964 Maryland Brochure Front

964 MARYLAND CUTTING Walter Ludwig

The 964 Maryland promotional brochure is just a single sheet, front and back. The color pink was used to enhance the pamphlet. It was used as the color of the bottom half of the front and as a box for the blurb on the back. It was also used as background for the company information on the bottom strip on the back.

The front shows a 5024 Oxford goblet cut with 964 Maryland. There is a stylized elegantly dressed hostess seen from the back holding a goblet as in a toast in the bottom left. The back features 17 pieces of glassware all with 964 Maryland cutting including the full 5024 Oxford line including finger bowl. Also pictured are an 1184 Yeoman plate, a 4225 Cobel Cocktail shaker, a 4036 ½ Marshall Decanter, and a line of sodas including the bar and old fashion.

The promotional write-up on the back reads. "As distinguished and beautiful as its name, MARYLAND Hand-Blown Rock Crystal Cutting combines dignified grace with modern simplicity to make a perfect blending of the old and the new. Each time you set a sparkling table of MARYLAND, your pride of ownership will rise to new heights. You'll find this Heisey pattern in a complete line of stemware together with plates, bowl, hurricane lamp, comports, and other lovely accessory pieces."

Advertising

Ads may be mailed to: HCA Advertising, 169 W. Church St., Newark, OH 43055; faxed to (740) 345-9638; or e-mailed to curator@heiseymuseum.org. Whenever possible, please e-mail your ad. Always include your MasterCard or Visa number and expiration date. When mailed or faxed, ads should be typed or printed on white paper with dark ink. Camera ready ads are accepted, but must follow line specifications outlined at the beginning of the advertising section. Ads containing reproductions will not knowingly be accepted unless clearly stated (e.g. Heisey by Imperial, etc.). HEISEY NEWS accepts no further liability. In the event of a typographical error, the incorrect portion of the ad will be run in the following issue, but HEISEY NEWS assumes no further liability. See advertising section for rates and deadlines.

Museum

Heisey Collectors of America, Inc., a non-profit corporation (tax-exempt status), owns and operates The National Heisey Glass Museum in Veterans Park, 6th and Church Streets, Newark, Ohio. Open year round, Tuesday through Saturday 10:00 a.m. – 4:00 p.m., Sunday 1:00 – 4:00 p.m., closed holidays. Other hours by appointment. Members admitted free.

Identification

HCA will attempt to identify unknown glass items. Send a color photograph, measurements, and a self-addressed, stamped envelope to the attention of the Curator. Other arrangements should be made in advance with the Museum staff. Please keep in mind that the Museum cannot appraise items. Identification is free to members, non-members \$5.00 per item.

Membership

To join Heisey Collectors of America or to renew your membership, contact the HCA Administrative Office Monday through Friday 8:00 a.m. - 4:30 p.m. Eastern Time. Associate dues are \$30.00 plus \$5.00 for each additional household member. Voting members pay an additional one-time fee of \$25.00. Please consider supporting the Endowment Fund by joining at one of the levels listed on the back page.

Museum Gift Shop

There is always someone in the Gift Shop during the Museum's hours of operation to help answer questions or take orders. When ordering by phone, please have a credit card ready. When ordering by mail, please be sure to include appropriate charges such as shipping and sales tax. Please note that the HCA member discount does not apply to original Heisey or special project items.

Shipping and Receiving

Delivery is made much easier when we have a complete street address, not a PO Box. We prefer to use UPS. If you have not received a package, please call the Administrative Office to confirm it was sent. We will assist you in tracing it. If your package arrives damaged, please contact your local UPS representative. We insure everything.

Donations and Loans to the Museum

If you would like to make a donation to the Museum or have questions regarding items on loan, contact the Curator. HCA reserves the right to accept or refuse items based on current holdings.

MESSAGE FROM THE PRESIDENT

Dick Smith

“CONVENTION VOLUNTEERS NEEDED.” The convention co-chairs, Bryan Baker and Amy Jo Jones, are still looking for a study club or individual to volunteer to chair the following events: The Center Piece Auction at the banquet, The Blind Auction, and someone to run the HCA booth at the Glass Show Thursday, Friday, & Saturday. If you or your study club can help, please contact Bryan or Amy Jo (See article on page 16). Thank you in advance for your help.

We have had some reports of dealers and antique shops using HCA's U.S. Registered Trademarks without written permission AND not using the “R” within a circle to show that it is registered. Such use would be an infringement of the trademark of HCA and HCA could bring legal action for this trademark infringement. PLEASE BE AWARE THAT: #1 YOU SHOULD HAVE WRITTEN PERMISSION FROM HCA TO USE IT. #2 YOU MUST USE THE “R” WITHIN A CIRCLE TO SHOW THAT IT IS REGISTERED. If you see anyone using this without permission or NOT using “R” within a circle, please contact the Museum so action can be taken.

It has also been reported that someone is trying to sell the domain name of HeiseyGlass.com. This is trademark infringement per our attorney, and the Executive Committee voted to have our attorney pursue legal action to protect this trademark. These actions were not in the budget so we are accepting donations to help cover these costs. Send your check to the Museum and mark it Legal Fund. Your help will be appreciated.

