
JOSEPH F. SMITH	Lakewood, OH
JAMES V. THOMAS	Dallas, TX
WILLIAM MOORE	Dallas, TX
CHARLES R. McGRATH	Pittsburgh, PA
JAMES J. BROWN, JR.	Chicago, IL
JOHN E. MIDDLETON, JR.	Chicago, IL
FRED C. KLING	Honolulu, Hawaii
JOSEPH J. LOWER	New York, NY
GEORGE A. GRANVILLE	Belmont, MA
MR. MARC TARTER	Wantagh, LI NY
MRS. AGNES E. QUALEY	Elmhurst, NY

(second list)

BERNI BROTHERS
Albert F. Berni
Holt W. Berni
Robert S. Foster (samples)
TERRITORY:
Oregon, Montana, Utah, Washington State,
Idaho, Nevada except Reno & Las Vegas (Sun Sales)

EDWIN F. BOKEE
Edwin F. Bokee
Donald R. Burke
TERRITORY:
Washington D.C., Maryland, Virginia,
North Carolina, Eastern Tennessee.

BURROWS AGENCIES
Joseph S. Burrows, Jr.
TERRITORY:
British Columbia and Western Canada
Ontario, Quebec, Eastern Canada

EDWARD J. COOPER
Edward J. Cooper
Paul Mattel
Mrs. Jane Miller Ebersol
TERRITORY:
Illinois, Wisconsin, Minnesota, and upper
peninsula of Michigan.

GEORGE A. GRANVILLE
TERRITORY: Massachusetts, Connecticut except
Lower accounts, Maine, New Hampshire, Rhode
Island, Vermont.

FRED C. KLING
TERRITORY:
Hawaii

JOSEPH J. LOWER

TERRITORY:

New York City area, Long Island, Philadelphia, Meriden, Connecticut, Metropolitan Newark, Montclair, Flemington, Edgewater, etc. in New Jersey.

CHARLES R. McGRATH

TERRITORY:

Delaware, West Virginia, New Jersey except Lower territory, New York State except Lower territory, Pennsylvania except Lower territory.

CLAY D. RAGAR

TERRITORY:

Iowa, Kansas, Nebraska, Missouri, North Dakota, South Dakota.

JOSEPH F. SMITH

TERRITORY:

Ohio, Michigan (except upper peninsula)
Indiana, Kentucky.

SUN SALES COMPANY

Roy A. Sanborn

Alfred A. Peters

John Kuck (samples)

TERRITORY:

California, Arizona, Reno & Las Vegas,
Nevada.

THOMAS & MOORE COMPANY

James V. Thomas

William Moore

TERRITORY:

Texas, Oklahoma, Arkansas, Louisiana,
New Mexico, Mississippi, Colorado, Wyoming,
Tennessee except Eastern section.

The territory of Alabama, Florida, Georgia and South Carolina was listed with no representative mentioned. These lists are undated.

5003 Nimrod Etching

Courtesy A. H. Heisey

BY TOM FELT

Heisey's first advertisements which appeared weekly from January 1st through the 29th, in 1896, in CHINA, GLASS AND LAMPS were all two-page spreads featuring pieces in the No. 1200 Cut Block line on one side and similar items from the No. 1201 Fandango pattern on the facing page. Like Cut Block, Fandango was also advertised as a "full line," but actually ended up being an even more extensive pattern, with over 90 pieces. (Of course, as was usually the case, many of these items were made from the same molds; in the advertisements this can be seen in the case of the 3-cornered jelly, which was made from the round jelly, and the 9 inch nappy, which was created by flaring the sides of the 8 inch nut nappy.)

As was the case with Cut Block, the sample pieces which were on display at the Monongahela House in Pittsburgh were made by the Robinson Glass Company in Zanesville, not far from Newark.

The January 1st ad featured the ubiquitous table set; however, the variety of pieces available was already evident in the January 8th advertisement which included the bar tumbler, ice tub, water bottle, and small cracker jar. Later ads included the wine, molasses can, and rose bowl. In all, 25 items were pictured in these five ads.

