THE ARABIANS a thousand years ago were so skillful in giving color, beauty and ornamentation to glass that Damascus, then a center of their flourishing empire, became as famous for its glass as it was renowned for its swords. The secrets of the Arabian Masters and the secrets of other ages live on in fine glassware by Heisey.

MESSAGE FROM THE PRESIDENT CHARLIE WADE

Greetings to all:

Throughout the history of this great organization, members have always responded to the cause at hand. The King House, the Molds, The Museum addition, and the remodeling of the King House. Everyone came through and supported these great undertakings however one could.

It is at this time that we all have another opportunity to show our support and help where we can. The Acquisitions Committee had a great opportunity to purchase some rare Alexandrite for your Museum. Below is the list of the Alexandrite items w/ Chintz etch purchased by the Acquisitions Committee. These items were specially made for Heisey employee Louise Adkins.

- 4 Empress 10 1/2" dinner
- 4 Empress 8" plates
- 4 Empress 6" plates
- Empress Cream and sugar
- 4 #1401 1/2 Empress (plain rim, not etched) cups w/ 4 etched saucers
- Empress salt & pepper shakers
- 5 Old Dominion goblets
- 5 Old Dominion champagnes

Although the total monies for these pieces (\$7200.00) does not represent anything close to what the above projects required, the Board is asking for your help with this special purchase.

A special raffle for one of the Old Dominion goblets will be held at the beginning of the Auction April 7th. Tickets are \$5.00 each and will be available to all members by contacting the Museum. If you live close, stop by and we will be happy to sell you one at the Museum. Tickets will also be available at the wine and cheese preview the evening before the Auction.

Money or cash donations for the entire purchase will be accepted also. If you prefer to make a presentation in June at the annual meeting, that would be great, or if you would like

to make a commitment before June, that will be great also.

Please give this request serious consideration. Rare pieces only become available to the Museum once in a while.

I thank you all in advance for your considerations!

Hopefully you have your Auction list by now. There are some great items in it from what I have been told. Be sure and mark the date on your calendar. Please remember this is a major fundraiser for HCA and the Museum.

Hope to see a lot of you there!*

Till next month,

Charlie

These four addressees replace the Heisey@infinetcom address, which will soon be completely deactivated, so please update your email address books accordingly.

The Acquisitions Committee has been particularly active the past few months with four potential purchases to consider. With Board approval, they have acted on purchases which include a Lariat plate in experimental black, a Dancer Leg cocktail and four place settings and a few serving pieces in Alexandrite with Chintz etch. These Alexandrite pieces were specially made for Heisey employee Louise Adkins. As Charlie explained in his column, we are seeking contributions to help pay for the Alexandrite pieces. If you or your study club can make a contribution to the acquisitions fund to assist in the purchase of these pieces, we hope you will do so. Or, at least consider purchasing a raffle ticket for an Alexandrite Old Dominion goblet with Chintz etch. Tickets are available for \$5 each by contacting the Museum . and will also be sold during the Benefit Auction preview.

See you at the Auction!

Unfortunately, this will be my last time to edit the newsletter for HCA. I have taken a position closer to home, as the Director for a Community Youth Arts and Media Center. I want to thank everyone for helping to make my time here so enjoyable. I must admit, I am certainly sad to be going. I will however still be here to help with classes, and will also be registering for some Convention events.

On another note, the Studio is up and running smoothly, and provided no major disasters, should stay that way for a while. See you at Convention!

Newsletter time seems to have come particularly quick this month. It must be because we just mailed the Benefit Auction Catalog a week prior to my writing this! I hope everybody received their catalogs in a timely fashion this year. We worked very hard to get it to you earlier than we did last year.

As you may have noticed, the catalog also appears on the Museum web site at <http://www.heiseymuseum.org/hca/benefit/> in searchable database form, along with the weekend's schedule of events and the absentee bidding instructions. Remember, this year in addition to mailing or faxing in your absentee bids, you also have the options of submitting absentee bids through the web site or of placing phone bids the day of the Auction. We hope those of you who can't make the trip to Newark will take advantage of these options and help support your Museum.