A special Thank You to chairperson Dave Spahr and to all those who consigned glass, bought glass, and helped with the 2006 Benefit Auction. We had a constant rotation of volunteers during the auction, the clean up after the auction, and now packing the mail bidders glass. A BIG THANK YOU TO ALL. You made it happen.

The after auction action sales appeared good. I heard the food and drinks were great but the donations for them were poor. Thanks to the

Buckeye Heisey Collectors Club for putting this on for all to enjoy.

DO NOT FORGET THE HOLD BACK AUCTION IN LAST MONTH'S NEWSLETTER (and on page 19 of this issue). You still have time to get your bid in. Deadline is May 8, 4 p.m. Remember that this is a great way to help HCA and pick up something special at the same time.

The Nominating Committee came up with five great candidates for the Board of Directors. Their bio's start on page seven and three will be elected. If you need an absentee ballot, please contact Karen O'Hare, the HCA Secretary, in writing c/o HCA, 169 W. Church St. Newark, OH 43055. Full absentee voting procedures can be found on page 12 of the February 2006 Heisey News.

We are looking for a volunteer to set up and assist HCA with an E-bay account. This would be a great way for HCA to sell some of our overstock items. If you are interested, please contact me and we will go over some of the details. Karen Taylo has also agreed to put together some ideas about how this could work.

You can tell by this article that HCA is lacking volunteers. Most of the items listed can be done by someone out of state. This could be your chance to volunteer for HCA. HCA thanks you for your help.

Sympathies go out to the family of Willard Kolb who recently passed away and Mary Ann Spahr who recently lost her mother. We wish a speedy recovery to our clerk, Liz Moats, who is home recovering from surgery.

HAPPY HEISEY HUNTING
Until Next Month, DICK SMITH

PS: Don't forget to send in your Convention Registration. ♥

CURATOR'S REPORT

Walter Ludwig

“Tis May” as the poets say and everything is once again awakening. It is a glorious time of year with everything budding forth. If it were not for yard chores and the mowing, everything would be perfect.

The heating bills are once again low and it is too early to think of the air conditioning bills.

Here at Heisey headquarters we now have the Benefit Auction out of the way and we are going "full steam ahead" for "All Aboard the Heisey Express," our annual Convention here in Newark. If you have not sent in your registration, now is the time to do it. Events are coming together well and the show will be bigger than it has been in years. This is the one not to miss!

In response to the article last month on the various elephant handled mugs, I have heard from several of you about crystal and amber 1951A elephant handled mugs made by Imperial. Evidently a large group of these mugs recently surfaced and are now being sold on E-bay. These mugs are marked just like the Heisey ones with the Diamond H. The quality is no where near what you would expect of a Heisey product. The amber ones are much darker and not near as rich as the Sultana that Heisey produced these mugs in. Unless the product is guaranteed to be Heisey and you have full return privileges on the glass do not purchase these unless it is an Imperial product that you want.

Once again several articles in this Newsletter have been inspired by pieces that were brought to my attention by you, the readers of the Heisey News. This is much appreciated. Sharing of information makes us all better informed on the subject that is so important to us all, Heisey glass.

I want to bring to your attention three of the publications that are put out by our study clubs to educate their members. The National Capital Heisey Club has long published the Heisey Herald. The member in charge of the program for the month writes a detailed illustrated article on the topic. The research is always first rate and the article is always very interesting. For more information visit their website at www.capitalheiseyclub.org.

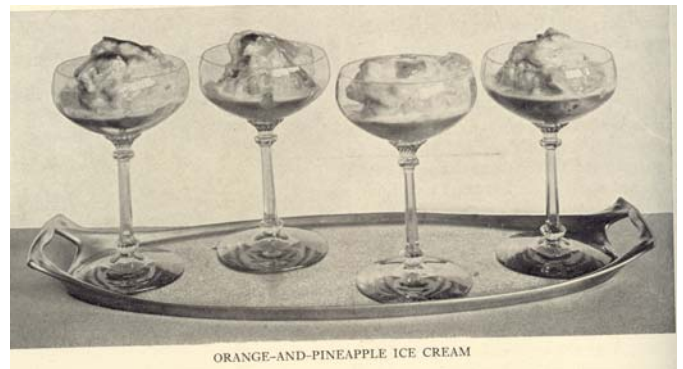

The newsletter of the Heisey Club of California, The Pony Express, has been around for many years and always was informative. But this club has taken a major step forward by now producing the newsletter electronically and expanding it to twice the size it was before. The electronic version is e-mailed each month to all of the club members who want it that way. A paper version is also produced but it is only through the electronic version that you get the full

color pictures. To join their organization visit www.heiseyclubca.org.

The North Carolina Heisey Study Group is now putting out a full color newsletter of their own. There is a published version with interesting Heisey articles. You can find out more about their club at www.northcarolinaheiseystudygroup.org.

I want to express my personal thanks to Jean Will who came here from Kansas for a week to volunteer in the Museum. This made possible the finishing of a long delayed project of cataloging over 100 items that had been donated to the Museum several years ago. This kind of dedication to the Museum is much appreciated.