Fandango remained in production a little longer than Cut Block, but had dwindled to only 27 pieces in the 1902 catalog. By 1905, there were only 4 articles still available (the ice cream tray and nappy and two sizes of oil) and these were discontinued shortly thereafter.

Because it's an early pattern, it is never marked and it was made in crystal only. This is not surprising, even though some of the earliest colors had been introduced while Fandango was still in production, because it was intended to be an imitation of cut glass. Cut glass was both highly popular and quite expensive in the 1890's and it was the fineness of some of the pressed imitations, such as Heisey's Fandango, that would eventually spell an end to the era of rich cut glass. It has been noted that Fandango is very similar to other pressed patterns, such as the U.S. Glass Company's Massachusetts, which came out in 1898, presumably to meet and compete for the same market.

Fandango is sometimes found with a gold decoration on the edges and old factory records exist which indicate that selected pieces were also available with both orange and blue decorations.

Like most of the early patterns, this one was not named by Heisey. Ruth Webb Lee first called it Fandango in her VICTORIAN GLASS. Minnie Watson Kamm, in A FIFTH PATTERN GLASS BOOK, uses the name Diamond Swag and this will also sometimes be encountered in older reference works.

diamonds are forever . . .

By Janet M. Caswell

If you remember, in October, I told you about the lamplighters and the fires caused by the kerosene and candles. I'll relate one such devastating fire. It was the year 1877 on June the 25th one of the Yachting Center's most serious disasters struck at 1:30 am. An old barn behind the Marblehead Hotel burst into flames and the strong wind whipped the sparks down Pleasant Street igniting one wooden building after another. Every able fireman responded by foot and, or horseback, the water shortage was desperate and men on horseback galloped to two near-by towns for help. Fortunately help arrived in time to keep the conflagration to the central business area. By dawn we had lost seventy-two buildings, houses, shoe factories, stores, hotels, the newspaper, railroad depot, the South Church and the Central fire station. This grim fire resulted in a \$500,000 loss, 90 homeless families and 1500 jobless. The mottos "Don't give up the Ship" and "Marblehead never Retreats" were self-assuring. Every able bodied man rallied and the town was rebuilt!

Let me pass on to you some of the things found by a very cheerful lady from Virginia, who in spite of her problems found the time to do what she likes best - Heisey Hunt. #1159 punch cups, eight of them, plus a #1252 Twist cruet in moonbeam. These were all sleepers which added to her cheerfulness.

The "Hilltoppers" have a #1485 Saturn crystal wine, cute little thing. While "A friend in deed" has the #6003 Tempo cordial, also a cute little thing.

While we are talking about cordials, wines, etc., I might as well tell you that "The Wiz" has two #5067 Plantation cocktails.

"Yours Truly" claims a #300 Peerless 3/4 oz cordial (which was fast asleep) plus a little Flamingo #1252 wine.

"The Keystone Cops" left the house with their "night-stick" by their side, just in case they encountered any big trouble while trying to "out-steal" Heisey from another. No trouble occurred however, and they came home with: #1205 Fancy Loop 9" vase, a #150 Banded Flute 18 oz mug and a #325 Pillows bulbous pitcher in flamingo. FLAMINGO !!

"The Wolverines" (MI) picked up a Yeoman 73 oz jug and 7 oyster cocktails in sahara with the Empress etch.

"The Farmer" put his plow in the barn and went out for a holiday and picked up a few pieces of Heisey for all to envy: six #3357 King Arthur goblets with moonbeam stems; two #3408 Jamestown 12 oz footed sodas, Barcelona cut, the 8" Fighting Rooster (which he tamed) and a #3408 beer mug with Equestrian etch. Not too bad for a day out of the "Hayfield".

"Yours Truly" has a #300 Peerless claret jug and a #433 Greek Key cruet; #1489 large Horsehead cigarette box and a #1404 Old Sandwich flamingo ketchup bottle.

"The Midnight Riders" rode off into the night with a #352 15" oval platter and a #1519 Waverly Orchid etch center bowl.

"Shy Gal" acquired the #1252 Twist flamingo

mustard, very sweet!

