The Editorial Staff reserves the right to edit or refuse any material submitted for publication. When requesting information, please enclose a self-addressed stamped envelope (SASE).

As of April 15 the Memorial Fund for Clarence Vogel has reached the first plateau of \$1,000. This is about half of what is needed to make a significant contribution to the Museum. In addition, some beautiful HEISEY glass has been given in his name.

To reach the second plateau it will be necessary to continue the funding thru the Convention so that enough people and groups have sufficient opportunity to make their contribution.

Between now and then you may send your contribution to:

The Clarence Vogel Memorial Fund
C/O The Park National Bank
P.O. Box 850
Newark, Ohio 43055-9983

A special THANKS to those of you who have made contributions. Jim Earnshaw - Jim Kennon - George Schamel - Manual Klawans.

NEW VOTING PROCEDURES THIS YEAR

ELECTION FOR BOARD OF DIRECTORS will be held on Sunday, June 17, at Huffman Hall. Since the bylaws stipulate elections will be held during the annual meeting, the meeting will be called to order at 7:30 A.M. so that voting may commence. However, the business portion of the meeting will not begin until 9:00 A.M. when polls close. Stations for checking voting cards will be located in a separate area at the opposite end of the meeting room (Huffman Hall). Ballot boxes and voting will be monitored by the Sergeant at Arms. This arrangement will enable voting members wishing to vote only to do so any time between 7:30 and 9:00 A.M. A breakfast buffet will be served between 7:30 and 9:00 A.M.

CONVENTION SHUTTLE BUS SERVICE

Shuttle Bus Service at Convention will be courtesy of Ron Klein Buick, Newark, Ohio. A shuttle van will make regular runs between the Best Western Inn, the Museum, OSU (for the Show & Display), the Granville Flea Market on Wednesday, and Denison University activities. A route map with times will be included in your packets.

DEALERS NEEDED

JIM REYNOLDS, SHOW CO-CHAIRMAN, HAS REPORTED THAT A FEW DEALERS ARE NEEDED TO FILL THE JUNE SHOW. CONTACT HIM AT 414-639-1771.

See proposed Constitution change on page 23.

FROM YOUR PRESIDENT

This year's 200 Dinner is now history and the 19th. Annual Convention is only weeks away. The Convention will offer several changes this year. I am certain these changes will be exciting.

The final report of the Museum Benefit Auction is not available to me at this writing, but preliminary figures indicate about the same totals as last year. Again, "Many Thanks" to consignors, donors, and buyers, for the success of the auction.

The 1426 Clover Rope Mug in Emerald was the Souvenir offered at the 1989 September Dinner. It was not a "sell-out" and the remaining 57 mugs have been frosted. They will be offered to members, one per member, with a deadline for placing orders of May 25. If more than 57 orders are placed, they will be dispersed by lottery. A notice of this sale appears on page 23 of this newsletter. Get your order in as soon as possible as May 25 is not that far in the future.

At the April Executive Committee Meeting plans were made to have the set of three mallards available in Ruby for the June Convention. They will be a limited edition and available one set per member.

Happy Collecting

Bob Barry

LATE ARRIVAL OF MONTHLY HEISEY NEWS

From time to time we have received complaints from different areas of the country on late arrival, up to ten days from mailing. We believe that the mailing is not at fault, rather, Post Office handling is the problem. There is a complaint form available at the Post Office to report formally the handling of individual mail. We believe this form should be filed to get improved service. Please keep me informed as to the delivery of your newsletter. We are compiling statistics and will report to the Board of Directors on the finding and any recommendations.

Business Manager,

Bill Harnick

1469 - 6"	Plate, round	3.90
7	Mayonnaise Ladle	2.80
1469	Marmalade & Cover	10.75
1469 - 10 1/2"	Oblong Tray	12.00
1469	Mustard & Cover	3.90
10	Mustard Padle	2.55
1469	Comport & Cover	18.65
1469 - 3oz	Oil #103 P/S	7.35

FROM THE DESK OF THE EDITOR

This newsletter is full of information about the Convention, and the Emerald mugs for sale, Ruby Mallards coming, club notes, etc. We had to keep cramming to get it all in. In fact, we had to leave out a few things.

Please note that the Oscar form is not in this time, so, if you have not ordered this beautiful figurine, you still have a chance to get it for \$24. On June 14, it will go on the general market at \$27. It is one of the prettiest we've ever had.

Little response has been heard about the cruets and oil bottles in the last issue. One local resident brought in a #1 Paulson which is very cute. It is 5 1/2" tall and has a nice cutting, however, it looks more like a cologne than an oil. A lady from Oregon called and thinks she has a #2 Barnes. She will send a picture soon. A Prince of Wales cruet was reported but it was not the little 4 oz. If you have any of these, please let us know.

There is a notice on page 10 concerning the new book on 1200 Cut Block, researched and written by our member, Jim Jones. You will want this book to add to your Heisey book collection.

Someone sent me a clipping from the Arizona Gazette of February 9, 1990, which was about seven "Collectibles" about to become Bona Fide Antiques in the 90's. Heisey Glass was among them, and it will reach 100 years in 1996.

Other items listed included the following: Patented kitchen gadgets, cameras, Grueby, McCoy, Roseville, and Weller pottery. Grueby is a high quality pottery and very collectible at high prices; Gorhams Martele silver; paper dolls and Chicago and Columbia Exposition items.

I guess I'll stick to Heisey; it sounds much more interesting to me. How about you?

It was great to see Ray Ziegler at the Auction in March. He is now able to walk without his cane and can drive his car. He is still having therapy for his right arm and for his speech, which is already vastly improved. He is to be complimented on his great determination to overcome the difficulties caused by his stroke.

On a sadder note - Bill Adams, Fishkill, New York, died on March 17, after a long bout with cancer. His wife, Eve, says that he had such a love of looking for, collecting, and selling Heisey Glass. Bill will be missed by all of his friends in the Heisey World.

Bill Gibbs, Burlington, North Carolina, member of HCA and the North Carolina HCC, died on March 21. He is survived by his wife, Isabelle, and a host of friends. Bill was known as "punch cup man".