I know you all are now scouring those newly opened outdoor markets for new and wonderful pieces of Heisey. If you look, you will find it.. ♥

Featured in Cook Book**

TIME FOR DESSERT

From the August-September 1930 issue of American Cookery comes this tempting dessert accompanied by an illustration serving the treat in four 3380 Old Dominion champagne glasses. Sahara would be the perfect color to show off this treat.

Orange-and-Pineapple Ice Cream

To one quart (four cups) of orange juice, add four cups of thin cream, one cup of crushed pineapple (canned), and one cup and one-half of sugar; freeze. (Do not try to use fresh pineapple; when added to cream before cooking a bitter flavor is the result.) When the ice cream is served, add a little orange marmalade as a decoration. ♥

CONTINENTAL STEMWARE

Joe Lokay

Continental was the sixth set in the ten stemware lines that Heisey started in 1898. There were five items offered in Continental that were given catalog numbers 835 to 839. The five items were the #835 ¾ oz. cordial, #836 2 oz. wine, #837 4 ½ oz. claret, #838 6 oz. champagne, and #839 10 oz. goblet. A copy of the Price List #60 (1902) is pictured with this article. There were only five items in each of the ten stemware lines Heisey introduced in 1898. Apparently, at that time, stems like cocktails, sherries, etc. were not part of the main line but were looked upon as extras.

The last price list to offer the Continental line was #120, circa 1906. However, the #839 10. Oz goblet was offered for three more years, and ended in 1909. The beginning of Continental was before the Diamond H, so the early pieces are unmarked. The later

pieces may be marked.

In 1903, Heisey came out with a major pattern line #339 called Continental. There were about 70 pieces in this pattern that included a 2 ½ oz. wine and a 8 oz. goblet. The 800 series Continental stemware was of its own design and had nothing to do with pattern #339. For comparison, the two goblets are pictured. Heisey in the late thirties introduced a blown stemware line, #5032 that was also named Continental. ♥

PLAIN STEMWARE

Joe Lokay

Plain was the seventh set in the ten stemware lines that Heisey started in 1898. There were five items offered in the Plain line. They were given catalog numbers, 840 to 844. The five items were the #840 1 oz. cordial, #841 2 ½ oz. wine, #842 4 ½ oz. claret, #843 6 oz. champagne, and #844 10 oz. goblet. Copies of the 1900 Price List and Price List #60 (1902) are pictured with this article. Price List #60 includes the word light with the pattern name. Light can refer to the weight of the stemware or maybe to the wall thickness of the stemware bowl. In one price list, the word straight was included with the goblet listing. Straight means it is not cupped or flared. The name Plain suits this stemware very well. You can not get the design any simpler or plainer than this.

The last Price List to offer the Plain stemware line was #120, circa 1906. Thus, production of Plain was for about nine years. The beginning of Plain

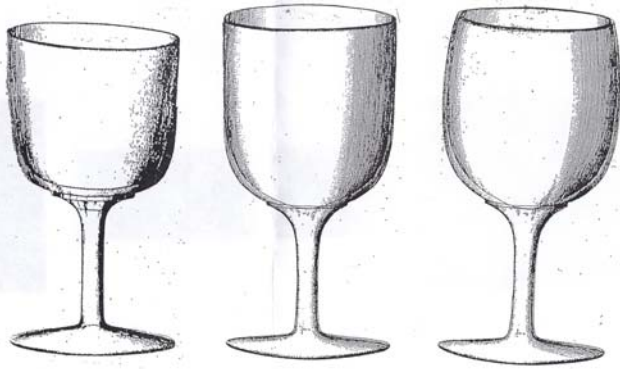

was before the Diamond H, so the early pieces are unmarked. The later pieces may be marked.

840, 1, Cordial	35	28	100	100	21

Pictured in Heisey Catalog #75 (1913) was a goblet that, to me, looked like the Plain goblet. It had catalog number 707. See the picture of the two goblets and tell me what you think. The 844 bowl does look shorter, but is that an artist's rendering as the goblets have the same 10 oz capacity? So, I decided to do some research on #707. Goblet 707 was also started in 1898. It was listed as goblet 707 straight. Next to it was goblet 708 that was goblet 707 cupped. The two goblets, 707 and 708, are shown in Heisey price lists up to and including Price list #205 (circa 1919). Numbers 707 and 708 were discontinued in the early 1920s. Thus, their production was for about 23 years. ♥

964 Maryland Brochure Back

Maryland cutting was introduced in 1941 and had one of the longer runs for a production cutting of Heisey's. It was still being produced at the end of 1957 when the factory closed. Imperial Glass Company continued the pattern when they acquired the assets of the Heisey company producing nine stemmed items in the 5024 Oxford line from September of 1959 until January of 1964.

As the brochure indicated, Heisey offered it on a wide variety of pieces, almost 60 items are listed in catalogs and price lists as being available with Maryland cutting. The 2351 Newton barware line is more commonly found but it was also offered in the 2355 Cloverleaf line. The hurricanes referred to in the brochure are the 1489 Puritan hurricane blocks with 4061 shades. Among the bar bottles available is the 4037 Clarence oval sherry decanter.