Another recent update to the web site includes four new, individual e-mail addresses for Museum staff. These new e-mail addresses appear on the "contacting Museum staff" page of the web site, as well as on the inside front cover of this newsletter, and are as follows:

Cheri Goldner, Curator

E-mail: curator@heiseymuseum.org

-regarding identification of a Heisey piece, Museum donations or loans, Museum events, tours or the web site

Shelly Hoberg, Business Manager

E-mail: business@heiseymuseum.org

-regarding Museum Shop or membership orders, monetary or Shop donations, accounts payable or membership or Study Club issues

Johanna Burgess, Assistant Curator/Newsletter Editor

E-mail: editor@heiseymuseum.org

-regarding ads or articles for the Heisey News, the HCA Glass Studio or monthly paperweight and glass blowing classes

Did you know that the A. H. Heisey & Co. advertised on the radio? Here are two of the scripts that were read on the air. They were created by the Howard Swink Advertising Agency. These scripts would have been sent to stores that carried Heisey crystal, so that they could place the advertisement on the radio, with a reference to the specific store.

This one was created March 22, 1949.

(NOTE TO ANNOUNCER:
The "s" in "Heisey"
is soft -- "High-C.")

ANNOUNCER:

SINGER:

you want to strike

HEISEY "ROUND-UP" SWAP MEET-BLIND AUCTION CO-CHAIRPERSONS: BOB & HILDA RYAN AND BOB & JOYCE DICKMAN

Howdy Pardners! Word from "The West" is that all cowgirls and cowboys are wanted for a Heisey "Round-up" at the Town Hall, (commonly known as Hopewell Hall on the OSU campus in Newark, Ohio). Hopewell Hall is located adjacent to Adena Hall, which will be housing all that pretty, glittery glass.

Our first "theme" Swap Meet - Blind Auction evening proved to be a great success last year. First time convention guests as well as charter HCA members gathered for a fun casual, "Caribbean Paradise" evening of Heisey fellowship. All dinner tickets were "sold out" and we had a standing room only crowd for the Blind Auction. The Swap Meet of "old" was renewed by encouraging matching tops and bottoms, cruets and stoppers, creamers with sugars etc. Treasures of 20 boxes of Heisey glass were claimed during a spirited Blind Auction, with boxes selling from \$175.00 to \$410.00 per box, generating a total of \$4,595.00. Other income of \$1,790.00 from auctioning several feasibility items, a 50-50 drawing and profits from the dinner made the total income for the evening \$6,385.00. Since this HCA Convention "Fun-Fund" raising event indeed proved to be a fun, profitable evening for HCA and guests, we have agreed to co-chair this year's Heisey "Round-Up."

This year's evening of fun, chuckwagon chow, swappin' and buyin' begins at sundown (6:00 PM), Thursday, June 14, 2001 as part of the HCA Convention. Moving the "Round-Up" Swap Meet - Blind Auction to Hopewell Hall will give us more room and allow us to offer more chow tickets for sale. There will also be plenty of "at the door" parking for you to circle your wagons and hitch your horses.

Our "Cooky Ron" is cookin' up chuckwagon chow (shredded beef BBQ, baked beans, slaw, chips and soft drinks). Two-hundred chow tickets will be offered on a first come, first served basis to be reserved with your convention registration for a \$6.50 gold nugget each. If any of the 200 tickets are left after registration, they will be offered for sale on a first come, first served basis at the door.

Grab your ten gallon hat and pack your Western duds, (all six shooters will be checked at the door), as prizes will be offered for best Western attire.

Pack up some Heisey for swappin' during the Swap Meet per cowboy Bob Swap Meet rules:

1. Come to have fun! The more trades you make, the more fun you will have!
2. Only 12 Heisey items (per family) allowed on your swappin' table at any one time.
3. Special emphasis placed on mating your singles into pairs, tops for bottoms, stoppers for jugs and cruet for stoppers! Items for mating do not count in the 12 total allowed on swappin' table at any one time per rule #2.
4. NO MONEY or GOLD may exchange hands at ANY time.
5. You may exchange original items at any time for other items as long as your total does not exceed 12 items on the table at any one time. Matching items do not count toward the 12 total items.
6. Have a good time, be aggressive and keep moving - you may be pleasantly surprised with your swappin'.

Plan to enjoy the Blind Auction of Prospectors' Bags of Heisey Finds!

1. All bags will be waiting to be claimed by auction bidding.
2. All bags will be identically concealed so nobody, (even the prospector who bags them), will know what item/items are in which bag.
3. Each bag will contain actual Heisey glassware or wonderful Heisey related

prizes, with a promise of a value of no less than \$100.00 per bag.