Phyllis Freier of the Gateway HCC has made little progress since the last report.

Ruth Spangler of the Far East Club and Newark HCC also has been quite ill. We all wish them well.

Louise Ryan

by Jay C. Martin

After over seven years of collecting and studying Heisey's Crystolite pattern I am finally able to say, with some confidence, that I can tell all eight (8) of the regular production line stems apart. I honestly could not have made this statement in the first few years of my experience.

The difficulty for me was in distinguishing the difference between them when they were not lined up side-by-side as they are in the Heisey catalog pictures. This is particularly true of the 3 1/2 oz. cocktail and the 3 1/2 oz. oyster cocktail. I could never tell which one I had in my hand! In talking with other collectors I found I was not alone.

Experience taught me that the best way to deal with this problem was to study the different pieces, to be compared, by actually handling them. I believe this to hold true in dealing with other Heisey identification problems, as well.

In this article, an attempt will be made to give descriptions of each of the Crystolite stems which will help in distinguishing their differences.

However, there is yet another pitfall in identifying Crystolite stems. Heisey used the same stem design in their No. 5077 Legionnaire line, designed in 1949 by Horace King. See Mr. King's article "Stemware.....Bar Lines and Novelties" in the December, 1973 issue of the Heisey News. In this article he mentions that he "...used modifications of the Crystolite stem and inverted in both cases." for his design of the No. 6003 Tempo and the No. 6004 Classic stem lines. Neither of which is easily confused with Crystolite.

Legionnaire, with its stems being exactly the same as Crystolite, is the real confusing look-a-like. The size and shape of the eight Legionnaire pieces are the

same as the eight Crystolite pieces; however, the bowls tend to be thicker.

There is one major difference between the two patterns. Crystolite has a wide optic in its bowls and Legionnaire does not. This is a very simple but distinctive difference. However, at first glance you may be deceived.

As part of the descriptions which follow, you will find approximated dimensions to the nearest one-eighth of an inch. These are intended to be used in comparing the different Crystolite stems to one another and are not to be taken as a guide for the height of a No. 5003 cordial, etc. Please remember, we are dealing with handmade glassware, therefore each piece can be expected to be slightly different. For example, eight (8) Crystolite goblets may range in height from 5 3/4" to 6".

Crystolite blown stems have simple, graceful lines that make for a somewhat plain but elegant appearance. The wide optic in the bowls sets off this elegance in each piece. These features, combined with Heisey's quality glass formulas, are surely responsible, if only in part, for the popularity that made this pattern a big seller for nineteen years.

All of these Crystolite stems, except the cordial, were produced by Heisey from 1938 to 1957 (nineteen years). The cordial was produced from 1944 to 1957 (thirteen years). You'd think they would be easy to find!

I have examples of each of the eight pieces with the Diamond H trademark pressed into the stem. Mostly the marks are very small and hard to find, especially in dim or artificial light, or have melted away in the fire polishing.

There is no reference in Heisey by Imperial to Imperial having ever made any of the Crystolite stems.

1. 10 oz. Goblet -

The goblet is of good medium proportion and weight. It feels good in use which makes drinking from it easy. It has a round full bowl which is not too high (4"). If you do not plan on buying all eight different shapes in this line the goblet is versatile enough for many uses. It is the second tallest of the eight Crystolite stems.

<u>HEIGHT</u>	<u>DIA. BOWL</u>	<u>HGT. BOWL</u>	<u>STEM LNG.</u>	<u>MARK</u>	<u>AVAILABILITY</u>
5 7/8"	3 3/8"	4"	1 1/2"	btm of stem	easy to find

2. 3 1/2 oz. Claret -

The claret fits comfortably in the hand and is an appropriate size and shape for its intended use. I don't know any claret drinkers so I use mine for sherry. The shape is very similar to that of the goblet but of course the size is scaled down. It is the fourth tallest of the eight Crystolite stems.

<u>HEIGHT</u>	<u>DIA. BOWL</u>	<u>HGT. BOWL</u>	<u>STEM LNG.</u>	<u>MARK</u>	<u>AVAILABILITY</u>
4 1/4"	2 3/8"	2 1/2"	1 1/2"	under knob	hard to find

3. 6 oz. Sherbet (Saucer Champagne) -

The sherbet's bowl is wide and shallow (2" high). It makes up more than one half of the total height. It is ideal for serving sherbet, of course, as well as fruit cocktail, pudding, etc. It is the fifth tallest of the eight Crystolite stems.

<u>HEIGHT</u>	<u>DIA. BOWL</u>	<u>HGT. BOWL</u>	<u>STEM LNG.</u>	<u>MARK</u>	<u>AVAILABILITY</u>
3 3/4"	3 7/8"	2"	1 1/4"	under knob	easy to find

4. 3 1/2 oz. Cocktail -

The cocktail is the perfect serving piece for a Manhattan (who drinks Manhattans anymore?). I find it awkward to use but it was correct for its purpose. It has the same bowl height (1 3/4") and overall height (3 5/8") as the cordial. It is the sixth tallest of the eight Crystolite stems.

<u>HEIGHT</u>	<u>DIA. BOWL</u>	<u>HGT. BOWL</u>	<u>STEM LNG.</u>	<u>MARK</u>	<u>AVAILABILITY</u>
3 5/8"	2 3/4"	1 3/4"	1 1/4"	under knob	fairly easy to find

continued

5. 1 oz. Cordial -

The cordial has, of course, the smallest bowl (1 3/4" high and only 1 1/2" dia.) and is the only fragile (thin) stem of the entire line. It is the only Crystolite stem in which the stem itself makes up the majority of its height. It has, by far, the most graceful lines and it is true elegance itself. It is the same height as the 3 1/2 oz. cocktail and so is also the sixth tallest of the eight Crystolite stems.