964 Maryland is relatively easy to find on the 5024 Oxford line today and makes a beautiful table setting. Consider it the next time you are looking for a gift in Heisey to give to newlyweds; it will be treasured for a long time to come. ♥

2006 CANDIDATES FOR THE HCA BOARD OF DIRECTORS

Following is the slate of candidates as presented at the HCA general membership meeting Saturday, April 1. A total of three will be elected. **Absentee ballots should be requested from the Museum by June 15, 2006, to ensure enough time for the June election.** Ballots can be requested **NOW**. Send a SASE for a ballot to HCA Ballot, 169 W. Church St, Newark, OH 43055. For complete absentee voting procedures, see Heisey News, February 2006, page 12.

Phyllis Deal

As a Heisey collector for 35 years and a dealer in antiques (including Heisey) for 30 years, I would bring a strong knowledge of Heisey glass to a position on the board of HCA.

My interest in HCA is reflected by my assistance in marketing the annual Convention for the past several

years. Bringing a fresh, “outside the box” viewpoint has resulted in many new ideas for spreading the word, such as billboards sponsored by local banks, community business donations supporting the Convention and PR pieces going to out of town locations.

I believe that my background as chair of a county Human Relations Commission, more than 25 years experience in contracts management, and an outspoken advocate for innovative and creative methods of making HCA more widely known and attractive to a new group of collectors would enable me to be a more effective HCA board member. ♥

SUE KILGORE

I have been a Heisey collector and lover since meeting my husband, Dan, and “catching” this obsession from him. That was 36 years ago this March. Our first Christmas as a married couple, I gave him our first Colonial punch bowl on stand with several punch cups, which I purchased with the cash value of a life insurance policy my dad had given to me. Dan was so excited to receive it, but I was more excited to give it. We have been members of HCA and the Heisey Collectors Club of Michigan for over 25 years. I have held the office of club treasurer and am now the president. Heisey is one of our greatest shared loves, right up there with our six grandchildren.

I believe that the HCA is a fantastic organization. It still has a lot of growing to do and needs all of the help that each of us can give. We do, however, need to reach beyond the membership for more help. Each member can be a walking, talking billboard for the HCA. We need to spread the word about the wonderful American made product that Heisey produced and that it can still be found, used, loved and passed on to the next generation.

Knowledge is everything.....let’s spread it around!!!!!!!!!!!! ♥

Rusty Kohler

I was born in San Antonio, Texas and currently reside in Elgin, Texas. I attended schools in Austin after my family moved from San Antonio and graduated from Southwest Texas State University,

now Texas State University, in 1979. My wife, Kay, and I have been married for a bit over 32 years. We have 2 kids – Michelle and David, who’s is married to Carol and they have 2 children, Garrett {20} and Emmalee {10}.

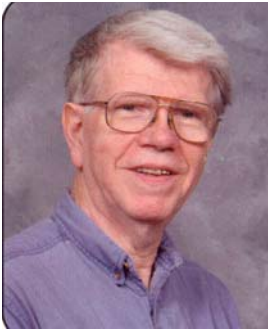

I retired in 1996 from the Austin Police Department after 25 years and have been a deputy with Bastrop County Sheriff’s Office, after failing retirement – ask Kay, for the past 9 years. I served my country in Vietnam 1967-1969, as a military policeman which spurred my entering law enforcement.

Kay and I have been collecting ‘stuff’ for many years which led us to Heisey over 10 years ago. As you all know, you just can’t have one piece of Heisey – you need a bunch! Once our whistles were wetted, we just had to keep coming back to Newark. Our collection, which continues to grow, is a mixture of colors and patterns. My personal favorite is Plantation and, more recently, vases. Almost all of our collection is on display throughout our home. Pretty soon I’ll have to add a wing on to the house.

I’ve served on the Board of the Central Texas Crime Prevention Association and the parent organization Texas C.P.A. in various positions from president to treasurer. I’ve also served on the boards of the Retired Senior Volunteer Program and Capital Area Security Council. My commitment to the seniors of our community now extends to the SALT/Triad Council which is seniors & law enforcement partnerships.

The wonderful people we’ve met thru Heisey never ceases to amaze us. The desire to learn so much about Heisey’s history, as well as treasure the beautiful pieces made, is to be admired. Every time I open a book, catalog, or older Heisey News, I learn something new. I was asked to do a security survey for HCA a couple of years ago of the Heisey Museum and learned even more. Keeping those who visit and work in the Museum safe, and every piece of glass secure, is very important to me. I know the distance might present a few problems, but I feel I have a lot to contribute and will be honored to serve on the Heisey Board of Directors. ♥

Jack Metcalf

Jack is a long time member of the Heisey Collectors of America, Inc. He has formerly served on the Board and as Treasurer and Vice President of the organization. He has been a member of the Research and Archives Committee, the Benefit Auction Committee, the Project Committee, and the Heisey Convention Committee. He has chaired the Heisey Glass Show and served briefly on the "Stump the Dummies" panel.