4. Each bag will be offered for auction with a reserved opening bid of *\$50.00* per bag.
5. Bidding will be open to all in attendance. First winning bidder can choose whichever bag they want from all bags offered. **ONLY ONE BAG** per each winning bid. However, all bidders may bid again for another bag if they wish, each time bidding is reopened.
6. After each bag is claimed by successful bidding, it will be opened by successful bidder in front for all to see.
7. Remember, there will **ONLY** be *20* bags to be claimed. Plan to be aggressive with your bidding so you won't miss out on a chance to claim a bag for your own.
8. **ALL PROCEEDS** from the Blind Auction will go directly to benefit HCA.
9. All items in the bags are being donated by Heisey study clubs and other wonderful supporters of HCA.

We hope to see Ya'All at the "Round-Up" and remember to bring your cameras for a fun photo opportunity! The success of the evening depends on your enthusiastic support and participation by helping us make this another "Fun-Fund" Raiser for HCA.

Happy Trails to You Until We Meet Again.*

BENEFIT AUCTION 2001

DICK MARSH

This year's auction, while not as large as in the past, still contains many items for the novice and advanced collector.

Having been around from the start of the club, sometimes I'm a bit jaded with all of the rare items I've seen, but the following are a few of the items that caught my eye.

For the Colonial Era collector, we have a couple of #150 Banded Flute match boxes and covers, Amber sodas, a measuring cup, and a Banded Flute root beer mug. The cordial collector will find Creole in alexandrite, Park Lane with Briar Cliff cutting and a Barbara Fritchie brandy with Alexandrite bowl.

The zoo has a number of items with some of the more interesting being a set of elephants, hen, rooster and chick set, a swan, a sow and both piglets, a couple of show horses plus a number of others. There is a fighting rooster mounted in a metal frame to make a lamp.

The stem collector is in for goodies. A Spanish goblet with a Cobalt bowl, #3361 Charlotte sherbet with a Hawthorne bowl and Moongleam foot and stem, and a rare #5065 Colt stem cocktail. Also a double whammy, an experimental Plantation goblet with the pineapples on the side of the bowl and a Bantam Rooster cocktail.

The candlestick collectors will be hoping the IRS has sent their returns. Check this out, a single Jack-be-Nimble in Sahara, #130 Acorn 1-lite in Moongleam, a pair of Cherubs in Flamingo, and two pair of #107 Wellington, one each in Flamingo and Moongleam. If these are not enough, how about a pair of #7175 Egyptian and a pair of #127 Twisted stem in Moongleam? Both are very rare.

From here we have a real mixed bag. Two unusual etchings are a Bethel decanter with the Circus Lion Tamer and two Newton sodas with B&O RR etch. The couple of the pitchers of note are a Pleat and Panel in Moongleam and a #1503 1/2 swan. A #461 Banded Picket basket in

Flamingo should bring some interest. Did someone say vases? Well a #4230 favor vase in cobalt, #1420 Tulip vase in Cobalt, and 6" and 3 1/2" Saturn vases in Limelight should answer that question, and if not, there are many others.

There are a number of colognes including a large 3 oz., but the goodie being one in Plain Band. In Tangerine we have a number of pieces including a couple of different patterns that are on the red side.

This sale has more Plantation that I've seen at one time with many unusual items.

A #1506 Whirlpool footed candy in Limelight is pretty. Lastly, in this listing only, is a #1469 Ridgeleigh decanter made from the 10" vase. This is not a production item.

HAVE SOME "WHINE AND JEEZ"

GEORGIA G. OTTE N

(Author's Note: A slightly different version of this article, with this same title, was published in the March 2001 Cambridge Crystal Ball. The articles are based on true events from my life as a collector of both Cambridge and Heisey glass and therefore applicable to both clubs. Proof positive that I don't make glass collecting mistakes exclusively in one study club! There are plenty to go around!)

The Dayton Area Heisey Collectors study club meets in a library and as in most libraries, food and beverages are not permitted. However, I have noticed that on occasion at a meeting, something is being served. It is "whine and jeez."

I am a proponent of study clubs and have the good fortune to belong to one of the best. There are collectors currently trying to form new study clubs in other cities and states and they are to be encouraged. I have heard people say they "do not know enough" to belong to a glass study club. But that is the point, isn't it? To learn about the glass? If you

care about Heisey glass, and want to learn, a study club is invaluable!

There are numerous reasons why people begin collecting glass. They like a color, it was something Mother received as a gift, they want to match a candlestick and it just keeps going! Whatever the reason, I do not know any one glass collector who knows everything about any one glass company. There is always something to learn!