A #463 Bonnet basket was discovered by the "Double Steppin Couple" (MA) while from (NH) "The Pilgrims" said they had a #406 Coarse Rib cream and sugar in Flamingo. Seems like a lot of flamingo this month.

Speaking of flamingo, "The Felicitous Flamingo Hunter" has a #325 Pillows 7" rose bowl in good condition; a knife rest; #3308 Bob White wine and also cordial with #366 Peacock etch; #1776 Kalonyal mustard bottom and a pair of #2 7" sticks.

Again from Louisiana comes great things; Six 1401 Old Sandwich cobalt 10 oz low footed tumblers, and at a real good price. I should follow him around.

Now "Odie and Minnie" from the Land of the Muskies "Vont" to report again: "yah" ready: #3381 Creole alexandrite 10 oz footed tumblers, two of them; four #3390 Carcassonne cigarette holders; a #1193 Inside Scallop conserve in flamingo and the cute little #1252 Twist mustard also in flamingo. "Vell", I think these things are "quite the berries".

"My sharp eyed friends" found two #1951 Cabochon footed compotes and a #1506 Whirlpool divided mayo and underplate.

Again I ask you to give me a little pleasure and something to look forward to, just a short letter with your finds will do. c/o HCA.

A TRIBUTE TO THE CRIMS

BY LIZ KING

For years, on Wednesdays one to four
We had a banker at the door.
Dignified, well-dressed, and slim--
Known to us as Harold Crim.

And Ivalou, his lovely wife,
Always seemed to put new life
Into the gift shop; showed our wares
Be they elephants or hares,

Books or bowls, Madonnas too--
Some in crystal, some in blue.
She made out sales slips like a pro
And she always seemed to know

Patterns, etchings, what have you
And books of reference she knew too.
We miss them both so very much
And hope we'll always be in touch!

Last month in my column I wrote about the Crims who were docents for many years. Elizabeth King, who worked on Wednesdays with them for many years wrote the above poem as a tribute to Harold and Ivalou.

- Louise

LETTERS. . . WE GET LETTERS . . .

We are both comparatively new collectors, and are just now finding out how little we really do know. It just may turn out we were happier when we just looked for the Diamond H and bought the piece if we could afford it. But surely, if we study enough some knowledge can be absorbed.

Heisey was in my family and when a young bride in 1941, I received my first pieces of Lariat. In the past years, the collection has branched out into anything I could find and pay for. I now have well over 350 pieces in several patterns...small I am sure for most collectors. But, oh the "new" patterns I am finding! It really is great fun.

- Billy I Hughes, MO

Herb and I were sitting in front of a peat fire to take the chill off of the evening cold air blowing in from the Atlantic Ocean. We were staying at a little country inn at Rossmawlah, County Donegal, Ireland. Naturally the place was loaded with antiques, as the owner had been bitten by the well-known bug. Old furniture, china, Waterford, brass, lace and sea shell pictures were everywhere to behold. Upon closer examination of a pretty silver container with a glass oval inset to much of our surprise or yours, we discovered a Heisey Pineapple and Fan bowl. We informed the innkeeper of the origin of his treasure, but we could see he didn't believe us, knowing we had recently kissed the Blarney Stone.

It was a marvelous trip.

I was at the movies last night and noticed that the latest version of THE GLASS MENAGERIE was no longer using our animals. I was most happy, however, to see that the film BABY BOOM had their actors dipping punch from a Lariat punch bowl. That was a double good reason for enjoying the film.

- Dorothy & Herb Leviton

Just a line or two to everyone concerned for making the donations to the Museum in Mildred's name. I'm so pleased to see some one cared enough not only to think of her, but to do something as heartwarming as this. There's no way I can thank each individual concerned, but I am very appreciative.

- Tom Bourdon

CLUB NOTES

DAIRYLAND HEISEY CLUB

Since the fantastic Aloha convention in June, the Dairyland Heisey Club has had a busy and enjoyable schedule of events, starting with a combined picnic with the Northern Illinois club in July at Jim and Ellie Reynolds' lovely home in Racine. Jim did a delicious turkey plus a ham on the grill, which was supplemented with appetizers, side dishes and desserts by the Dairyland girls. Although a very hot day, the natural air-conditioning was supplied by Lake Michigan right in the back yard. It was intended and turned out to be a fun day with mainly Heisey talk.