Jack says that he was sort of a general accumulator of Heisey until his study group volunteered to do a candlestick display for a June Convention. After buying about a dozen pairs for the display he became hooked, subsequently writing a series of articles in the Heisey News. More recently he has become a collector of Heisey cruets and Heisey ephemera.

Having retired from active teaching at COTC on the Newark Campus, a renewed interest in collecting has been kindled. Jack is currently a member of the Buckeye Heisey Collectors Club. He sees the continued support of the endowment fund and a strengthening of the membership base as two of the important current issues facing HCA. ♥

Dave Spahr

Dave Spahr is seeking his second term as a member of the HCA Board. He has been in a leadership role each of his four years serving HCA - the first year as Board Vice President and the last three years as Board Treasurer. Dave has finished his fourth year as Benefit Auction Chair and chaired the first Select Auction

HCA held last year. He also has served as chair of the budget committee and on the endowment committee each of those years on the Board. He has been an HCA member since 1994.

Dave has enjoyed learning about Heisey glass as an active member of the Dayton Study Club which meets near his home in Xenia, Ohio. He and his

wife Mary Ann, also quite an active HCA member, collect Heisey spooners and the pattern Crystolite as well as small but growing numbers of individual creamers and sugars, tumblers, and nappies!

Now retired from public service as City Manager in Xenia, Ohio, Dave has continued his volunteer service at his church currently serving on the Finance committee after ten years in other leadership roles, serves as Board Treasurer on the Greene County (Ohio) Council on Aging, volunteers weekly at the area county hospital, and recently completed seventeen years of service as a Rotarian. After receiving his Bachelors in Civil Engineering from Ohio State University, he served his country as a Navy Lieutenant at the Naval Base in Guantanamo Bay, Cuba. Dave also holds an MBA degree with an emphasis on Finance from Wright State University.

If reelected to the HCA Board, Dave will continue to apply his leadership skills and expertise on an excellent Board of Directors. He will continue to help HCA find ways to maintain it's financial solvency and work to increase membership and build stronger relationships with other glass associations. Dave believes there is a need to stimulate and rejuvenate our membership so they are excited about finding and collecting Heisey glass. He believes HCA's future depends on finding and educating a new generation of collectors and dealers about the beauty of elegant glass including Heisey glass. This can be done by providing stronger support to study club efforts as well as building and strengthening HCA library and archives.

Dave would appreciate your continued support and consideration. ♥

TREASURER'S REPORT - FIRST QUARTER 2006

Dave Spahr

You will find the 2006 Budget vs. Actual Report through March 31, 2006 on page 11 in this Newsletter. Basically, for the first quarter of 2006, we have not met projected levels and fortunately expenses have not been as high as projected.

Our revenues have lagged behind the norm. With twenty-five percent (25%) of the year completed, we have received 15.87% of our revenue. Please note only a negative amount is shown for the benefit auction since we have incurred costs but no auction revenue since it just occurred March 31-April 1. The auction should give our finances a much needed boost, however we do not know if our net income from the auction will meet budget projections. Of real concern is our Museum shop sales that are lagging well behind projections. We need to increase our offerings with new stock (and Heisey donations) and other products. We reduced inventory and purchases in the last year and are now feeling the results of those needed actions. Please also note our special project income is lagging well behind our budgeted revenues - we have none planned and need your help to come up with ideas! Please contact any Board member. We have transferred from last year's endowment fund earned income (less fees) into our operating funds \$15,000 and placed another \$10,000 in our interest bearing money market account for use later in the year.

Our expenses, with twenty-five percent (25%) of the year completed, are less, or 20.38% of our anticipated yearly amount. Nothing really unusual has occurred and, as usual, we have paid the semiannual property insurance premium this quarter. We are paying necessary bills and watching every dollar spent.

On balance, the overall picture hasn't markedly changed or improved from the last two years. We need increased revenues to sustain our operating budget. New special projects, a financially successful Convention, and select auction are a must for us.

The HCA Endowment fund balance has grown to \$2,027,124.43 as of March 31, a new high and a

\$56,068.67 increase from the 2005 year-end total of \$1,971,055.76. We have deposited \$3,115 in the first quarter and drawn down \$25,000 of last year's earned income (less fees). The endowment fund had a first quarter consistent with market indices over the period and gained approximately 3.95% in value, not considering our deposit into the fund.

If you have any questions about this report, I will be happy to answer them and listen to your ideas. If you have any fund-raising ideas, please contact me or any Board member. You can reach me by telephone (937-372-7166) or by e-mail (masdgs@aol.com). ♥

2006 SECOND ANNUAL SELECT AUCTION

Dave Spahr

We hope you have already sent in your **LIST** to the museum for the Select Auction to be held in early September. If you haven't there is still time! Hopefully you have decided which special pieces you are prepared to list for the auction. We have again included a select auction glass list in this newsletter for you to use (or copy) to submit your glass. We would be most happy to receive donated glass for this auction - place a "D" beside any lot you

BENEFIT AUCTION WRAP-UP

Dave Spahr, Auction Chair

I hope all who went to the 33rd annual Benefit Auction got some special treasures and had a great time! Our March 31-April 1 auction again held at Apple Tree Auction Center was well attended with many nice purchases available. The auction was over in good time and gave folks time to look over and purchase some Heisey from the ten plus dealers at the After Auction Madness affair headed by Michael Maher for the Buckeye Heisey Collectors Club. Thanks again to the club for providing snacks and refreshments for all who stayed.