<u>HEIGHT</u>	<u>DIA. BOWL</u>	<u>HGT. BOWL</u>	<u>STEM LNG.</u>	<u>MARK</u>	<u>AVAILABILITY</u>
3 5/8"	1 1/2"	1 3/4"	1 1/2"	under knob	very hard to find

6. 3 1/2 oz. Oyster Cocktail -

The oyster cocktail has a bowl which is much deeper and more narrow than the 3 1/2 oz. cocktail. Its stem is much shorter, too. It is hardly more than the knob which is at the top of the preceding five stems. It appears to have the same bowl as on the claret but note the difference in the stem length. It is the seventh tallest (the shortest) of the eight Crystolite stems.

<u>HEIGHT</u>	<u>DIA. BOWL</u>	<u>HGT. BOWL</u>	<u>STEM LNG.</u>	<u>MARK</u>	<u>AVAILABILITY</u>
3 1/2"	2 3/8"	2 1/2"	3/4"	under knob	fairly easy to find

7. 5 oz. Footed Juice -

The footed juice has very vertical lines which make it slim and graceful. Its height is more than two and one half its diameter. It is perfect for a V-8 juice appetizer or an elegant orange juice. It is the third tallest of the eight Crystolite stems.

<u>HEIGHT</u>	<u>DIA. BOWL</u>	<u>HGT. BOWL</u>	<u>STEM LNG.</u>	<u>MARK</u>	<u>AVAILABILITY</u>
5 3/4"	2 1/4"	3 3/4"	3/4"	under knob	very hard to find

8. 12 oz. Footed Ice Tea -

The footed ice tea also has very vertical lines but is much taller and not nearly as slim as the footed juice. The stem, once again, is just the knob as in the oyster cocktail and the footed juice. It is, naturally, perfectly suited for ice tea or as a water goblet if you used your 10 oz. goblets for wine. It is the tallest of the eight Crystolite stems.

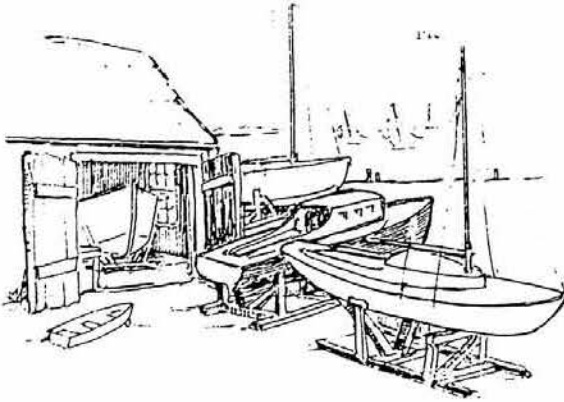

<u>HEIGHT</u>	<u>DIA. BOWL</u>	<u>HGT. BOWL</u>	<u>STEM LNG.</u>	<u>MARK</u>	<u>AVAILABILITY</u>
6 3/8"	3"	5"	3/4"	under knob	very hard to find

Please write your comments and questions or any information you may wish to share, on Crystolite stems, to me in care of the Heisey News. I would greatly appreciate this.

There is yet another Crystolite blown stem, as well as one pressed stem, which I have not mentioned in this article. They are the No. 5003 5" comport and the No. 1503 footed tumbler (pressed goblet). I hope to write about these later this year.

NOTE: Comments on availability are base entirely on the authors personal experience.

SOURCES: Heisey News; research from the H.C.A. archives by Phyllis Freier.

diamonds are forever

By Janet Caswell

This past winter we here in the Yachting Center have had more than our share of snow and Yours Truly has been out there every weekend with shovel in hand. Here the plow sometimes refuses to come down my little dirt road for fear he would harm his blade, so the sun has to melt the snow.

Years ago, that was not the case. In the 1920's the snow from the blizzards covered the town all winter, right up to and through the spring thaws. Heavy work horses were seen pulling a sled laden with snow that men and boys, with their shovels, had piled high. It was a difficult and impossible task to keep our streets clear. The one horse plow did valiant work keeping sidewalks clear and everyone turned out to shovel. School was always open, wells and pumps around town froze solid while stove coal and wood was in great demand for heating. When the harbor froze over, cutters were employed to come and make paths for the vessels and barges bringing in the coal. Oldsters remember this and surely wouldn't want to relive those winter hardships.

Here it is March 7 and I am again writing this column in the midst of another 'ice storm'; streets are slippery and my car is covered with snow. Never fear, yesterday when the ground was clear I saw my spring flowers reaching for the sun; spring must surely be just around the corner.

It seems to me that "The Farmer" from the Bay State (ma) is having spring fever. It's a little too early to plant his garden and also, a little early for the outside 'fleas'. So, he climbed into his truck and took off for parts unknown. At least they are unknown to all but the 'Farmer' and I'm very certain he likes it just that way. Unearthed were many and varied items: two (2) #5 toy candlesticks; #1403 Half Circle sugar in Moongleam; #150 Banded Flute custard or punch cups, nine (9) of them; #300 Peerless pint decanter with #1 spooner; Five (5) #359 Colonial 4 oz clarets; #300-1 candelabra; #433 Greek Key pickle jar and cover; a pair of #2 Old Williamsburg 7½" one-light candlesticks; also, (let's not leave out the animal) a pair of Ringneck pheasants. That was quite a days work. I'm sure you all would like to know just where he finds all this enchanting Heisey. Okay, he said I could pass the directions on to you. I believe I may have given them to you once before but to refresh your memory here they are again. Now, you go exactly half the distance between where he catches his trout and

where he picks his blueberries, and bear to the right. Perhaps now you can all find the place.

"The Pottery Man" has a #341 Old Williamsburg Crystal punch cup; the #1231 Ribbed Octagon hotel sugar in Flamingo; and, the steal of a century was eight (8) #1184 Yeoman 3 oz cocktails, diamond optic, in Crystal. These were purchased at a garage sale where all sorts of depression glass was priced at 'book' or more, but these gems! and marked to make the buy all the sweeter!! You see, the garage sales still hold many treasures. Don't go speeding by without stopping to take a look as who knows, there might be a 'tangerine' favor vase sitting on the hood of a car.

"The Cardinal" was chirping away the other day to tell the world that he found the #4163 beer mug with #467 Tally Ho silhouette etch, along with a #469 Hartman 9 oz goblet, optic, in Crystal.