I can recall attending my first several Heisey study club meetings. There Mac and I were with something from the Plantation line for show and tell, and there were other members bringing in colored glass, pitchers, candlesticks, perfume bottles and decanters. All Heisey glass. My question was, "How do you know that is Heisey?" I felt so uninformed!

But guess what happened? As the programs continued, more items were brought in for discussion and show and tell and there were items that were *not* Heisey glass. There were items easily confused with true Heisey. You know, the look-a-likes. I would venture to say that each one of us has bought, with great delight, a piece of glass we "thought" was Heisey, only to find out, through the knowledge of others, that it was a repro, reissue or a look alike right off the boat from some foreign shore. And what happens at this point?

The "jeez and whine!" "Jeez, I thought it was Heisey! Are you SURE it isn't Heisey? How do you KNOW it isn't Heisey? I WANT it to be Heisey! PLEASE tell me it is Heisey!" I had this experience, not my first and probably not my last, with a Ridgeleigh cigarette holder and the matching ashtrays in 'Dawn.' I did not know my colors or items made by another glass company using a Heisey mold. So I took those pieces home with me determined not to let *that* happen again.

There are many good reasons to belong to a study club. The most obvious, it is hands on and eyes on. One learns to recognize those reissues and the Heisey colors and the fact that a 'Diamond H' does

not necessarily make it Heisey! Knowledge shared, knowledge gained.

However, a word of warning: being a member of a study club does not guarantee your ability to deal with a major factor of collecting, a factor which must be addressed if one wishes to avoid the "jeez and whine." It is the EF, the *EXCITEMENT FACTOR*. You spot an item in a shop or mall and you believe it to be Heisey. Your heart pounds. You want it! The price is good, you are pretty sure you have seen it in a book. You buy it. You are happy! You take it to the next club meeting for show and tell and ... guess what?

It's "jeez and whine" time, and you are hosting! But it will never happen again! Right?

**BOOK REVIEW:
HEISEY GLASS, *THE EARLY YEARS: 1896-1924* BY
SHIRLEY DUNBAR
DOROTHY KAMM**

Heisey glassware ranks among the finest ever manufactured in the United States. The company, which was founded in 1896 and remained in business until 1957, managed to successfully combine the utilitarian with the decorative, producing hand-wrought tableware designed for daily use. Their products are as appreciated by collectors today as they were by thousands of households nearly a century ago. Because so much of Heisey's early glassware was unmarked, author, antique dealer, and award-winning Pen Woman Shirley Dunbar realized the need for a reliable reference that would simplify the identification of the various glass patterns and colors. Her book does exactly that, pairing over 300 examples with pattern descriptions, and providing values for each item that is pictured.

There are detailed discussions of Heisey's early production runs of colored glassware, opal being among the most desirable because of its iridescence.

Photographs illustrate the many variations in hues collectors might find when searching for Heisey glass. Dunbar also covers the limited patterns in which the experimental rose color was used, to clarify the difference between that color and the later pink glass.

The scope of the book is thorough, encompassing more than merely identification. In the story of the history of A. H. Heisey & Co., there is intrigue mixed in with the sand and lead and potash. Competition among glass manufacturers was fierce, and allegations of patent infringements flew between companies. Even Heisey was not above subtly changing mold designs of successful glass lines of their competitors. Dunbar includes a biography of founder Augustus H. Heisey, a German immigrant who served in the Civil War. Glass making and grades of glass, guidelines for buying glassware, and its care also are covered.

Molasses containers, which are now obsolete, as well as cracker and crushed fruit jars and humidors are given separate chapters. Dunbar writes that small containers for a variety of household products, such as molasses, were required since they were purchased in bulk. Molasses was the common sweetener until the price of white sugar, which was preferred for its color, and ease of use and storage, dropped. In the Victorian era, fancy glass cracker jars were preferable to tin. Then, too, how many of us know that crushed fruit jars were used to make mixed fruit compotes, or that in these anti-smoking times, humidors once held imported cigars or fine tobacco for pipe smoking?

This extensively researched, indexed, and illustrated 176-page book, the first guide to Heisey's early productions ever published, is guaranteed to become the foremost reference of its kind.

(Editor's note: This book is available in the Museum Shop for \$26.95, plus S&H. Simply stop by, call, fax or place an online order through the Museum's web site.)