At press time, the numbers are not in, so I cannot report how we came out financially. Our auction was a little larger than last year, so hopefully we will gross about the same! I will report how we did in the treasurer's report at a later date.

It was again my distinct pleasure and honor to serve as auction chair. I want to thank, on behalf of HCA and the Board of Directors and staff, the small army of volunteers who cheerfully work to help make this auction successful and HCA's largest yearly fundraiser. I have listed all who helped in a separate block. If you helped and aren't listed, I apologize.

Many of these 34 volunteers began helping in January cataloging glass and many continued to volunteer before, during, and after the auction. We had great help again this year, but I would like to challenge all members to come forward and volunteer. We like to keep the work times to one or two hour stints and the more we have helping the easier it is on all. We can particularly use help AFTER the auction in clean-up policing the area (in folding tables, collecting and stacking chairs, etc.) and the following week at the Museum in wrapping for shipping glass purchased by absentee bidders.

I would like to give special kudos to the following: to Dick Marsh who helped in all phases of the auction

doing the things which needed done without being asked and to Joe Harner who again served as my capable right hand and kept me on task and worked tirelessly throughout. Three other groups should be lauded: 1) the Heisey Collectors Club of Michigan who donated many fine pieces of glass for auction for the benefit of HCA (hopefully more will do this in the future), 2) Sam Schnaidt and the employees of the auction center who always make us feel welcome and at home, and 3) the members of the Dayton Area Heisey Collectors Club who stepped forward in a big way to fill in any volunteer gaps we had so the auction would be successful. Finally, thanks to all who consigned some wonderful glass this year and to all who purchased that glass!

See all of you at the Convention in June - until then-Happy Heisey Hunting!! ♥

Planning for Convention 2006

Aboard the Heisey Express!

Amy Jo Jones, Co-Conductor

It has been observed people come to Newark during Convention week but do not register for the activities. Can it be? This month is one of the last chances to plan for the Convention by filling out the registration form fully and getting aboard the Heisey Express! So, come and join the festivities! To truly experience the full magic of Convention, fill out the registration form for every event. We have left a space just for you.

However, the week is not just about the buying and collecting of glass, it is also about the friends made and the building of memories. Think of it; even if you have never come to Convention, when you do, you instantly have something in common with the people you meet? We all speak the same language the entire week!

More importantly, it is all about supporting our Museum. That's right, *our* Museum. It is owned and operated by all HCA members. There is no better way to get to know the Museum and fellow members than to come to Convention. From the seminars, to the "fun"-raisers such as the Blind Auction, the Centerpiece Banquet, and the Show, all benefit the Museum in their own way and make it stronger for the future.

There are two times throughout the year when the Museum is truly magical; one is Convention week and the other at Christmas. No! Make that three, during the crisp autumn days it is delightful to see the courtyard at its full glory. Come and decide for yourself when your favorite time is at the Museum. I think you will agree that anytime is the best time to enjoy our Museum. Sign up for the "Full Package" aboard the Heisey Express today! ♥

The Convention Committee Needs You!

Amy Jo Jones

You know the saying "It takes a village?" Well, the "village" planning the Convention has shrunk in Newark over the years and now pulls from the entire

state of Ohio and beyond. Still, we *urgently* need you! And these are the areas:

- HCA booth at the show ~ In the past a study club has sponsored the booth at the show by providing people during different intervals to provide information about HCA (and the convention), membership recruitment, and the selling of Museum shop merchandise. This is a great club project for one or more clubs to share hours or days.
- The Blind Auction ~ A free event this year for all registered, the Blind Auction has become one of the most well attended of all events. Won't you help us by volunteering to host? We can all pitch in, but we need a Heisey Engineer. (Comes with the blue striped hat! What could be better?). Let's make it the best Blind Auction yet to benefit the Museum.
- Centerpiece Banquet ~ The plans are made, menu set, speaker booked. We need a group of Heisey Conductors to see that it all comes together. Secondly, we need centerpieces for the tables! Can you or your club donate one? All proceeds benefit our museum.
- Don't forget those goodies for Hospitality! (Donations are gratefully accepted for incidentals). We have several tables to fill with delightful treats for all that drop by for a chat and a snack to fortify themselves for what is to come!
- The Heisey Observation Car needs displays either table or themed. We have one promise of a beautiful table display of Titania etch. When was the last time you saw that? But we still need more. Contact Marilyn Smith 740-366-5163 or prestonmom@adelphia.net.

Sadly, we have had to postpone the car show. We hope to have it later in the year. Watch for details!