The August meeting turned out to be an outdoor-indoor cookout at George and Arleen Childers' due to a violent storm with wind, rain, lightning and hail. The food was tremendous especially with George's smoked salmon. President Ray Courtmage suggested we start a new series of pattern studies which was quickly adopted and scheduled to start with the September meeting with two of the older patterns and working forward.

The September meeting featured an Italian dinner with delicious sausage, meatballs and pasta at Ray and Dorothy Courtmage's. Daughter Marcia owns an Italian restaurant and may have provided some know-how? We were pleasantly surprised with Childers' homemade ice cream that would put our favorite Kelly's ice cream parlor in Newark to shame. Marge Harper led off our new study program with a report on Fandango. Ellie Reynolds gave a comprehensive report on Fancy Loop. Members brought pieces of each pattern for further discussion. It seems as though this will definitely be a very educational and worthwhile program serving as a learning experience for some while a timely review for others.

In October, our newest members, Ray and June Burgholz, were our hosts for an outstanding meeting in a huge room which adapted itself so well to our large group. Members brought appetizers and desserts while June outdid anything we ever experienced with huge Crown Roast of Pork with dressing and ALL the trimmings. Absolutely superb! We all hope she does it again sometime! Pattern studies featured Punt Band by Jean Priaulx and Sawtooth Band by June Revelle. Excellent presentations! Many pieces of each pattern were passed around to help with identification. Our showing of recent "finds" also continues as a favorite at each meeting. It's so much fun to see what unusual pieces show up from the highways and byways of the state and country.

The next meeting will be at the Harpers on December 13th and will feature Octagon and Ribbed Octagon by Arleen Childers and Beaded Panel and Sunburst by Fran Nelson. I wonder when the men will take a pattern?

On January 3, the Dairyland club will host a joint Christmas party with our friends from Northern Illinois at June Revelle's (We alternate as hosts for both the summer picnic and Christmas party each year). Handcrafted items will serve as exchange gifts this year. A presentation by an expert on antique furniture is planned.

If any Heisey members are in the area on these or future meeting dates, please know that you are more than welcome to join us. Just call President Ray Courtmage (414-962-9747), Secretary Arleen Childers (414-541-0660) or any member including yours truly (414-964-3434) to let us know you are coming and to verify the precise time of the meeting. With the "world on wheels" such as it is nowadays, it would be interesting to develop a program which would facilitate attendance at other clubs' meetings when the time permits.

A very Merry Christmas and a productive Heisey Year from your friends in Wisconsin.

- Frank Harper

CLUB NOTES . . .

WESTERN RESERVE HEISEY STUDY CLUB

The Western Reserve Heisey Glass (Ohio) Study Club has had a busy fall. In late August, Jane Barthels entertained the club in her lovely home in Avon Lake, Ohio. The group spent an informative evening playing Heisey Trivia.

In September, the club met at the home of Lynne and Lou Sellers in Lorain. Plans were made for the Identification and Appraisal Booth which the club will sponsor for the Avon Lake Community Festival in Avon Lake, October 3 & 4. Those who volunteered to assist in the booth were Helen Marimon, Lynne Sellers, Thelma Morningstar and Erich Andrews. Lynne then presented a most interesting and informative program on Heisey candlesticks. She has an outstanding collection of Heisey candlesticks.

The October meeting was held at the apartment of Erich Andrews and Tony Cefaratti in Lakewood. Plans were made for a silent auction to be held in November. Abe and Collen Abramowski volunteered to make arrangements for the annual Christmas party to be held at an area restaurant in December.

Erich and Tony presented an excellent program on Art Deco. They used glass from their personal collections to illustrate how Heisey met the fashion demands of the 20's and 30's. The club members enjoyed seeing how Erich and Tony decorated the apartment in the Deco mode. Other highlights of the evening were the delicious chocolate cake, an English trifle, and a jack o' lantern featuring the Diamond H instead of the usual facial cut outs.