CLUB NOTES

Heisey Club of California
Gene Moenning

We kicked off the new (real) millennium with another great club meeting. January found us heading out to the valley to the home of Linda & Peter Mantarakis. I must say the potluck luncheon has been a really big hit. And, since it's working so well, everyone agrees that it will be continued. With colder weather in January, some hot dishes were brought this time and were well received. This is something we should consider continuing during the winter months. By the way, my hats-off to Norm for his seafood chowder, yum!

Gordon put together another great program. It was a very good study on Alexandrite. The program compared Alexandrite with Hawthorne, sun-purpled and one piece of Lavender Ice glass. Gordon provided some useful hints on how to differentiate between them. The displays were awesome, for those who missed the meeting, it's too bad!

It's time to gather those glass donations for our April benefit auction. We will continue with the auction format of the past few years. The auction will be part silent and part live. Also, we will be bringing hearty hors d' oeuvres again. Oh yes, don't forget lots of money. Gordon has agreed to collect the glass and I will prepare the auction catalog. Please bring your donation lists and glass with you to the February meeting. We will also be collecting at the March meeting.

We will be going to the Ladners' home for the February meeting. This will be our first time there. It's always so interesting to see how different club members present their collections and to see the other neat stuff they collect. The program will be on candy containers except for Recessed Panel, Yeoman and Revere because they were presented at the Brinos'. Please bring your pieces for the display. Looking forward to a great meeting. See you there!

Northwest Heisey Collectors
Debra de Jong

JANUARY MEETING:

We had 23 members attending at Marian Belt's home on Green River. Her collection of Snowman cookie jars greeted us at the door with big smiles. Marian had persuaded our former member, Kathy Eytcheson, to be her co-host.

It was good to see her and she had another sample of her wonderful quilting to show us. There are some lucky people out there that receive one of Kathy's creations.

Old Business: Deborah passed out the pamphlets from HCA, which we requested. There were quite a few members that took some for distribution to their local malls and antique stores. If you need some for a show or location, contact Deborah.

New Business: Pres. Karl asked members to start thinking about the nominations that will be done soon for officers for the next year. The committee will be formed next meeting either volunteer or appointment. Remember: if you are on the committee you help choose the new officers.

The Green River Depression Glass Club has requested us to have a display table at their Feb. 24th show in Kent. Deborah de Jong ended up volunteering to chair since no one else had the strength to raise their hand. The theme will be "Colors of the Depression Era." After the meeting Deborah found out that she and Karl will be selling at the show, so there is more need for help. She will chair and get the materials together, but will need a full schedule of volunteers to man the display during show hours. Volunteers get free admission to the show and can get there early to man the display. There will be a schedule at the Feb. meeting, so please find an hour or two to come to the Kent show and let people see the beauty of Heisey glass. The hours are 8:30AM to 5PM. Please help.

Raffle: Larry Wilkinson was the lucky winner this month. That makes two months in a row for the Wilkinsons'. Larry found a #393 sherbet in the bag. So what if it had Santa dancing across it! Bellingham needs to get back in the game. Steilacoom is making inroads on the raffle.

Program: It was fun to see the Impet. production of Heisey molds. Marian gave a short talk

on Imperial's pieces, and we all enjoyed the view on the dining room table. It included: #1590 Zodiac footed bowl, candle, candy jar, 8" plate, all in Amberglo; #1428 Warwick 2 light candle in Heather; #150 chamberstick, gift to Isa; #1567 Plantation 5 part relish w/o pineapple; #1519 Rose sherbet; Colts, Kicking, Standing, Balking; in Sunshine Yellow, Madonna by Imperial; #31 Jack Be Nimble; #33 Skirted panel toy candle; #4220 Janice vase; emerald Filly Dinky Doo in Apricot; #1503 Swan handle pitcher for Smithsonian; #1519 Waverly candy jar in crystal and Caramel Slag.

Meeting Adjourned: We enjoyed Marian's homemade lasagna and all the goodies brought by the members. It was a long meeting with lots of discussion and visiting. These meetings are definitely the high note of the month for many of us. See you next month!

FEBRUARY MEETING:

We had 26 members and 2 guests. That includes our newest member, Judy Swain. Judy owns the antique mall in the Triangle Mall in Longview. She collects Alexandrite, which she admits means the collection is small or her purse is quite empty. We welcome her to our great Heisey Lover's group. Our guests were Ken Kadwell, Nita's husband, and Marilyn Scott, a dear friend of Flo & Don.