Contact Bryan Baker 703-250-6117 or bbaker@mitretek.org, or Amy Jo Jones 937-426-1567 or ajjones935@aol.com today! ♥

HOLDBACK SILENT AUCTION

The following are some items that were donated to the Museum.

Holdback Silent Auction closes Monday, May 8 at 4:00 p.m. EST. Forms must be received in the HCA Business Office by the closing date and time. There are no reserves, but just like eBay, there will be a modest minimum first bid.

Bids will be accepted by mail, drop off, fax to 740.345.9638, and e-mail to business@heiseymuseum.org. All bids will be sealed and date-stamped with the highest bid winning. In the case of a tie, the earliest date-stamped bid wins. All bids will be competitively bid. Payment, including shipping and insurance, will not be requested until after the auction. Once a bid is placed, it cannot be withdrawn.

All items are on display at the Museum and will remain there throughout the auction.

Winning bidders will be notified within seven days after the auction and the amounts of the winning bids will be published in a future issue of the *Heisey News*.

Markings Key Items listed as "46 of 275" refer to the production run of numbered special projects.

353 MEDIUM FLAT PANEL VASES WITH A TWIST

Walter Ludwig

Recently, one of our members sent me a picture that really blew me away. He had read my article in the March 2006 Newsletter about the 436 vases that had the twist in them. He found it interesting because he had three vases that also had twists in them but they were not the 436; instead they were the 353 Medium Flat Panel trumpet vases that we are all so familiar with. His picture showed three different size vases all of which show a marked twist in them just above the stem.

My impression was that these vases must have come out of the factory about the same time that the 436 vases were being produced. There is a distinct possibility that Heisey had a glass worker who was very adept in successfully producing these items with a twist. The 353 pieces may have been made to see how successfully they could be done but probably because of production difficulty they were never put into the line. These tall vases would have been very difficult to keep straight after they had been put through the additional step of twisting when just out of the mold and still super hot. But the items certainly take on an added beauty as can be seen from the picture.

353 Medium Flat Panel Vases with a Twist

A few years ago a 433 Greek Key straw jar surfaced which had its body twisted. No doubt a product from this same worker.

Although the individual who sent in the picture lived far from Newark, I suspected there was a factory connection. When I inquired he stated that his family lived in the East end of Newark near the factory, but he knew of no factory workers in the family. But he did know that there was a set of prized stemware (3404 Spanish with 789 Aberdeen cutting) in the family that had been presented to his father because he serviced Gus' car. The era for this gift would have been much later than the time of production of the vases so we do not know the full story of these vases, but we have another tale of the way the Heisey family used glass to honor those they were close to. ♥

2006 SECOND ANNUAL SELECT AUCTION (Continued from page 10)

wish to donate! **Again, at this time send no glass, just a list!** You have until **May 15** to get your list of up to forty lots to us! We hope our selection committee will have a difficult time selecting the estimated two hundred lots for this special select auction!

As mentioned last month, we will notify each consignor of the glass selected soon after June 1. We have established this date so you can bring the glass with you to convention and save on shipping costs and potential breakage. We will publish a deadline later for the submission of the glass for the auction. As of now, we don't know where the auction will be held or who will be conducting it. When we know more, we will let you know.

We hope to have an auction of very nice pieces, very rare to those quite common and affordable. We will choose only Heisey glass - no HCA reproductions or Heisey by Imperial. The selection committee has been instructed to accept no damaged or otherwise flawed glass. The consignment fee will be 20% per lot with a minimum per lot fee of \$5.00 for any lot which sells for under \$25.00.

Please continue to watch for more information about this auction in subsequent newsletters. If you have any questions, please call, write, or email Dave Spahr at masdgs@aol.com or (937)-372-7166. ♥

LARIAT – SOMETHING NEW

Walter Ludwig

During the Benefit Auction one of our members approached me and said they had something unusual to show me. It had been purchased many years ago in a little shop that was located opposite the Museum on Church Street. The shop has not been there at least since the early eighties.

The goblet is obviously part of the Lariat line because it has a loop stem. The difference is that this loop is much larger than the loop that is usually seen on 5040 Lariat stemware. The loop is not as big as the one that forms the stem of the covered footed comport or the covered urn.

The goblet has one other major difference with the 5040 stemware and that is the bowl shape. The bowl on this goblet appears to be the bowl from the 3404 Spanish line complete with wide optic. It is possible that the bowl on this piece has been shortened since it was originally made.

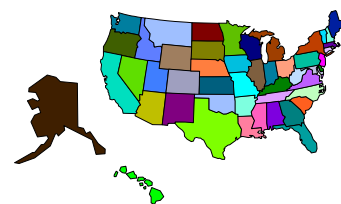

Several pieces of the pressed stemware in 1540 Lariat was introduced at the same time that the pattern was introduced in 1942 with a few more pieces added in 1943. But, the blown 5040 line was not introduced until 1947. It is quite possible that introduction of the blown stem line was held up because of the war and the lack of

experienced workers to make the pieces. This would have given Heisey designer, Horace King, time to experiment with the line and even produce more than one prototype before production started. It is very possible this design was rejected in favor of the 5040 stemware we see today.