"A Friend in Deed" came up with the #1540 Lariat champagne with Moonglo cut plus a cute little piglet. Again, let's not forget to mention an experimental item, namely the Dawn Swirl candleblock!*

At a recent meeting of the Bay State a member brought in a piece of Glastonbury Glass** with the Moonglo cut, very interesting. Moonglo is found on Heisey's Lariat pattern.

"The Midnight Rider" (ma) had a dilemma when they discovered the #85 stand lamp with a Westminster base; how would they get it home? Believe me they didn't have that problem for very long. Also discovered was the #1185 Yeoman 10½" center handled sandwich tray with an unknown cutting along with an Imperial frosted #1 Madonna.

"The Wiz" displayed two (2) Wabash 12 oz footed sodas - holding up one you saw the Mayflower Pantograph etch - whoops, hers is the other - Pied Piper etch - magic!! He also has a #1401 Empress mint dish with the Normandie etch; the #341 Colonial water set, pitcher and six (6) tumblers, all marked.

"The Steadfast Colleague" has two #433 Greek Key flared sherbets, and a one-handled Fancy Loop jelly along with the Lariat pickle tray with Moonglo cut.

"The Tradin Fools" found fifteen (15) pieces of #1205 Fancy Loop and five (5) pieces of #1201 Fandango. Included among the Fancy Loop were a creamer, covered sugar, spooner, and covered butter. All with good gold. Also, an 8" vase plus a salt bottle. In Fandango there was the hotel creamer and sugar, and the individual creamer and sugar with excellent gold.

"My Rebel Cousin" wants to boast about the #1469½ Ridgeleigh oval ash tray (without the holder); you can see this in Vogel Book III on page 108. Also, the #1506 Whirlpool 3½" violet vase seen in Vogel Book III, page 124.

As for "Yours Truly" - I have a #411 Rib and Panel sugar sifter; the insert for the Ipswich candle vase; a #1252 Twist oil in Moongleam and the #305 Punt and Diamond Point 8" vase.

For now, hope you all have good hunting, and come home with all sorts of good Heisey that you can write and tell me all about. I'll be watching my mailbox for your letters.

Editors Note: * What is the experimental Dawn candleblock?

** Emil J. Krall, famous Heisey engraver, was associated for a time with the Glastonbury Company after leaving Heisey.

CLUB NOTES

DAYTON AREA HEISEY CLUB

By Karen Clark

THANKS TO EVERYONE WHO HELPED IN ANY WAY WITH THE MARCH BENEFIT AUCTION!

It was a huge success and we'll look forward to next year.

Our club has added several new members in the past few months; Russell and JoAnn Wright, Al and LaVera Partin, Steve Hufford, and Carl and Charlene Bowman - Welcome!! It's always exciting to see new people get involved with Heisey and our local club.

With our thoughts now turning to "Heisey Salutes the 90's" Convention, we want to make early mention that as a joint effort our club and the Indianapolis club will be selling ring binder notebooks for the Vogel books. These binders should be available by convention and will sell for \$10 each plus shipping charges. More details will be available later - just wanted to let you all know early.

Our club will have a display of glass during the convention; theme of our display is still up in the air. We will also sponsor the "swap meet and silent auction" on Friday night during convention week.

Our recent club meeting program included the patterns of #1235 Beaded Panel and Sunburst, #1205 Fancy Loop, and #1485 Saturn. The colors studied were Zircon, Marigold, and the differences between the shades of Moongleam and Emerald. Our April meeting program will be on the color Sahara and the Empress and Queen Ann patterns. Our April meeting will be held at 6:30 p.m. on Tuesday, the 17th, at the Huber Heights Library.

Our newly elected (re-elected) officers are Carl Vorpe, President; Jim Kennon, Vice President; Karen Clark, Secretary/Treasurer.

Some of the items finding their way to our Show and Tell have included: #1495 Fern individual cream; #341 jug, 1 pint; #4229 Crystal favor vase; #1205 Fancy Loop 2 oz bar in Emerald; #197 tumble up for the #517 water jug; Saturn Optic 5 oz juice with Good Morning etch; Ring Band tumbler in Custard; a 4-lite #6 Doric Candelabra.

Happy Spring and Happy Hunting!

NORTHWEST HEISEY COLLECTORS

By Nancy Alderson

Northwest Heisey Collectors were invited by the Green River Depression Era Glass Club to have a "DISPLAY ONLY" table showing Heisey glass. After deciding on covered candy dishes, members searched their collections for the most unusual and rare items to be used in this show, held annually in Kent, Washington. The efforts were enjoyed by more than two thousand viewers commenting on the beauty of Aristocrat in Flamingo, Waverly in Cobalt, Flamingo & Moongleam (tall) Pleat & Panel, Tri-corner in Flamingo, various sizes of decorated pieces in Recessed Panel, three Crystalite with metal lids, a total of 24 in all. Flyers on the history of Heisey were available and membership information passed on to interested viewers. Gene Florence participated in the show by identifying glass for the public, selling

and autographing his books. Long lines kept him busy for many hours.

The March meeting brought us together on the banks of the Green River in Auburn, Washington, at the home of Bill and Kathy Eytcheson. Just before meeting time our traditional wooden Heisey sign was placed out front. Moments later a man knocked at the door and asked if that sign meant the House was for sale. Real estate is booming in this area but this was a little too much. The meeting was brought to order by President, Mary LaPosa. A full house enjoyed the program on animals including such rare animals as a goose in Amber, bantam roosters in Amber and Crystal, a colt, horsehead, and seahorse stems in Crystal, Sultana and light Amber. Also, a duck ash tray in Flamingo, a frog cheese dish in Marigold, a rabbit paperweight, Petticoat dolphin candleholder in Flamingo, and the beautiful #110 Sandwich Dolphin candleholder in Moongleam. The table was filled with all sizes and colors of animals, many being seen for the first time by members. To add more interest to the animal program, Canadian Honkers wandered back and forth devouring everything green in sight on the river bank just outside. We were thankful our animals inside didn't leave calling cards like our uninvited visitors on the outside.

The first Saturday in April will find this same group in Tacoma, and the May meeting will be held in Des Moines, Washington.