We had a grand turnout at Flo & Don's lovely home near Castle Rock. The weather was clear and cold, but the distance didn't deter our group from making the trip. We saw Flo's collection and, as always, there were pieces we hadn't seen. The meal was a fantastic spread of pork loin roast and homemade mashed potatoes. Everyone was stuffed by the time the meeting began.

Raffle: Don Anderson was the lucky winner this month. He found a #411 Tudor jelly in the box. We had an additional prize, donated by Dixie Fuller, of a candle made from a mold made from a Fancy Loop small rose bowl. Larry Wilkinson (We have to do something about this guy) won the candle. Dixie had found a cobalt blue candle made from a Ridgeleigh 8" vase, some surprises out there.

We also had two of the Heisey mugs made for our Quarterly meeting that were auctioned off for \$3 a piece. There was one of the quilted flags made by Kathy Eytcheson and Marian Belt for the table

decorations at our Banquet. The lively bidders brought the price up to \$35. Deborah was bound and determined to bring it home. The mugs and the flag had come from the collection of Rollie & Mary Martin. The money was donated to our club treasury.

Program: Flo showed us the differences between various stems of the #1425 Victorian pattern. She has a beautiful set of the stems, although she didn't tell us it had been larger before the San Francisco earthquake. She even had one of the little sweet pea vases, so lovely. She reminded us of how beautiful Heisey can be!

Our Show & Tell consisted of: #1425 Salt & pepper with glass tops, Footed cheese, Rye decanter, Shot glass, Candleholder, Ashtray/match holder, Condiment set (complete), Clock made from 8" plate, 1/4 # butter dish and cover, Wines, both 3 & 4 oz., 6 oz. Tumbler, Sweet pea vase, 3 compartment 10" bowl; #107 Wellington candles in Moongleam with silver deco; #1404 Old Sandwich ind. Ashtrays in Moongleam, Cobalt, & Crystal; #1405 Ipswich Candy jar in Flamingo; and #300 Peerless sauce bowl and underplate.

Fund Raiser Reminder: Glenna was happy to show the Victorian plate made into a clock. You may also make a plate into a clock for \$20. Karl & Deborah de Jong will take your plate, drill, and install the movement & dial face as a fundraiser for our Club. Just contact them at a meeting or call them to make the arrangements.

Meeting Adjourned: It looked like we had too many desserts, until you looked on the other counter and saw the salads and the deviled eggs! I think we all ate too much, but boy was it good! Flo & Don were the most gracious of hosts. They had everything ready for a wonderful meeting and the requisite talk fest we all enjoy. A huge thank you goes to both of them.

Thirteen members attended our February meeting. Plans were finalized for our "Before" Auction Madness Flea Market, which will be Friday, April 6, 2001 from 4 to 7:30 PM at Apple Tree Auction Center in conjunction with the HCA Wine and Cheese Benefit Auction Preview. All proceeds will go to benefit the HCA Endowment Fund. We are sorry to report we have lost another club member. Jim Barbian passed away in January.

Members Donna Jeckering and Bill Lyon both passed away during the past year.

Fred Schaefer presented the evening program on Dorothy Thorpe and Eva Zeisel and their Heisey connection. He had prepared a pamphlet in which he highlighted etchings, patterns, designs and decorations that these two women had produced in the male dominated era of American glass production. He displayed several pieces of Heisey glass that were examples of some that were decorated by Dorothy Thorpe or designed by Eva Zeisel. The examples proved these were two very talented artists. Thanks Fred, for a great program.

Show and Tell finds shared included: #1567 Plantation 3 part relish; #1255 Pineapple and Fan vase; #411 Tudor covered cigarette box; #451 Cross Line Flute comport; #1447 Rococo bon bon; #14 Kingfisher flower frog in Hawthorne; #2351 Newton 8 oz. tumbler w/ Zodiac etch; #352 Knife Rest; #1496 Mahabar covered cigarette box in Zircon; #2401 Oakwood 8 oz. soda w/ Nimrod carving; #1255 Pineapple and Fan 4" nappy; #1509 Queen Ann 6" Dolphin Flamingo candlesticks; #68 Hepplewhite 9" candlesticks w /grey floral cutting; #491 Wafer cologne w/ rose cutting and #63 stopper; #2 Oil bottle w/ #97 stopper and #1506 Provincial oval floral bowl w/beads on sides.