- Thelma Morningstar

HEISEY COLLECTORS OF TEXAS

Heisey collectors of Texas had their August meeting at the home of Roger and Erma Hulslander in Mesquite, TX. There were 14 present.

The HC, T group had enjoyed the HCA Convention so much that the Hawaiian theme was carried over into their meeting with leis, muu-muus, bright shirts, Aloha pins and HCA convention name tags being worn. It was like being back in Ohio at the Luau (our meal was a Luau, too) and all the other fun events that the group had experienced there.

The program was letting each member share with the other members their wonderful pieces of Heisey that were acquired at the Convention Show, the downtown flea market, the auction and the Granville flea market. Each member brought back some choice pieces for his personal collection.

We all thank the officials of Heisey Collectors of America for giving us such lasting memories! We just had to relive that very wonderful time once again.

- Madeline Sullivan

GATEWAY HCC

A Saturday Night Supper Meeting was held by the Gateway Heisey Collectors Club of Pittsburgh, PA at the home of Phyllis and Harry Freier on October 3, 1987.

Margaret Reed, Phyllis and Harry Freier were appointed to the Nominating Committee by our President, Joe Lokay.

Everyone was happy to welcome our new members, Eleanor and Clem Larkin.

Harry Freier presented an interesting program on Puntty and Diamond Point, which was followed by many interesting show and tell Heisey items.

Our next meeting will be the first Saturday in November. Anyone interested in joining us, please contact us via the Heisey Collectors of America, Inc. Happy Heisey Hunting.

- Phyllis Freier

BAY STATE HEISEY COLLECTORS CLUB

The Bay State Heisey Collectors Club held its regular meeting in October. This was no ordinary meeting. We had Tom and Neila Bredehoft as our guest speakers, thanks to George Fogg. They came and gave of their time most graciously. They spoke on the mold acquisition. They also told of the ups and downs in getting the molds and how it was all worth while. It was really nice meeting some of the people that make Heisey what it is today. Thank you, George, and a big Heisey thanks to Tom and Neila for coming and sharing with us their experiences in the Heisey world.

Ann and Kathleen Montague were in charge of refreshments. The food was outstanding as well as the job of Ann and Kathleen. Thanks again. All our meetings should be as bountiful.

Gary Olsen was chosen by our President, D. Young, to assume the duties of Vice President since the loss of our past VP, Lloyd Caswell. We wish Gary well in the coming year. Good Luck Gary.

The meeting adjourned for personal talk with our guests and telling them of our experiences in glass hunting.

Lest I forget, our president found a goodie - a Locket on Chain toothpick in ruby and gold.

The Editor needs 2 dinner plates in 1469. Christmas is coming!

Question & Answers

by LOUISE REAM

These are questions I have answered by mail in the last several months. We thought you might be interested in the answers

Q Catalogs and advertisements say that "Every article manufactured by us bears our trademark." Since this obviously is not so can you explain it?

A Usually the wording includes these words in smaller type, "Stamped in the glass, or on attached adhesive label". Of course Heisey was not making glass for collectors at the time and so was not particularly interested in making the mark permanent. The label sufficed so that the customer would know what he was buying. Great quantities of Heisey glass are marked (more than of any other company and all collectors should be very happy that this is so since it adds greatly to its value and popularity).

There are other reasons for it not always being marked. In the first place they made glass for several years before the mark was designed in 1900 and it was not registered until 1901. Secondly there is never a mark on a blown piece of stemware with a pulled stem. An applied pressed stem may be marked but only on the stem, never on the bottom. Other blown items are not marked either. Third, all companies did not want the mark. That probably includes some of those who bought Heisey for decorating. Fourth, the moldmakers tell us they never put the mark back in the mold if it should be polished off when molds were cleaned unless specifically ordered to do so.

Fifth, some marks are so small or so hidden that many people do not find them. As was stated above look on the pressed stems of blownware and look hard with a glass since many of them are either tiny, faint or very well hidden such as those on Rose, Orchid and Plantation. Look under handles on \$500 Octagon variety trays and certain pieces of #1229 Octagon, on the side of relish or celery trays in #1401 Empress (almost at the bottom and sometimes half ground off; inside the foot of dolphin footed pieces, on the sides near the top of some

salt and peppers, in the borders of some items. In short it may be found anywhere. Many, many items in late patterns were never marked. A.H. Heisey himself was the one who really wanted all glass marked which is probably why more glass from 1901 through the colonial period is usually marked.