HAPPY SPRING & HEISEY HUNTING TO ALL

Ed Note: Heisey did not make a Waverly candy jar in Cobalt Blue but Imperial made it in Antique Blue. Cobalt was only made from 1933 - 1941. Also, we do not know of an Amber goose nor a Bantam Rooster stem in Amber. These sound interesting. The Horsehead stem is known in Amber as is the goose stem.

GULF COAST HEISEY CLUB (Florida)

By Virginia Johnson

The March meeting of the Gulf Coast Heisey Club was held at the home of Stan and Lynn DeGroot in Sarasota with 32 present. All of our members, with the exception of Ken and Peg Norris, were there. Ken is still "under the weather" and we have missed them this year. Visitors were Frank and Marge Harper from Wisconsin; Ingrid Travis from Connecticut; Betty Laude from Ohio; Mildred Deveau from New York; Jack and Phyllis Hubbert from St. Petersburg, Florida; Ruth Hartwell and Adele Pardee, both from Sarasota, Florida. Three of our visitors became members. Frank and Marge Harper have visited us at other meetings, including our organizational one in March, 1987. We began with 14 charter members and we now have 26, losing a few but adding new ones. Enthusiasm and attendance is great.

During our business meeting, we voted to give \$75 as a memorial for Bruce Montgomery who was a Charter member; this amount is to be used by the HCA Acquisition Committee to purchase a piece of Heisey to be placed in the museum in Newark. The membership voted to make a term in office two years and to keep Jack Grenzebach as President and Virginia Johnson as Secretary/Treasurer thru the com-

continued on the next page

continued from previous page - Club Notes

ing year. Calvin Meyer volunteered to be Program Chairman for that period. Our next meeting will be at the home of Howard and Marion Nickels in Parish, Florida on November 15. An invitation will be posted in the Heisey News this fall. Our President gave the members the good news that our Silent Auction, along with some extra contributions, raised \$900 for the Endowment Fund of HCA.

After the business was "taken care of", we adjourned to enjoy a delicious snack lunch prepared by Stan and Lynn DeGroot, served on Minuet Etch and Crystolite plates, and other pattern Heisey pieces on the table. There was Heisey in full glory to view and admire including many Spanish stems and colognes. The program was a slide show from the Museum "Heisey Colognes" with commentaries prepared by Sandy Chaconas, Virginia Marsh and Lynn DeGroot. Photography was done by Dick Marsh and Tom Felt. We were fortunate to have Lynn personally presenting the slides.

Of interest during the Show and Tell period was a Sunburst salt and pepper. The question was whether or not the plastic tops were original as the person having them had bought them that way. Unbelievably, they had come from the home of Dorothy Meyer's grandmother and Dorothy had sold them to the dealer the present owner purchased them from. The tops were on the Sunburst set as Dorothy found and sold them. There were some pieces brought in for identification and many of us tried to be "experts". Stan pointed out the great similarity in Spanish stem by Heisey and Grenada by Duncan, and Jack had MORE than his usual Great finds, including a Kolonial pitcher. Calvin Meyer had an interesting story about meeting a Mr. Elmer Antonson who had worked for Marshall Fields in Fine Glassware & China. Mr. Antonson had won a Ladies Home Journal "Orchid" Sales Competition which was about Heisey's Orchid Etch. The gentleman is presently living in Gainesville and Calvin hopes to have his permission to give more of this interesting information and copies of letters regarding his involvement with Heisey to the Heisey News.

THE HEISEY CLUB OF SOUTHEASTERN

By Mary Necks

The Banck's studio in Rockland, Massachusetts was the setting for more great performances by the stars of the Heisey Club of Southeastern Mass in February and March.

In February, Irene Walton (Angela Landsbury) starred in a one woman show entitled "Pineapple & Fan". Irene entertained a full house with her collection of over 50 pieces in Emerald Green and Gold. Production years for Pineapple & Fan were 1898 - 1907. The catalogue listed 88 items in 1902, but only five items were listed in the 1905 catalogue. This pattern was made in Custard, Crystal, Emerald, Emerald with Gold, and Crystal with Ruby stain. Many souvenir pieces have been found in Custard and Ruby staining. Irene remarked that she loved all the variables. Some of her favorite pieces were an Emerald Green and Gold pitcher, a cake salver, and a salt and pepper set. Of course, Irene's performance was directed by her loving hus-

band, Bill Walton (John Wayne) who shares her love for Heisey.

Glass collectors returned to Banck's studio in March for a show entitled "Sunburst" by Russell Decatur (Ozzie). He and Harriet started their collection in 1987 when a neighbor gave them an 8" nappy which was found at a flea market. In Springfield, Massachusetts, a 6" orchid vase was discovered. Then, at the Yankee Drummer Show, they found two egg cups. Ozzie is actively seeking the club, diamond, and heart to accompany his 343 Sunburst bon bon dish in spade. The members were thrilled with the large collection on display since there were 109 Sunburst items made from 1904 - 1920.

Maria Martell (Katherine Ross), our club President, reported on some special projects for the coming year. Hopefully, our club will be able to create a glass display at the Weymouth, Massachusetts library and at the Sandwich Glass Museum. Members are enthusiastic to share their love of Heisey and hope that both projects will be a success.

A new starlet has joined our club. Noel Constantino (Cybil Shepard) has been captured by the gleam of Heisey Crystal. She is determined to know each and every Heisey pattern within a year! She has been canvassing yard sales, flea markets, etc., in her quest for Heisey.

The Heisey Club of Southeastern Mass is still seeking new members. We deeply miss Ted and Helen Mead (Catherine Hepburn and Spencer Tracy) who have moved to Hawaii and Shirley and Everett Dunbar (Ginger Rogers and Fred Astaire) who have moved to Florida. Letters from both couples were read to the members. We wish they could join us in the excitement of the April Mini Auction. Richard Martell (Kenny Rogers) and Paul Neckes (Mel Torme) have been practicing their lines as the auctioneers. The April show should prove to be another great success.