National Capital Heisey Collectors
John Martinez

The weather wasn't much better than it was in January, but our attendance for the February meeting was up to 16 club members. We had one table full of Fandango, half a table of Cut Block, and Knobby Ross gave an informative program on both patterns. I don't know about you, but I really like those old Heisey patterns! Next month's program is on another of my favorite patterns, Beaded Panel Sunburst, so bring it if you have it.

George Schamel reported on the All Heisey Show and Sale. Everything is going as scheduled. The lunch room at the Activity Center closed, so George spoke with the owner of a local deli, and the club voted to let him set up and sell sandwiches from 12:00 to 3:00 on Saturday and Sunday. We still have a couple of spots open for volunteers to man the doors, so let me know if you can help.

Don't forget the show is March 17 & 18, and I expect to see all of you there. To all of you dealers who are wondering what to bring for the show, I'm

still looking for Cut Block and Winged Scroll custard cups.

See you all at the next meeting.

National Capital Heisey Collectors
John Martinez

The January meeting of the Dixieland Heisey Study Club was held February 10th at the Cogdills' in Fountain Inn, South Carolina. Helen Freeman awoke from a nap 12/16 with an acutely herniated neck disc, and the Freemans were unable to host their usual Christmas in January meeting. Several trees fell on Helen in the icestorm early 2000, and she had 4-level surgery in May on her back. Now she's off to the Patagonian Plains where she can avoid vegetation over six feet.

2000 was also the biggest and busiest year the club has had. Hosting the Fall Directors' meeting and the annual Vivian & Percy Moore Dinner in conjunction with the Second Elegant Glass Show was a lot of fun, work, and learning. A great time was had by all. As a fallout from the pictures taken at the dinner, many of the members on seeing them went ASAP to Weight Watchers with spectacular results. Some will have to wear name tags at the Convention to be identified.

It's truly an ill wind that blows no good. All of us had been anxious to visit the Cogdills. Joey is not only our new President, but a gifted finder of Heisey. His successes have been a feature of our meetings, and we all wondered what was at home. We came, we saw, and he conquered when he brought out his boxes. Diana prepared an old fashioned Southern dinner. Joey gave a talk on Athena, his daughter's pattern. Catherine is our youngest member, attending meetings since before birth, but she opted out of this one to a friend's. When she was a few weeks old, Joey attended an auction where 31 pieces of Athena were being offered, and they form the nucleus of the collection. It includes a pair of the rare Athena candleblocks, which Sid Edwards, our resident candlestick maven, does not have. Nor is he likely to get them from this source. Joey also prepared a very nice booklet-catalogue of Athena.

Helen Freeman had sent out 'a lengthy memo concerning some suggested changes in procedures as we continue to grow, and pointing out accountability, for certain functions needs to be established.

Discussion ensued with general agreement. These will be more formally addressed at the next meeting, when more members will be present.

The next Elegant Glass Show is set for the second weekend in October, 12-14, 2001, at Jim Miller Park in Marietta, an Atlanta suburb. Many of the dealers will be returning and others have asked. Promises to be a really beautiful showing of terrific offerings. Put it on your calendars.

Our meetings are dinner meetings held at members' houses, \$10 each to defray expenses. All are welcome. Meet at 6:30 on the second Saturday of every other month to conform with the Scott and Lakewood show times. If meeting out of town, day is usually changed and we meet noonish. If you can attend, call Helen Freeman for directions, and, who knows?, sleeping accommodations.

2001 Meeting Schedule

Bay State Heisey Collectors

Susan Pescatore

The February meeting of The Bay State Heisey Club was held in Lexington, Mass on the 13". President Steve Pescatore conducted a streamlined business meeting and we then began Show and Tell.

Our sharp-eyed members were in their usual excellent form: a scarce #331 Colonial 1/2 gallon jug (huge!); an #1170 and a #1252 (twist) flamingo cruet; a Marigold #1184 oval vegetable; in the small-but-cute department, a #32 5" handled chamberstick, as well as a #400 individual sugar ("Peerless without a skirt"); for real drama, there were a pair of #1463 Quator 8" nappies in a Deco chrome and Lucite holder; Louis Lapilato submitted a wonderful selection of etchings - sodas with the Antarctic and

Lancaster etches, a #2401 Oakwood tumbler with the rare Circus/Cowboy etch, and a #4163 Whaley beer mug with the Club Drinking Scene.