Q Did Heisey only make the #1425 Victorian pattern in crystal?

A No. In the October 1974 issue we printed a catalog page showing the full line in both sahara and cobalt. Pieces are also known in two shades of moon-gleam and in flamingo. In the museum we have pieces in sahara, cobalt, moon-gleam and flamingo. The latter two may very well have been experimental. Imperial reproduced this pattern in color but not in any color in which it was made by Heisey.

Q Was #1428 Warwick ever made in Hawthorne?

A Not that we know of. The purple color which you occasionally see is Imperial's Heather or the item is sun-purpled. Imperial never marketed the Warwick pieces in Heather and Verde green so we assume they were experimental. They are very rarely seen. The double candlestick shown in the Yeakley book as being hawthorne has been identified as Imperial's Heather and the candlesticks have been placed by them in the museum's "Heisey by Imperial" cabinet. Much has been learned since early authors and researchers put out their books.

Q What items were made in #1433 Thumbprint and Panel?

A Floral bowl, two branch candlesticks, 8 1/2" vases straight or flared and cheese and cracker dish. Colors are cobalt, flamingo, moon-gleam and sahara.

Q Is #1495 Fern signed? What colors was it made in?

A The only items which signed, to my knowledge, are the individual cream and sugar. Colors are crystal and Zircon (Limelight). A few items were

modified for use with the #1519 Waverly pattern and some of these are marked. They have the beads of the Waverly pattern on the rim but the Fern design at the base of the items. A few items of Fern are known in Dawn. These are rare since this was not a production color for the pattern.

Q Does #1503 Crystolite come in color?

A The ash trays and cigarette boxes came in sahara and zircon. In a 1937 Table Talk they were pictured, but at that time the pattern number and name was #1496 Mahabar. Coasters are known in light amber. There are a few compotes in cobalt. A bowl in charcoal (Imperial's name for a smoke color) is believed to be Imperial glass, made on special order.

Q What colors was #1506 Whirlpool made in?

A Heisey made this pattern in crystal and limelight (zircon) only. Imperial made large quantities of it in various colors all of which have been discontinued sometime ago.

Q Is #1511 Tourjours pattern marked? This pattern is hard to recognize.

A Most pieces are not marked. The individual cream and sugar and covered apple marmalade jars are exceptions. Most of this pattern is clear crystal. However, the museum owns the candle vase, in moon-gleam. Tourjours comes with Minuet etching and George IV cutting usually.

What are your problems?

RECRUITING LETTER

(The following is a copy of a recruitment paper from the files of Harold Dunham, who donated many paper items to HCA a short time ago.)

"WHY HEISEY'S NEED MORE WORKERS: NO. 1 IN A SERIES"

"Whew! The Holidays certainly kept us humping to maintain a glitter of glassware on the shelves of more than 3500 Heisey dealer stores from coast to coast.

"As a matter of fact, we didn't begin to satisfy the pent-up demand for Heisey's hand-wrought crystal because, frankly, we didn't have the workers to do it.

"All we could do was maintain our own rationing of Heisey crystal as best we could, and apologize all over the place, when it was necessary to disappoint our customers, salesmen or dealers.

"One dealer was so anxious to get Heisey crystal that he wired: "Send 2,000 of anything available." Others pleaded and even threatened. Now we know how nylon hose makers feel!

"In 1946, we anticipate an even greater demand for Heisey crystal, but until workers are secured, we must continue to ration our glassware and turn away new dealers, anxious to feature Heisey crystal.

"The opportunity for new workers is unique, because Heisey workers are more than just employees. They are the personality behind the product. Here is an industry where skill, team work and individual craftsmanship determine the success....."

NOTE: The last paragraph is marked in pencil "rewrite". We don't know whether this was ever used or even if it was ever finished. We feel it does give some insight into the Heisey company from about 1945 when the glass industry was beset by many problems stemming from WW II.

Merry Christmas