BAY STATE HEISEY CLUB

By Susan Pescatore

The March meeting of the Bay State Heisey Club was held on the 13th at the Sir Speedy Printing Center in Woburn, Massachusetts, with 13 members attending and President Steve Pescatore presiding.

The business portion of the meeting, among other matters, included discussions of the Club's upcoming Glass Show and Sale (which by this time has been held and was hopefully a success), and particularly the theme for the Club Display at the Show. It was decided to present Heisey in an historical context, by decades (with a lot of help from Tom Felt's chronologies in the '87 News). Members were asked to bring pieces which would typify and highlight Heisey in each decade of its production, a good education for the beginner and seasoned collector alike.

In the final segment of the business meeting, the Club presented to Raymond Walter, owner of the Sir Speedy Printing Center, a substantial gift certificate to Sears (he is a tool buff), in appreciation for his ongoing "lease" of the premises to the Club for our monthly meetings.

The President then adjourned the meeting for
continued on next page

Show and Tell, in which, as always, it was confirmed that our members have eagle eyes and sharp wits when they go shopping: #1503 Crystolite cruet in Sahara* (a major coup to find one of these); #5 Patri- cian 9" stick; #352 horseradish; #1567 Plantation coaster (adorable); #393 Narrow Flute "cheese and cracker" (footed almond and ringed plate); a pair of #354 grapefruits with attached plates; #397 Colonial scalloped top celery; a four horsehead ashtray (again, not everyday); #3315 Polonaise goblet with the Cassandra Etch; #472 Narrow Flute with Rim 7" pickle tray in Flamingo; #300 Peerless hotel salt; #1245 Ring Band covered sugar in Cus- tard with Rose Decor; #4035 cocktail shaker with liner; a set of #359 Colonial goblets; #500 celery tray, beautifully cut; #1506 Provincial candleblock; #363 Sunburst punch cup; a hard to find Colonial bar glass (I failed to note the num- ber); and, for a real show stopper, Frank Maloney's incredible collection of Heisey stoppers, all beau- tifully mounted on black velvet boards.

There were also some interesting examples of other glass: Duncan Miller Harp and Thistle plates in Amber (Show and Tell M.C. David Steer carefully pointed out the difference between these and the Heisey Beehive plate); an Imperial Candlewick goblet in red (rare, and not Bryce); a George Dun- can & Sons zippered block goblet; and, as another show stopper, a Sandwich Glass 9" Princess Feather and Scrolled Eye footed compote in magnificent con- dition, a rare and gorgeous piece of glass.

Beverly Berberian did a perfect job with the evening's refreshments. In keeping with a St. Patrick's Day theme, there were green gumdrops in a Fandango nappy; M&M's in an Emerald Pointed Oval & Diamond Point covered sugar; a cake covered with green sprinkles, along with sandwiches and other goodies, all displayed on a table with green dollies and paper shamrocks, in the center of which was a lovely floral arrangement and green candles in Patrician candlesticks.

Ed. Note: * Sorry to disillusion you but your "Sahara" cruet is probably Imperial. Can we see a picture of it? If it was made by Heisey, it is indeed a "coup".

BOARD CANDIDATES

The nominating committee met prior to the March, 1990, Quarterly Meeting and selected a slate of nominees for presentation at that meeting.

Seven (7) persons were nominated. There were (2) nominations from the floor.

Places in this list were selected by random drawing.

Absentee ballots must be requested by May 18, and returned by June 2. Voting members wanting a ballot should send requests to: Ballot, P.O. Box 4367, Newark, OH 43055.

Charles Wade
Nominating Committee Chairman

Jim Clark and his wife, Karen, have been married for 28 years and have two daughters, Kelly, 27, who lives in Richmond, Virginia, and Rochelle, 22, who lives with them.

They've lived in New Carlisle, Ohio, for 21 years and he has been with Ohio Bell Telephone Company for 21 years as a Central Office Technician. Prior to that he served eight years in the Air Force.

He has been a member of the Dayton Area Heisey Club, and HCA for 2 years. He assisted in the 1989 HCA Benefit Auction and, this year, he co-chaired this event. He also assisted with the silent auction and swap meet during the convention last year. He and his wife serve as docents at the museum the first Saturday of each month.

His Heisey collection has been narrowed to HEISEY, although his favorites are Old Sandwich and Fancy Loop.

He has served on a church council and has been Vice President and President of his local Optimist Club.

He is looking forward to serving on the Board and having a more active role in the Heisey family.

Thomas L. Bischoff and his wife, Linda, live in Texas, Ohio. Tom graduated from Otterbein College in Westerville, Ohio, and from the University of Cincinnati College of Law. An attorney for seventeen years, Tom is presently the Prosecuting Attorney for the City of Napoleon, Ohio. He has also served as a Board member and attorney for the Five County Alcohol/Drug Program in Northwest Ohio.

Tom and Linda began attending auctions and collecting Heisey in 1971 while they were dating. Tom is currently President of the Tri-State Heisey Collectors Club. Tom enjoys collecting Heisey's older patterns, especially in Emerald, as well as wines and cordials. His hobby also includes a nappy in every color made by Heisey.

Seeking his first term on the Board, Tom favors enhancement of the Endowment Fund, professional management of HCA and good communication between HCA and its club members.

Larry E. Stickle is a life-long resident of the Newark, Ohio area. He and his wife, Judy, have two children and three grandchildren. Larry has been employed by the local telephone company for 32 years. He was promoted to an Engineer/Sales position in 1989.

He recently retired from the Newark Township Volunteer Fire Department after 30 years of service. He has been a Newark Township Trustee, a public-elected official for 23 years, just being elected to a new four year term in November of 1989. He has served a one-year term as President of the Licking County Chapter of the American Heart Association; and three years on council at St. John's United Church of Christ, two of these years as church treasurer.

Larry is an auctioneer of 13 years experience, donating time annually for the March All Heisey Auction. He is also a Licensed Realtor. He has been a voting member of H.C.A. since 1976. He has served several years on the Museum Committee and managed the museum outside restoration project.

Larry's favorite Heisey pieces are the animals and rare colors (cobalt); favorite pattern is Fancy Loop. Larry is a member of the Buckeye Heisey Collectors Study Club and is seeking his second term on the Board.