Thanks to the generosity of one of our members this stem is now on loan to the Museum and can be seen in the new acquisition case just to the left of the entrance to the Museum.

CLUB NOTES

Golden Gate Heisey Collectors Club *Lynn Imsdahl*

Our last meeting was held at Fran and Russ Shield's in Elk Grove, CA, on February 4. Fran had all her Christmas decorations still out for us. It is really something to see! We do appreciate all her hard work. It was our annual pirate gift exchange and lots of stealing went on. Great fun was had by all. The raffle prize, a 1405 Ipswich oyster cocktail, was won by Larry Hamilton.

The next meeting will be held at Kacy Lumsden and Steve Butts' home in Sparks, NV, on Saturday, June 10, 2006, at 1 p.m. They have an extensive collection of 1503 Crystolite that I am sure we all will enjoy.

The annual election of officers was held. Bob Kneass will remain VP, Lee Jones – Treasurer, Russ Nicholas – Secretary, and I will be handing over the Presidency to Gail Rogers.

Show and Tell brought out many outstanding pieces of Heisey including: 5040 Lariat low cordial, 411 Tudor bar with unknown cutting, 394 Narrow Flute oil and vinegar with a Moongleam stopper, 517 tumble up jug with tumbler both with a lovely cutting, 4036 ½ Marshall decanter with 941 Barcelona cutting, 1401 Empress ashtray in Flamingo, 3308 Bob White cordial with 366 Peacock etch, and a 150 Banded Flute cake salver.

Heisey Club of California *Bill Brakemeyer*

Our thanks to Doug and Steve Sandeman for hosting our March meeting so graciously and sharing their beautiful Heisey collection. We had the opportunity to hear Gene Moenning's very informative program on Heisey doorknobs, auto headlamp lenses, lampshades, shoe displays, shelf

supports, and other unique items – and see many real examples along with Gene’s printed guide. HCC is so fortunate to be able to provide educational programs month after month, organized and presented by our own knowledgeable members. Gail Pierce kindly shared information about Convention hotel reservations and we greeted guest Marthe Lawton.

April brings our own annual benefit for Heisey Collectors of America. Carolyn and Dan Felger will be our hosts at their lovely home at Lake Sherwood in Thousand Oaks. Members attending will bring a delectable casserole, vegetable, salad or fruit to share. Gordon is preparing the donated items for the auction and a list appears in the current issue of the Pony Express. There may be a few late donations brought to the auction, so be ready to ‘feast your eyes,’ add to your own collection or pick up gifts for Mother’s Day, Father’s Day and birthdays. This year, we will have a donation box for those who would prefer to contribute money that will be given to HCA by Carolyn at the June Convention. We will also select the \$150 item that HCC will provide for the Convention auction, and we have a number of great items to choose from.

Great Plains Heisey Club
Mary Cameron

Seventeen members attended the Great Plains Heisey Club meeting in Omaha at the home of John and Trudy Mock on April 8, 2006. It was a beautiful spring day and we started the meeting with a wonderful salad lunch. President Bucky Will called the meeting to order at 1:50 p.m. This was an amazing start due to the great food and everyone admiring the remodeling the Mocks did over the winter.

The May 13 meeting is at Jean Will’s home in Leavenworth, KS and the program will be on Heisey colors. Mary Cameron will send out more information about the meeting closer to the date.

Jean gave a short report about the week she spent in Newark in late March. She also mentioned that it appears there will be no glass show at the church this year.

Kathy and Tom Files and Bucky Will also shared their experiences about attending the National

Capital Heisey Club All-Heisey Show at Gaithersburg, MD.

Next on the agenda was discussion about the Percy Moore dinner that the Great Plains Heisey Club is hosting on October 20 and 21. Most activities have been set with individual club member duties to be determined as we get closer to the event. Dick Marsh has agreed to talk about Percy Moore at the dinner. Pat and Rex will host a brunch at their house on Saturday morning for those registered for the dinner.

Marcia Philbrick gave the program on Heisey cruets and did a fantastic job.

Show and Tell followed with: Prison Stripe toothpick; Puritan footed toothpick (we actually had two of these at Show and Tell); Simplicity candlesticks; Banded Flute sugar sifter with a cutting; Fancy Loop rose bowl; Old Sandwich round cream and sugar; Block Five candleholder; Narrow Flute domino sugar; Crystolite 11” shell salad with mayo compartment; Crystolite footed candy with cover; Banded Picket Moongleam basket with cutting; 5023 Continental 11 oz goblets with 939 Festoon Wreath Cutting; Old Williamsburg 2 oz wine; Priscilla cruet with cutting and gold trim; Peerless catsup bottle; Plantation ¼ lb. butter with cover; Tudor cream with Moongleam handle and much, much more. ♥

FRANKLY RHYMING

Frank Husted

As part of a fund-raising effort, Dr. Husted has agreed to create limericks, like the one below, for HCA members based on the pattern(s) of their choice. A donation to HCA would be appreciated for each limerick created. If you would like to learn more about this fund-raising project, you may contact Dr. Frank Husted by phone at (610) 469-1243 or via e-mail to frankly.me@comcast.net.