In the non-Heisey category, there were a pair of unusual Cambridge pressed-stem Rosepoint wines, along with two pieces of early Duncan & Miller Scalloped Six Point: a large, gorgeous fruit bowl, and a mini rose bowl.

The evening's program was proudly presented by Steve Pescatore, who, through perseverance and zeal has amassed one of the definitive collections of #325 Pillows in the Heisey community. Steve opened with a graphic illustration of the design's geometry, and then gave a history of the Pillows pattern (originally just a Duncan & Sons cologne pattern but presumably reinvented when A. H. Heisey - a Duncan partner- opened his own company). Steve then described each piece of Pillows on the table, specifically as to form and function. Most interesting and noteworthy were multiple bowls and compotes, distinguished only by small size differences and edge treatment; three rose bowl types; three different pitchers (including the massive 3-quart); various bonbons and pickle dishes (same mold); egg cups (the only "stem" in the pattern); three jellies (out of five made); the toothpick; the individual salt and two forms of salt shakers; a syrup; a molasses can; a 6-oz oil and the very rare 2-oz oil (yours truly must confess to finding this piece two years ago on the second day of Granville "outside", less than one minute after Mr. Pillows passed by this dealer's table, missing it completely).

Steve's collection also contains the complete table set, the water bottle, the cake salver, the ice tub, the cracker jar, the mustard, and the punch set. But the most important example by far is the 'h gallon tankard in Rose, which we were fortunate enough to buy at the 1999 Benefit Auction. Steve offered a very lucid explanation of this color in Pillows and some other early patterns, based on the published knowledge we have available to us now (ie: new theories could turn up at any time). This pink color was almost certainly made in the first decade of this century (Flamingo was not introduced until 1925), since inventory lists from 1901-1903 have been found describing multiple pieces of Pillows in "Rose" on hand at the factory at that time, (other examples of early patterns known in Rose are the #1 Georgian candlestick and the #310 Ring Band spooner).

Pillows is a beautiful pattern under any circumstances, but to see so much of it all together in one place is truly dazzling.*

A SPECIAL HEISEY GIFT CHARLES HOPKINS

For many years I have needed a rug for den, but just could not find one I liked.

Before Christmas our son came up with the idea of having a Diamond H rug made at Carpet Mill Outlet in Hampton, Va. We took my glass cobalt Diamond H symbol to the man

and he took great pleasure in taking scale measurements.

The predominant color is Woven Straw (a shade of beige). The outer edge is Apricot. In each corner inside the outer edge is a triangle of Lime Mist. In the center of the rug is a Diamond H. The Diamond is Lime Mist and the H is the predominant color. Of course, the H also stands for our initial-Hopkins. It is beautiful, and I love our Christmas Present from our son.

SUGGESTION FOR MEASURING VOLUME OF HEISEY "VESSELS" WITHOUT USING WATER

TERRY SMITH

EDITOR'S NOTE: THIS PIECE IS IN RESPONSE TO CARL SPARACIO'S FANCY LOOP ARTICLE LAST MONTH.

YES, drying out any small necked item is a PAIN.

Most of us, however, have a "supply" of sugar (or salt) in the household larder. Using a funnel, fill your Heisey item with dry/granulated crystals. Then empty the item into a measuring cup. As long as there is no moisture in the Heisey item, all of the crystals should easily vacate your Heisey. Since the crystals have only been in two different, clean vessels, they can be returned to the larder for use on another day.

MAKE YOUR BENEFIT AUCTION & CONVENTION RESERVATIONS NOW!

The following is a list of Newark area lodgings to help you plan your trip to the Benefit Auction and/or Convention. **The Auction will be held April 7, and Convention 2001 will take place June 13-16.** We have blocked 20 rooms at the Place on the Square for the Convention for June 12th -14th (the hotel is blocked by someone else for the 15th). As of Dec. 15th, 18 of our blocked rooms were still available. Also, please note that the Holiday Inn in Heath is now the Ramada Inn. They assured us that they kept all reservations, but if you booked a room with the Holiday Inn, you may want to call the Ramada just to make sure it is still there (740-522-1165). Also, please note beginning March 1st, the Country Inn and Suites in Heath will be converting into a Holiday Inn Express, and there will be a newly constructed Red Roof Inn open in Hebron where the Buzz Inn used to be. **Bolded listings still had rooms available as of 3-12-01.** To receive a copy of the Licking County Convention and Visitors Bureau's brochure, call the Bureau at (740) 345-8224 or 1-800-589-8224.