Jay Barker has been a member of HCA since 1975, active on the Project Committee and in his first term as chairman of the Museum Committee. He has served as Convention Chairman and on the Long Range Planning Committee.

Jay is employed by Society Bank Corporation as a Retailer Services Representative. Jay attended Ohio State University and holds an Associates Degree of Business Management from Central Ohio Technical College. Active in the Licking County/Newark community, Jay serves as the Vice President of the Licking County Courthouse Lighting Committee.

His main Heisey interest is Special cuttings and engravings. Jay and his wife, Beth, reside in Newark.

Jim Kennon and his wife, Helen, live in Brookville, Ohio. They are the parents of Jim L. Kennon who has served on the Board of Directors earlier.

Jim was born and raised in Darke County. He attended Union City Schools and Indiana University. After serving in the Army during World War II, he entered the Postal Service as a Railway Mail Clerk. Later he transferred into the Dayton, Ohio, Post Office. He served as a supervisor for six and one half years prior to retiring in 1978.

He has been a member of HCA since January, 1972, and has attended every Convention and most quarterly meetings since that time. He is currently on the Project Committee. He has participated in one seminar during Convention and has helped in the swap sessions and silent auctions on several occasions. Jim goes to Newark once a month to help prepare the newsletter for delivery to the post office for mailing.

Jim and Helen are members of the Dayton Area Study Club and he has served three terms as its President and one term as Secretary.

The Kennons collect a lot of Heisey and are currently looking for unusual pieces. They have an extensive collection including many pieces of Emerald Green and lots of "little things".

Jim is seeking his second term on the board.

Betty Ann Barnard is seeking reelection to the Board of Directors. Betty resides in Newark, Ohio, with her husband, Bill. She is a graduate of St. Lawrence University, Canton, New York, with a masters degree in education. Betty worked twelve years as a teacher of Health and Physical Education; ten years as a Junior/Senior high school Guidance Counselor; two years as Director of a Psychiatric Half Way House; nine years as Employment Counselor followed by three years in Job Training, both for the New York State Department of Labor, retiring in 1983 from the latter position.

She has been a voting member of HCA since 1976, and is a member of the Newark Diamond H Study Club.

Betty has served as Treasurer three years on the Executive Committee of the Board of Directors, and under her supervision has helped in consolidating and reducing our club debt.

Her favorites in Heisey are little things and #150 Banded Flute.

Christos Maskaleris is a resident of Camp Springs, Maryland, with his wife Chris. He retired after a civilian government career of 30 years; ten years as an Electronic Scientist at the Naval Research Laboratory in Washington, D.C., and 20 years at the NASA Goddard Space Flight Center in Greenbelt, Maryland. There, he was for 13 years, head of operations for all NASA launches and unmanned satellites. He also was the NASA interface with U.S. Air Force NORAS operation.

Chris is a Charter Member and Treasurer of the National Capital Heisey Collectors Club, and has served for 18 years as a member of that club's All Heisey Show Committee. He has been a member of HCA since 1972, and presently is a member of the Board of Directors. Currently he is on the By-Laws and Project Committees and Chairman of the Inventory Committee.

His chief Heisey collecting interests are decanters, cocktail shakers, and the Greek Key pattern.

He is seeking his second term on the Board.

John Eshelman, Jr. is a lifelong resident of Licking County, home of Heisey. He is Real Estate Administrator for District 5, Ohio Department of Transportation, and lives in Newark with his wife, Gerry. They are parents of three children, Jennifer, who is a surgical nurse; Leslie, who is an x-ray technician at Licking Memorial Hospital; John III, who is a Methodist Minister in Findlay, Ohio.

John's interest in collecting Heisey began several years ago when he bought a piece of glass at an auction. Standing nearby was a man John did not know at the time who told him he had just bought a piece of Heisey and pointed out the diamond H on the handle. From that point on, the Eshelmans were hooked. The man turned out to be Chauncey Delaney, who is also an ardent Heisey collector, and a former Heisey Board Member.

The Eshelmans are active members of The Buckeye Heisey Collectors Club. This club sponsors the Museum Benefits Raffle and donates all proceeds to the Heisey Museum. The club also sets up and oversees the Flea Market on the Square during Heisey Convention time. For several years, John has prepared the food, along with many volunteers, served at the preview on the first evening of the convention. He has also, again with much help, prepared the food for the 200 Dinner which is a major fund raiser for HCA.

John intends to continue his strong support of HCA and feels he will be able to contribute more as a board member. Your support would be appreciated.

Jay C. Martin is a native of Newark, Ohio, who lives in New Canaan, Connecticut and travels to Heiseyland for almost every HCA event.

He has been an active member of HCA since 1984 (voting member 1986, enthusiastic collector 1983). He has worked on, or is currently working on, the following committees: Liaison, Display, Hospitality (Chairman - second year), Museum and Convention. Jay has helped set up and work the HCA gift shop booth at the National Capital Heisey Collectors Club's Annual Show for the past four years. He will be managing these booths at the Convention this June.

He has been a member of the Moundbuilders Heisey Collectors Club of Newark, Ohio, since its beginning three years ago. He has set up a convention display for the club and has sold their souvenir badges each year. He has also worked, on occasion, in the museum gift shop and as a docent. He is a member of the National Capital Heisey Collectors Club.

He is currently writing a series of articles for the Heisey News on Crystallite.

Jay works in Greenwich, Connecticut doing accounting for AMAX, Inc. He feels his background in accounting, as well as management, sales, procedures, banking and credit would be useful to HCA's Board of Directors.

He is proud to be a voting member of our fine organization and would like to do anything he could to help ensure its strong future for many generations yet to come.

ATTENTION DEALERS!!!

The Newark Diamond H Club is revising the Sales Directory of Dealers and individuals who have Heisey glass for sale or services to offer. Our present supply will last until fall, so our new printing will be in effect from September 1990, to September 1992. The updated Directory will be printed and given to museum visitors, and in response to mail requests. Heisey collectors do a lot of traveling and like to know where the dealers are.

The work for this project is being done as a club effort by the Newark Diamond H Club. The printed Directories will be donated to HCA.

This is a great opportunity for anyone who has Heisey glass to sell or a service to offer --- to let others know.

The cost is \$20.00 for five lines for one year. We suggest you specify the type of business you desire or offer; such as Open Shop, Chance, Call, or Hours & Days Open, Shows Only, Flea Markets, Mail Order, Buy & Sell, Glass Repair, Auction Service or Dispersal.

Checks should be made out to: NEWARK DIAMOND H CLUB. Information (5 line copy) and payment should be mailed to:

DIAMOND H DIRECTORY

HEISEY SALUTES THE '90'S!!
NINETEENTH ANNUAL CONVENTION
JUNE 14-17, 1990
HUFFMAN HALL
DENISON UNIVERSITY
GRANVILLE, OHIO

The 19th annual HCA Convention is just a few short weeks away. As previously reported, new convention headquarters will be Huffman Hall on the campus of Denison University in Granville. The Show and Sale locations have not changed; they still will be held on the OSU campus. This year the Seminars will also be held at OSU in Founders Hall which is adjacent to Hopewell Hall where the display is held.

As you complete the registration form please be aware of the following changes to the convention schedule from past years and fit them to your schedule.

WEDNESDAY NIGHT - WIENER ROAST

This is a new event added to the schedule although it occurs before the official opening of the convention Thursday evening. As all seasoned conventioners know, the week really begins with the opening of the Granville Flea Market at Granville High School. So make a note to attend the Flea Market, then stop by Lamson Lodge at 8:00 P.M. for the Wiener Roast. Chairman Sam Schnaidt promises a fun-filled evening for all.

FRIDAY NIGHT - SWAP AND SILENT AUCTION

This year the Swap and Banquet switch nights. Therefore, the Show hours will be 12 to 6 P.M. on Friday with the Swap starting at 7:30. For the convenience of those on a tight schedule, a pay-as-you-go snack bar will be set up at Huffman Hall. Selections will include hoagies, chicken salad sandwiches, tuna salad sandwiches, deli salad, beverages, whole fresh fruit, cookies and other snacks. The snack bar will be open until 9 P.M. **IMPORTANT:** If you are planning to attend the Swap and would be interested in eating at the snack bar, please check the box on the registration form. This will enable Denison in food preparation planning.

SATURDAY NIGHT - BANQUET

The Social Hour begins at 6:30 in Granville at the Schnaidt party barn which is across the street from the northeast entrance to Denison at 596 Pearl Street. A parking area is directly across the street

from Sam's. Immediately following the "gathering hour", the banquet begins at Huffman Hall at 7:30. The buffet includes Steamship Round, Breast of Chicken Teriyaki, Broccoli Cheese Pasta, two vegetables, Rissole Potatoes, fresh fruit salad, fresh vegetable tray, spinach salad and cheese cake with strawberries. All food at Denison is catered by the Marriott Corporation so it should be delicious.

Speaker for the banquet is Ohio humorist and auctioneer Emerson Marting. Of national renown, Mr. Marting is a storyteller reminiscent of Bob Hope and Will Rogers. He likes to speak of the opportunities and privileges of being born and raised in America. He is from Washington Court House, Ohio.

SUNDAY - ANNUAL MEETING

Elections for the Board of Directors - As our voting membership increases so does the confusion and congestion when it comes time to vote during the meeting. Therefore, a new procedure for voting has been established. The meeting will be called to order at 7:30 A.M. for the purpose of allowing voting to commence. (Bylaws state voting must take place during the annual meeting.) However, the business portion of the meeting will not begin until 9:00 A.M. when polls close. Stations for checking voting cards will be located in a separate area at the opposite end of the meeting room (Huffman Hall). Ballot boxes and voting will be monitored by the Sergeant-at-Arms. This arrangement will enable voting members wishing to vote to do so any time between 7:30 and 9:00 A.M. Study Club reports will follow the meeting. All Club reporters will be asked to gather to one side of the podium to await their turn to make reports.

A breakfast buffet will be served between 7:30 and 9:00 A.M. Items featured will include orange, apple, and tomato juices, fresh fruit tray, scrambled eggs with bacon and sausage links, French toast, an assortment of donuts, sticky top rolls, and English muffins, and beverages.

A map with the new locations will be included in your registration packets.

SCHEDULE OF EVENTS

The Museum will be open at 9 AM daily except Sunday when it will open at 12 PM. The lounge will open for refreshments at 1 PM on Wednesday June 13. The Museum and lounge will close at the same time as the show and display except Thursday when it will close at 4 pm.

REGISTRATION: EVERYONE MUST REGISTER. Packets may be picked up at the Museum beginning on June 13. Remember that registration badges are required for all events; they permit unlimited admission to the Show and Display (**PREVIEW EXCLUDED**) and to all free activities. Children under 12 will be admitted free except where food is served.

WEDNESDAY, JUNE 13

WIENER ROAST - 8:00 PM

Lamson Lodge, Pearl St., Denison University, Granville. Come, enjoy and get acquainted with early Convention arrivals. Picnic fare.

NOTICE OF PROPOSED CHANGE TO THE CONSTITUTION OF HCA

In accordance with Article IX, Section 1, of the Constitution, this is notice to you as a voting member of Heisey Collectors of America, Inc., that, at the Quarterly Meeting to be held at Newark, Ohio, on June 17, 1990, the following changes in said Constitution, for the purpose of clarification, has been recommended by the Board of Directors, and will be submitted to the voting membership for approval or disapproval.

Article VII Executive Committee, Section 1 of the Constitution, now reads: "The elected officers and the immediate past President shall constitute the Executive Committee. If the immediate past President cannot serve, a member-at-large will be elected by and from the Board."

The Board of Directors has proposed the following change:

Article VII Executive Committee, Section 1 be amended to read: "The elected officers and the immediate past president shall constitute the Executive Committee. If the immediate past President is not on the Board, or cannot serve, a member-at-large will be elected by and from the Board."

Passage of the above Constitution change requires a two-thirds vote of the active members in good standing, present, and voting, at the June meeting.
